Prolife Christians Heroes For The Preborn:

The Right-to-Life Movement, the Reagan Administration, and the Politics of Abortion Prudence Flowers, 2018-11-03 This book offers a political ideological and social history of the national right to life movement in the 1980s under President Ronald Reagan It analyzes anti abortion engagement with the legislative judicial and executive branches and offers what is frequently a narrative of disappointment and factionalism The chapters explore pro life responses to Supreme Court vacancies attempts to pass a constitutional amendment and broader legislative and bureaucratic strategies including successful campaigns against international and domestic family planning programs The book suggests that the 1980s transformed the anti abortion cause limiting the types of ideas and approaches possible at a national level Although the movement later claimed Reagan as a pro life hero while he was President right to lifers continuously struggled with the gap between his words and deeds They also had a fraught relationship with the broader Republican Party This book charts the political education of right to lifers offering insights into social movement activism and conservatism in the late twentieth century

Souls, Bodies, Spirits Kerry N. Jacoby, 1998-04-23 Jacoby provides a comprehensive social history of the abortion abolition campaign from its beginnings following Roe v Wade through the 1996 elections She explores the abortion abolition effort historically sociologically theologically and politically arguing for a deepened understanding of American abortion opponents The history of the abortion abolition effort in America is examined through three different approaches to the understanding of collective behavior Beginning with the immediate post Roe period the movement is explored as a Catholic moral crusade and Jacoby analyzes why Catholic Americans were particularly prone to such activity as well as why otherwise theologically compatible Protestants were not She then examines the effort as a major social movement beginning around 1980 Finally the late 1980s development of direct action activity most notably in the form of Operation Rescue is viewed in light of its connection to the theology and expectations of religious revivalism In her conclusions Jacoby provides a new model for understanding faith based political action Students teachers and the general public will find this book a thorough comprehensive and accessible examination of the movement

The Rhetoric of Operation Rescue Mark Allan Steiner, 2006-05-12 A close look at the rhetoric of Operation Rescue

The Smoke of Satan Michael W. Cuneo, 1999-10-22 A provocative study in contemporary sociology and the first full scale account of Roman Catholic fundamentalism The Smoke of Satan offers new insight into the Catholic Church and explores the nature of religion in society

Being Right Mary Jo Weaver, R. Scott Appleby, 1995 Being Right is a significant book and a good read for anyone seriously interested in contemporary American religion Nova Religio It will be very useful to historians challenging to theologians and indispensable to anyone trying to make sense of the bewildering variety of Catholic presence in the contemporary United States American Catholic Studies Newsletter Being Right maps the mental universe of this

internally diverse group and offers basic insight into how they see things The Reader s Review Editors Mary Jo Weaver and R Scott Appleby and their collaborators immerse us in a roiling sea of contested assertion and testimony First Things An in depth look at these groups both as they see themselves and as they appear to trained scholars David J O Brien College of Holy Cross Compliments must be given to Weaver and Appleby who were able to recruit a distinguished yet impassioned group of essayists for this work Journal of Church and State Whether they focus their criticism on pro choice rhetoric and artificial birth control or the removal of religious symbols from public squares the Catholics profiled in this book agree that the contemporary church is in crisis

Beyond Abortion Suzanne M. Rini,1993 The author documents the experiments taking place on human infants scheduled for abortion the removal of organs and body tissue from still living fetal infants and the live harvesting of their organs for the use of others The book shows that these activities are becoming increasingly accepted by doctors and researchers today and are going on quietly with almost no restriction Author explains how genetic screening is used to push selective abortion of the genetically inferior

Killing for Life Carol Mason,2018-08-06 How can those who seek to protect the right to life defend assassination in the name of saving lives Carol Mason investigates this seeming paradox by examining pro life literature both archival material and writings from the front lines of the conflict Her analysis reveals the apocalyptic thread that is the ideological link between established anti abortion organizations and the more shadowy pro life terrorists who subject clinic workers to anthrax scares bombs and bullets The portrayal of abortion as America s Armageddon began in the 1960s In the 1970s Mason says Christian politics and the post Vietnam paramilitary culture popularized the idea that legal abortion is a harbinger of apocalypse By the 1990s Mason asserts even the movement s mainstream had taken up the call narrating abortion as an apocalyptic battle between so called Christian and anti Christian forces Pro life violence of the 1990s signaled a move away from protest and toward retribution she writes Pro life retribution is seen as a way to restore the order of God In this light the phenomenon of killing for life is revealed not as an oxymoron but as a logical consistency and a political manifestation of religious retribution Mason s scrutiny of primary sources direct mail internal memoranda personal letters underground manuals and pro life films magazines and novels draws attention to elements of pro life millennialism Killing for Life is a powerful indictment of pro life ideology as a coherent mass produced narrative that does not merely condone violence but anticipates it as part of God s plan

US-Christians-for-Wars V.C. Thomas,2013-08 This is a compilation of articles found on the Internet which looks at who is mainly responsible for terrorism death destruction and genocide around the world today Based on the numbers killed in Asia the Middle East the United States of America is responsible for terrorism and genocide on a colossal scale Ground war with modern weapons and aerial bombing 4 years in Korea 10 years in Vietnam 10 years each in Iraq Afghanistan is terrorism resulting in the deaths of millions In wars before WWI the combatants could see who they were killing US aerial bombing since WWII involves no risks to the US military while terrorizing killing innocent civilians and destroying cities the suicide bombing by a few Muslims

youths get a lot of publicity in the US so this document concentrates on the atrocities of Jews and so called Evangelical Christian Right in the US Jews Christians and Muslims believe in the same God described in the Old Testament Bible OTB by God himself the Bible is the Word of God as a petty retarded vindictive genocidal maniac Israel was created in 1948 by Eastern European Jews converts to Judaism 1 000 years ago with no Semitic genetic or ancestral connection to Palestine because of the Holocaust in Europe It was created by eradicating Palestinians from their ancestral homeland by armed robbery genocide Palestinians had nothing to do with the Holocaust the most zealous supporters of US wars since WWII particularly on behalf of Israel created in 1948 are the Right Wing Evangelical Fundamentalist Conservative Christians RWEFCC In the 1950s and 1960s the evil enemy Satan Anti Christ was communism When communism disappeared the RWEFCC switched to condemning hating attacking the evil Muslims RWEFCC people believe that once Palestine Palestinians have been eradicated and replaced with God s new only chosen people of Eastern European origin Armageddon the end of the world and the Second Coming of Christ are imminent They ignore the spiritual message of Christ the moral and ethical justification by Zionists Christians for creating Israel by armed robbery and mass murder in 1948 is the Old Testament Bible OTB and Revelations in the New Testament Bible NTB It is supposed to be fulfillment of Biblical prophecy the Old Testament Bible OTB is historical mythology and teaches hatred cruelty murder genocide sexism homophobia racism Revelations is ridiculous science horror fiction by primitive ignorant people of ancient times It is nearly impossible for a politician to get elected to office in the US Bible Belt today without the support of Zionist Christians and if they do not affirm that they also worship Jews as God s only chosen people and Israel as a country created by God Consistently Pro-Life Rob Arner,2010-07-01 Consistently Pro Life is a book about killing Specifically it takes up the question of when and under what circumstances is it morally justifiable for a Christian to take human life The murder of abortionist Dr George Tiller on Pentecost Sunday 2009 reignited the national debate over abortion by focusing attention on the seeming hypocrisy of those who would kill to defend life But many times those who would condemn the killing of Dr Tiller would readily justify the killing of human beings in other circumstances This leads to the question What basis do we have to judge a specific act of violence as morally good or ethically justifiable in light of the gospel of Jesus Christ Rob Arner explores these issues and argues that the deliberate killing of any human being is incompatible with the moral life of a follower of Jesus Readers will discover in the witness of the ancient Christian church an example of how modern Christians might consistently apply gospel precepts toward questions of the taking of human life Through a new taxonomy that categorizes the ancient Christian witnesses according to individual issues such as abortion infanticide killing in war and the bloody Roman games Consistently Pro Life demonstrates that the early church consistently opposed the killing of human persons and suggests that the discipline and moral clarity of the ancient Christians on issues of violence can show us a new way forward in a time of polarizing culture wars *Do I Stay Christian?* Brian D. there have been many defenders of the faith David Hernandez shows how these religions have infinitely caused more damage to man than any good they have ever been credited for having done This is what he calls the Curse of the Christ Myth which derives from the big lie as propounded by the inventors of the Christ Myth who battled as fiercely among themselves as they did against their detractors or non believers These include everyone from the Jews to the Pagans to the Gnostics to the heretics and any form of infidels in an effort to establish their true religions Subject Guide to Books in Print ,1997

Prolife Feminism Linda Naranjo-Huebl,Rachel MacNair,Rachel M. MacNair,2006-01-20 We need a new way of seeing Jennifer Ferguson South African musician Former MP African National Congress Is abortion on demand a woman s right or a wrong inflicted on women Is it a mark of liberation or a sign that women are not yet free From Anglo Irish writer Mary Wollstonecraft to Kenyan environmentalist and 2004 Nobel Peace Prize laureate Wangari Maathai many eighteenth through twenty first century feminists have opposed it as violence against fetal lives arising from violence against female lives This more inclusive surprisingly old but new vision of reproductive choice is called prolife feminism This book s original edition in 1995 offered brilliant essays on abortion and related social justice issues by the likes of suffragists Susan B Anthony and Elizabeth Cady Stanton and civil rights leader Fannie Lou Hamer A decade of activism and research since has made this second greatly expanded second edition necessary It not only documents the continuing evolution of prolife feminism worldwide but more accurately represents the rich diversity of past and present women and men who have stood up for both mother and child It thus is a vital unique resource for peacemaking in the increasingly globalized abortion war Is the Fetus a Person? Jean Reith Schroedel,2000 As much a model for future research as a study of the status of the fetus this book offers an examination of one of the most divisive and complex issues of American life BOOK JACKET *Everyday Ecofascism* Alexander Menrisky,2025-05-06 A timely look into how fascist ideas permeate contemporary culture well beyond the far right As challenges posed by climate change have intensified in the twenty first century right wing figures in the United States and abroad have increasingly framed anti immigrant anti Indigenous and white supremacist sentiments in terms of environmental survival Everyday Ecofascism explores the insidious nature of this tendency revealing how permutations of these perspectives in fact resonate across the political spectrum Drawing on comparative studies of fascism writ large Alexander Menrisky demonstrates that ecofascism is best understood not as a uniquely right wing ideology but as a political genre that reinforces white supremacy and other forms of domination Presenting a view of fascism as a complex power network that plays out on scales both large and small Menrisky shows how extremist sentiments have crept into everyday language stories and ideas Through a literary and cultural studies lens he illuminates ecofascism s narrative patterns and their easy permeation of environmentalist discourses from back to the land movements to the resurgence of psychedelic drugs food localism and pandemic politics Opposite his analysis of ecofascism in action Menrisky sheds important light on narrative resistances to dominant conceptions of race nation and territory by Native queer and women of color writers who have

countered ethnonationalism for generations Bridging past and present Menrisky powerfully nails down the emergent concept of ecofascism and forms a basis for understanding phenomena like Covid 19 ecological utopianism and psychedelic environmentalism that detangles ecofascist tendencies from justice oriented visions of place based belonging Retail e book files for this title are screen reader friendly
