Prologue to Modernity: Early Modern Europe James Daniel Hardy,1974-01-01 *Radical Religious Movements in Early Modern Europe* Michael Mullett,2023-03-08 Radical Religious Movements in Early Modern Europe 1980 examines Western European history during three crucial centuries of transition He expands the concept of Reformation to cover all the movements of religious resurgence in the fifteenth sixteenth and seventeenth centuries in Europe Social economic political literary and artistic developments are fully considered alongside more strictly religious themes *Contested Spaces of Nobility in Early Modern Europe* Charles Lipp,2016-05-13 In recent years scholars have increasingly challenged and reassessed the once established concept of the crisis of the nobility in early modern Europe Offering a range of case studies from countries across Europe this collection further expands our understanding of just how the nobility adapted to the rapidly changing social political religious and cultural circumstances around them By allowing readers to compare and contrast a variety of case studies across a range of national and disciplinary boundaries a fuller if more complex picture emerges of the strategies and actions employed by nobles to retain their influence and wealth The nobility exploited Renaissance science and education disruptions caused by war and religious strife changing political ideas and concepts the growth of a market economy and the evolution of centralized states in order to maintain their lineage reputation and position Through an examination of the differing strategies utilized to protect their status this collection reveals much about the fundamental role of the second order in European history and how they had to redefine the social and cultural spaces in which they found themselves By using a transnational and comparative approach to the study of the European nobility the volume offers exciting new perspectives on this important if often misunderstood social group **Early Modern Europe** Euan K. Cameron,Euan Cameron,1999 This book offers a new kind of introduction to Europe between 1500 and 1800 Early modern is the term used by historians for the period between the end of the Middle Ages and the start of the nineteenth century It is a description born of hindsight Europe was travelling towards something we recognize called modernity the journey was begun but not finished The contributors to Early Modern Europe set out to convey the feel of the changes in life beyond the raw historical data Their chapters are extensively illustrated with carefully chosen images which complement the text The book considers the evolving economy and society the basic facts of life for the majority of Europe s people It shows how the religious and intellectual unity of western culture fragmented and dissolved under the impact of new ideas It examines politics not just as the rise and fall of empires but for the emergence of modern attitudes and techniques in governing An Empire of Regions Eric Guest Nellis,2010-01-01 This smart knowing book examines the evolution of early America in terms of region I know of no better way to come to terms with the development of the British colonies Alan Gallay The Ohio State University **Locations of Knowledge in Medieval and Early Modern Europe** Kocku Von Stuckrad,2010 Addressing discourses of perfect knowledge in Western culture between 1200 and 1800 this book integrates the study of

Western esotericism in a larger analytical framework of European history of religion **Men Astutely Trained** Peter McDonough, 2008-06-30 A perceptive provocative analysis of the transformation that swept through American Catholicism in the decades leading up to Vatican II The Jesuits have been the carriers of a culture borne along by a fruitful often frustrating tension between their dual commitment to ancient virtues to the pursuit of the free play of ideas This book explains developments among the Jesuits and sets them in the larger context of the sea changes that shook the world and the Catholic Church in the world during the mid 20th century **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1976 Canadian Ethnology Society: Papers from the fifth annual congress, 1978 Joan Ryan, 1980-01-01 This volume contains papers presented at the Fifth Annual Congress of the Canadian Ethnology Society London 1978 with a particular emphasis on matters relating to ethnicity Published in English **Self-Commentary in Early Modern European Literature, 1400-1700** Francesco Venturi, 2019-05-15 This volume investigates the various ways in which writers comment on present and defend their own works and at the same time themselves across early modern Europe A multiplicity of self commenting modes ranging from annotations to explicatory prose to prefaces to separate critical texts and exemplifying a variety of literary genres are subjected to analysis Self commentaries are more than just an external apparatus they direct and control reception of the primary text thus affecting notions of authorship and readership With the writer understood as a potentially very influential and often tendentious interpreter of their own work the essays in this collection offer new perspectives on pre modern and modern forms of critical self consciousness self representation and self validation Contributors are Harriet Archer Gilles Bertheau Carlo Caruso Jeroen De Keyser Russell Ganim Joseph Harris Ian Johnson Richard Maber Martin McLaughlin John O'Brien Magdalena O'arska Federica Pich Brian Richardson Els Stronks and Colin Thompson Jewish Music and Modernity Philip Bohlman, 2012 Bohlman investigates several aspects of Jewish music within the context of the period beginning with the emancipation of German Jewish culture during the eighteenth century and culminating in the destruction of that same culture under the Nazis **The Cumulative Book Index**, 1911 A world list of books in the English language River Through Time: the Course of Western Civilization Charles Warren Hollister, 1975

Preface to Modernism Art Berman, 1994 Traces the conceptual lineage of modernism examining its evolution in Western art and literature through empiricism idealism and romanticism Berman demonstrates how modern social political and scientific developments including capitalism socialism humanism psychoanalysis fascism and modernism itself have altered attitudes toward time space self creativity the natural world and community Deserves careful study Choice **Past Sense – Studies in Medieval and Early Modern European History** Constantin Fasolt, 2014-04-03 The twenty studies collected in this volume focus on the transition from the Middle Ages to the modern world The method leads from technical investigations on William Durant the Younger ca 1266 1330 and Hermann Conring 1606 1681 through reflection on the nature of historical knowledge to a break with historicism an affirmation of anachronism and a broad perspective on the

history of Europe The introduction explains when and why these studies were written and places them in the context of contemporary historical thinking by drawing on Wittgenstein's Philosophical Investigations This book will appeal to historians with an interest in historical theory historians of late medieval and early modern Europe and students looking for the meaning of history **Library of Congress Catalogs** Library of Congress,1976 **Caribbean Globalizations, 1492 to the Present Day** Eva Sansavior,Richard Scholar,2015-03-02 Caribbean Globalizations explores the relations between globalization and the Caribbean since 1492 when Columbus first arrived in the region to the present day Millenarianism and Messianism in Early Modern European Culture M. Goldish,R.H. Popkin,2013-03-09 The earliest scientific studies of Jewish messianism were conducted by the scholars of the Wissenschaft des Judentums school particularly Heinrich Graetz the first great Jewish historian of the Jews since Josephus These researches were invaluable because they utilized primary sources in print and manuscript which had been previously unknown or used only in polemics The Wissenschaft studies themselves however prove to be polemics as well on closer inspection Among the goals of this group was to demonstrate that Judaism is a rational and logical faith whose legitimacy and historical progress deserve recognition by the nations of Europe Mystical and messianic beliefs which might undermine this image were presented as aberrations or the result of corrosive foreign influences on the Jews Gershom Scholem took upon himself the task of returning mysticism and messianism to their rightful central place in the panorama of Jewish thought Jewish messianism was for Scholem a central theme in the philosophy and life of the Jews throughout their history shaped anew by each generation to fit its specific hopes and needs Scholem emphasized that this phenomenon was essentially independent of messianic or millenarian trends among other peoples For example in discussing messianism in the early modern era Scholem describes a trunk of influence on the Jewish psyche set off by the expulsion from Spain in 1492 Closet Drama Catherine Burroughs,2018-09-03 Closet Drama History Theory Form introduces the emerging field of Closet Drama Studies by featuring twelve original essays from distinguished scholars who offer fresh and illuminating perspectives on closet drama as a genre Examining an unusual mix of historical narratives performances and texts from the Renaissance to the present this collection unleashes a provocative array of theoretical concerns about the phenomenon of the closet play a dramatic text written for reading rather than acting 1974 Annual Supplement Joan Schmitz Bergholt,2013-12-21
