Reilly, 1989 Shows salespeople exactly how to sell the value of their products not the price **More than a Cog** David Baron, 2014-04-07 MORE than a COG is a guide meant to help regular employees learn how they can get more out of their jobs while becoming indispensable to their companies For as long as I can remember I have worked alongside some number of regular employees And they have all complained about their positions their compensation and their companies And they never understood why they were in the positions they were or why others such as myself were treated so differently Finally after years of being exposed to such tribulations and coupled with the past several years of hard times for the American work force I decided to try to help all of those regular employees become more than regular Are you a Cog in some big machine of a Company It's OK most of us are But are you secure in your position within that company Are you getting recognized and compensated the way you think you should Whether you're flipping burgers for McDonalds bending fenders for GM or counting beans for Earnst Young you need to be more than just another Cog you need to be the best Learn how great employees Work at a career not just a job Don't allow time inexperience or overconfidence to limit them Understand and honor the two way relationship between themselves and their company Make sure that everyone knows what needs to be known Recognize and act upon opportunities to shine Honor commitments that may have been made Manage supervisor and customer expectation levels Show pride in hard jobs done

well Take responsibility when things go wrong Recognize that superiors and customers are partners for success This ground breaking manual for employees can show you how to increase your value to your company while increasing the amount of joy and pride you take in your work Here are some of the strong points that the book and its message have going for it Reads easy I am literally talking to the reader As a reader you can visualize me speaking to you employee to employee The conversation feels personal it feels natural Reads quickly An interested reader should be able to breeze through this book in two or three sittings This is not some dense 1 000 page tome but more of a svelte manual short and to the point Humorous and topical I employ many references to real life situations or popular theatrical arts that most readers will identify with and enjoy The stories help people feel more at ease making it easier to get the message across Surprising and Obvious at the same time Just like anything else that generates those wonderful Ah ha moments in life this book says things that will open peoples eyes and make them feel surprised that they never thought of that before And yet as you sit there after reading it you will know that most people don t see what is so obvious High Goals Tempered with Realism With each lesson of how to do things comes a safety valve a dose of reality called Caveats Readers appreciate it when an author lets them know that he knows the limits of his own advice Easy to Grasp Each chapter presents a single notion or technique Plus the text is distilled down to its most basic message in the final take away that concludes each chapter Written by true authority I am not some stuffy college professor a Wall Street analyst or retired CEO I am and have always been an employee just a Cog I am writing as one employee to another I know what I m talking about and it comes across that way A Needy Audience The U S collegiate system churns out several hundred thousand new employees per year on top of the tens of millions of workers already in the workforce Nobody has been trained on how to work Without help many of these people are sitting ducks Little Competition There are dozens of books on how to climb the corporate ladder how to be an effective leader or successful entrepreneur how to be more organized yada yada yada But there are practically no books on how to be a good employee Managers make up less than 20% of any corporation I m interested in the other 80% the people nobody cares too much about the common worker Timely Now more than ever employees need to hear the message of this book Employees need to learn what they can so that they can hold on to the jobs they have

### **Promise A Lot And Deliver More Introduction**

In today's digital age, the availability of Promise A Lot And Deliver More books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Promise A Lot And Deliver More books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Promise A Lot And Deliver More books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Promise A Lot And Deliver More versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Promise A Lot And Deliver More books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Promise A Lot And Deliver More books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Promise A Lot And Deliver More books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to

borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Promise A Lot And Deliver More books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Promise A Lot And Deliver More books and manuals for download and embark on your journey of knowledge?
