Promise Keepers Politics And Promises:

The Promise Keepers Bryan W. Brickner, 1999-01-01 This informative book explores the ideological practices that construct the Promise Keepers movement while investigating the fundamentals of the Promise Keepers belief system Based upon non participant observations of events as well as in depth interviews The Promise Keepers Politics and Promises studies the movement from the inside providing a better understanding of this evangelical phenomenon Examining the group from its modest beginning in 1990 of seventy men joining together in prayer Bryan Brickner discusses the meaning of the movement in a social context This book will be invaluable to scholars of religion gender studies and political theory *The Promise Keepers* John P. Bartkowski, 2004 Remember the Promise Keepers queries a recent media story on the evangelical men s movement that captured America s imagination and generated intense controversy during much of the 1990s John P. Bartkowski has written the first account scrutinizing the turbulent forces that contributed to the group s wild popularity declining fortunes and current efforts to reinvent itself **Hemingway on Politics and Rebellion** Lauretta Conklin Frederking, 2010-06-10 Hemingway has been labeled a communist sympathizer elitist and a rugged individualist This volume embraces the complexity of political advocacy in Hemingway s novels and short stories Hemingway s characters physically intellectually and spiritually become part of resisting current conditions and affirm the value of resistance even destruction regardless of political outcome Much more than political nihilism rebellion allows man to realize the potentialities of his greatness as a leader the realities of his solidarity as a comrade and the simple sensations of everyday living Hemingway draws new perspectives on the meaning of politics in our own lives at the same time as his writings affirm boundaries of political thought and literary theory for explaining many of the themes we study **After Whiteness** Mike Hill, 2004 What comes after white becomes a minority in the United States **The Promise Keepers** Dane S. Claussen, 2000 Now nearly 15 years old during which time it exploded in size then declined and has now plateaued the Promise Keepers and its policies have invited reactions ranging from celebration to suspicion Many see the Christian men s organization as a powerful tool to encourage and equip Christian men to face a morally complex future Others view the group as sexist or even heretical This book was the first and in most ways still the only objective analysis of the Promise Keepers and the many reactions to it Contributors to this collection of critical essays hail from the fields of political science history sociology religion and theology journalism and mass communication speech English women s studies American studies and sports science The responses range from supportive to skeptical and cover topics that go beyond the Promise Keepers to issues of evangelical Christianity gender roles men s organizations mass media and social movements The Transformation of American Religion Alan Wolfe, 2005-04 In this astounding account a leading sociologist demonstrates that religion in America has become so tamed and softened that it hardly serves any of its original functions **Encyclopedia of American Women and Religion** June Melby Benowitz, 2017-08-18 This two volume set examines women s contributions to religious and moral development in

America covering individual women their faith related organizations and women s roles and experiences in the broader social and cultural contexts of their times This second edition of Encyclopedia of American Women and Religion provides updated and expanded information from historians and other scholars of religion covering new issues in religion to better describe and document women s roles within religious groups For instance the term evangelical feminism is one newly defined aspect of women s involvement in religious activism Changes are constantly occurring within the many religious faiths and denominations in America particularly as women strive to gain positions within religious hierarchies that previously were exclusive to men and rise within their denominations to become theologians church leaders and bishops The entries examine the roles that American women have played in mainstream religious denominations small religious sects and non traditional practices such as witchcraft as well as in groups that question religious beliefs including agnostics and atheists A section containing primary documents gives readers a firsthand look at matters of concern to religious women and their organizations Many of these documents are the writings of women who merit entries within the encyclopedia Readers will gain an awareness of women s contributions to religious culture in America from the colonial era to the present day and better understand the many challenges that women have faced to achieve success in their religion related endeavors

The Age of Evangelicalism Steven P. Miller, 2014-04-10 At the start of the twenty first century America was awash in a sea of evangelical talk The Purpose Driven Life Joel Osteen The Left Behind novels George W Bush Evangelicalism had become so powerful and pervasive that political scientist Alan Wolfe wrote of a sense in which we are all evangelicals now Steven P Miller offers a dramatically different perspective the Bush years he argues did not mark the pinnacle of evangelical influence but rather the beginning of its decline The Age of Evangelicalism chronicles the place and meaning of evangelical Christianity in America since 1970 a period Miller defines as America s born again years This was a time of evangelical scares born again spectacles and battles over faith in the public square From the Jesus chic of the 1970s to the satanism panic of the 1980s the culture wars of the 1990s and the faith based vogue of the early 2000s evangelicalism expanded beyond churches and entered the mainstream in ways both subtly and obviously influential Born again Christianity permeated nearly every area of American life It was broad enough to encompass Hal Lindsey s doomsday prophecies and Marabel Morgan s sex advice Jerry Falwell and Jimmy Carter It made an unlikely convert of Bob Dylan and an unlikely president of a divorced Hollywood actor As Miller shows evangelicalism influenced not only its devotees but its many detractors religious conservatives secular liberals and just about everyone in between The Age of Evangelicalism contained multitudes it was the age of Christian hippies and the silent majority of Footloose and The Passion of the Christ of Tammy Faye Bakker the disgraced televangelist and Tammy Faye Messner the gay icon Barack Obama was as much a part of it as Billy Graham The Age of Evangelicalism tells the captivating story of how born again Christianity shaped the cultural and political climate in which millions of Americans came to terms with their times

Encyclopedia of New Religious

Movements Peter Clarke,2004-03 An essential companion to both research and scholarship upon which undergraduates postgraduates lecturers and researchers can all be expected to draw

Women's Rights in the United States Tiffany K. Wayne,2014-12-09 A comprehensive encyclopedia tracing the history of the women s rights movement in the United States from the American Revolution to the present day Few realize that the origin of the discussion on women s rights emerged out of the anti slavery movement of the 19th century and that suffragists were active in the peace and labor movements long after the right to vote was granted Thus began the confluence of activism in our country where the rights of women both followed and led the social and political discourse in America Through 4 volumes and more than 800 entries editor Tiffany K Wayne with advising editor Lois Banner examine the issues people and events of women s activism from the early period of American history to the present time This comprehensive reference not only traces the historical evolution of the movement but also covers current issues affecting women such as reproductive freedom political participation pay equity violence against women and gay civil rights

Social Structures, Social Capital, and Personal Freedom Peter Lawler,Dale McConkey,2000-04-30 The eleven essays in this collection examine the relationship between institutional structures and community integration offering practical insights to increase social capital and strengthen social institutions A variety of social institutions are analyzed Three chapters cover political legal issues two cover religion three address education and two examine the macrostructures of the military and the economy An important collection for scholars and other researchers interested in the communitarian movement sociology and political science particularly for those in public administration

Reaction and Resistance Dorothy E. Chunn,Susan Boyd,Hester Lessard,2011-11-01 The image of backlash is pervasive in contemporary debates about the impact of second wave feminism on law and policy But does it really explain the resistance to feminist initiatives for social change in contemporary culture In this timely volume contributors from various disciplines analyze reaction and resistance to feminism in several areas of law and policy child custody child poverty sexual harassment and sexual assault and in a number of institutional sites such as courts legislatures families the mainstream media and the academy Collectively their studies paint a more complicated often contradictory picture of feminism law and social change than the popular image of backlash suggests Reaction and Resistance offers feminists and other activists empirically grounded knowledge that can be used to develop legal and political strategies for change

The Wisdom of the Spirit Canon Martyn Percy,Professor Pete Ward,2014-09-28 In this groundbreaking book exploring Christianity and contemporary culture internationally renowned scholars interface with the legacy of Andrew Walker s work and look forward in their own predictions of trends Following Walker s special interests in house churches charismatic renewal culture and faith this book picks up on these themes and also looks more broadly at topics such as Pentecostalism Alpha and post Evangelicalism

From Panthers to Promise Keepers Judith Lowder Newton,2005 From Panthers to Promise Keepers draws on intimate observations of the men and networks who were involved in what some have called Othe menOs

movement and tells us why these networks mattered Focusing on the decades between 1950 and 2000 it argues that while public structural change is necessary for gender equality getting men involved in efforts at social justice may well depend on their making changes with respect to feelings and with respect to their unconscious fears and anxieties as well *The Wisdom of the Spirit* Martyn Percy, Pete Ward, 2016-02-17 In this groundbreaking book exploring Christianity and contemporary culture internationally renowned scholars including David Martin Alister McGrath Billy Abraham Billy Kay and Pete Ward interface with the legacy of Andrew Walker's work and look forward in their own predictions of trends Following Walker's special interests in house churches charismatic renewal culture and faith this book picks up on these themes and also looks more broadly at topics such as Pentecostalism Alpha and post Evangelicalism **So Help Me God** Katrin Erdmann, 2006 In the wake of the Presidency of George W Bush the discussion about the separation of church and state has gained momentum Where does the coveting of the Religious Right by the Bush Administration fit into this picture What role do the attempted Gay Marriage Ban and the Compassionate Conservatism language play This book examines these questions and make a connection between the politics of Neo Conservatism and the social movement of the Religious Right

Home-Grown Hate Abby L. Ferber, 2004-08-02 The top names in the field come together in this collection with original essays that explore the link between gender and racism in a variety of racial and white supremacy organizations including white separatists the Christian right the militia patriot movements skinheads and more *An Introduction to the Sociology of Religion* Inger Furseth, Pål Repstad, 2017-03-02 Is it true that religion is weakening in modern times or are we facing religious resurgence What is fundamentalism How does it emerge and grow What role does religion play in ethnic and national conflicts Is religion a fundamental driving force or do political leaders use religion for their own purposes Do all religions oppress women These are some of the questions addressed in this book *An Introduction to the Sociology of Religion* provides an overview of sociological theories of contemporary religious life Some chapters are organized according to topic Others offer brief presentations of classical and contemporary sociologists from Karl Marx to Zygmunt Bauman and their perspectives on social life including religion Throughout the book illustrations and examples are taken from several religious traditions *Promise Keepers and the New Masculinity* Rhys H. Williams, 2001-01-01 This collection of essays explores the varied sometimes contradictory and often misapprehended nature of the Promise Keepers The various media portrayals of this group do not adequately address important questions about their significance for American religious social and cultural life Is this movement anti feminist or are the men involved using their faith to become more responsible husbands and fathers Is this a political movement or just another example of an American religious revival Using interviews surveys and on site participations the scholars writing here find little truth in the popular depictions of Promise Keepers In fact they demonstrate how this group represents a variety of templates that contemporary American culture brings to religion as a general social phenomenon The volume examines the ways religion affects social movements and also puts the current

interest in men and masculinity in a larger historical context of changing gender roles As a phenomenon that strikes right at the intersection of religion gender racial relations public life and national identity Promise Keepers will be provocative reading for students scholars and educated readers alike Democracy Under Assault Michele Swenson, 2004 Swenson presents an in depth examination of the fracture of the church state divide challenges to the independent judiciary resurrected 19th century science and socioeconomic Darwinism as well as revisionist history

This Captivating World of E-book Books: A Thorough Guide Revealing the Pros of E-book Books: A Realm of Ease and Versatility E-book books, with their inherent portability and ease of access, have freed readers from the limitations of physical books.
