Promise Fulfilment Palestine 1917 1949:

Promise and Fulfilment - Palestine 1917-1949 Arthur Koestler, 2011-10-12 This book consists of three parts Background Close up and Perspective The first part is a survey of the developments which led to the foundation of the State of Israel It lays no claim to historical completeness and is written from a specific angle which stresses the part played by irrational forces and emotive bias in history I am not sure whether this emphasis has not occasionally resulted in over emphasis as is almost inevitable when one tries to redress a balance by spot lighting aspects which are currently neglected But it was certainly not my intention by underlining the psychological factor to deny or minimize the importance of the politico economic forces My aim was rather to present if I may borrow a current medical term a psycho somatic view of one of the most curious episodes in modern history The second part Close up is meant to give the reader a close and coloured but not I hope technicoloured view of the Jewish war and of everyday life in the new State It opens and ends with extracts from the diary of my last sojourn as a war correspondent in Israel The emphasis here is on life in the towns with only occasional glimpses of the collective settlements since I have given a detailed description of these in an earlier book The third part Perspective is an attempt to present to the reader a comprehensive survey of the social and political structure the cultural trends and future prospects of the Jewish State Promise and Fulfilment Palestine 1917-1949 - Scholar's Choice Edition

analysis of the development of Zionism and the recent history and politics of Israel This thought provoking study examines the ways in which the Bible has been used to legitimize the implementation of the ideological and political programme of Zionism and the consequences this has had The Grandest Larceny J. E. Thomas ,2023-09-17 A unique event the handing over of an entire country by another that did not own it to a people who simply laid claim to it by virtue of their myths and traditions happened in 1917 when the British gave Palestine to the Jews via the Balfour Declaration The Palestinian Arabs never accepted the theft of their land but have been powerless to resist the weight of support for the Jews given by the most powerful nations Despite the foundation of Israel in 1948 the region has been plagued by wars injustice and a vast refugee problem which has dominated the lives of millions Today the future of the Palestinians is dire and seemingly inevitable In this thorough new examination J E Thomas delves deep into the foundations of the issue analysing the Zionist claim to the Holy Land in the nineteenth and twentieth centuries and their ruthless campaign to dispossess Palestinian Arabs a campaign that continues to this day **Terrorist Histories** Caoimhe Nic Dhaibheid,2016-11-03 This book addresses provides a series of in depth portraits of men and women who have been labelled terrorists from the 19th 20th and 21st centuries Bridging historical methodologies and theoretical approaches to terrorism studies it seeks to contribute to the developing historicising of terrorism studies This is achieved principally through a prosopographical approach In the preponderance of detailed statistical and quantitative data on the practice of terrorism and political violence the individuals who participate in terrorist acts are often obscured While ideologies and organisations have attracted much scholarly interest less is known of the personal trajectories into political violence particularly from a historical perspective The focus on a relatively narrow cast of high profile terrorist villains to a large part driven by popular and media attention results in a somewhat skewed picture of equal value arguably is a more sustained reflection on the lives of lesser known individuals The book sits at the juncture between terrorism studies historical biography and ethnography It comprises case studies of ten individuals who have engaged in political violence in the nineteenth twentieth and twenty first centuries in a number of locations and with a variety of ideological motivations from Russian inflected anarchism to Islamist extremism Through detailed empirical research crucial themes in the study of terrorism and political violence are explored the diverse individual radicalisation pathways the question of disengagement and re engagement various counter terrorist and counter insurgency strategies adopted by governments and security forces and the changing nature and perception of terrorism over time Although not explicitly comparative a number of themes resonate between the case studies which will be drawn together in the conclusion to this book These include the role of migration in radicalisation the influence of radical family heritages the experience of imprisonment and the narratives which individuals construct to tell their own terrorist life stories It also provides an historically grounded answer to one of the most contentious and heated debates in recent literature on terrorism studies what leads a person to turn to political violence In examining the life narratives of a diverse range of men and women who at

some point embraced violence this book seeks to contribute to a growing understanding of the entire arc of a terrorist lifespan from radicalisation to mobilisation to disengagement and beyond This book will be of much interest to students of political violence terrorism studies security studies and politics in general **Encyclopedia of Modern Jewish Culture** Glenda Abramson,2004-03-01 The Encyclopedia of Modern Jewish Culture is an extensively updated revision of the very successful Companion to Jewish Culture published in 1989 and has now been updated throughout Experts from all over the world contribute entries ranging from 200 to 1000 words broadly covering the humanities arts social sciences sport and popular culture and 5000 word essays contextualize the shorter entries and provide overviews to aspects of culture in the Jewish world Ideal for student and general readers the articles and biographies have been written by scholars and academics musicians artists and writers and the book now contains up to date bibliographies suggestions for further reading comprehensive cross referencing and a full index This is a resource no student of Jewish history will want to go without

Kastan, 2006-03-03 From folk ballads to film scripts, this new five-volume encyclopedia covers the entire history of British literature from the seventh century to the present, focusing on the writers and the major texts of what are now the United Kingdom and the Republic of Ireland. In five hundred substantial essays written by major scholars, the *Encyclopedia of British Literature* includes biographies of nearly four hundred individual authors and a hundred topical essays with detailed analyses of particular themes, movements, genres, and institutions whose impact upon the writing or the reading of literature was significant. An ideal companion to *The Oxford Encyclopedia of American Literature*, this set will prove invaluable for students, scholars, and general readers. In this lively intellectual history of the political Left, cultural critic Susie Linfield investigates how eight prominent twentieth-century intellectuals struggled with the philosophy of Zionism and then with Israel and its conflicts with the Arab world. Constructed as a series of interrelated portraits that combine the personal and the political, the book includes philosophers, historians, journalists, and activists such as Hannah Arendt, Arthur Koestler, I. F. Stone, and Noam Chomsky. In their engagement with Zionism, these influential thinkers also wrestled with the twentieth century's most crucial political dilemmas: socialism, nationalism, democracy, colonialism, terrorism, and anti-Semitism. In other words, in probing Zionism, they confronted the very nature of modernity and the often catastrophic histories of our time. By examining these leftist intellectuals, Linfield also seeks to understand how the contemporary Left has become focused on anti-Zionism and how Israel itself has moved rightward. **The Quest for a New International Aid Architecture** Hatice Karahan, 2020-07-31 This book examines

Turkey's success within international development cooperation and how this could create a framework for a new international aid architecture. Turkey has become a world leader in humanitarian assistance and shared an extraordinary burden in official development assistance (ODA). Its achievements are used to highlight the global failure to meet aid commitments and the increasingly permanent humanitarian problems seen in certain regions. A particular focus is given to Turkey's diplomatic and humanitarian actions, its contribution to regional stability and development, and creating a holistic aid perspective. The book aims to provide the reader with an understanding of Turkey's significant value-added contribution to the international aid architecture, gives an outline for international cooperation, and contributes to ongoing discussions.

Jewish Muslim and Christian ways of imagining the future How can we engage with these multiple imaginations to create a shared and peaceful global society Religious Imaginations is an interdisciplinary volume of both new and well known scholars exploring how religious narratives interact with the contemporary geopolitical climate *Rockaby and Other Short Pieces* Samuel Beckett,1981 Originally published London Atlantic Books 2006 **The Making of Modern Jewish Identity** Motti Inbari,2019-05-30 This volume explores the processes that led several modern Jewish leaders rabbis politicians and intellectuals to make radical changes to their ideology regarding Zionism Socialism and Orthodoxy Comparing their ideological change to acts of conversion the study examines the philosophical sociological and psychological path of the leaders transformation The individuals examined are novelist Arthur Koestler who transformed from a devout Communist to an anti Communist crusader following the atrocities of the Stalin regime Norman Podhoretz editor of Commentary magazine who moved from the New Left to neoconservative disillusioned by US liberal politics Yissachar Shlomo Teichtel who transformed from an ultra Orthodox anti Zionist Hungarian rabbi to messianic Religious Zionist due to the events of the Holocaust Ruth Ben David who converted to Judaism after the Second World War in France because of her sympathy with Zionism eventually becoming a radical anti Israeli advocate Haim Herman Cohn Israeli Supreme Court justice who grew up as a non Zionist Orthodox Jew in Germany later renouncing his belief in God due to the events of the Holocaust and Avraham Avrum Burg prominent centrist Israeli politician who served as the Speaker of the Knesset and head of the Jewish Agency who later became a post Zionist Comparing aspects of modern politics to religion the book will be of interest to researchers in a broad range of areas including modern Jewish studies sociology of religion and political science
