There's a Spirit in the Kitchen Jackie Dashiell,Wanda Sue Parrott,2001 **Invading the Realm of Demons, Disease, and Death** Carl E. Roemer,2024-01-29 This study of the miracles attributed to Jesus in the Gospels begins with a survey of the sciences because in our present cultural context materialism is the dominant approach to and understanding of our world of history and of our very selves If the materialist s understanding is true then there is no such thing as miracles because every event must occur as the result of some previous material events Contemporary biblical scholarship mostly approaches the miracle stories from a materialist point of view It questions their historicity because they violate what has now become the entrenched modus operandi in our culture and society operating with the idea that the universe is a closed nexus of cause and effect The miracles are understood then as products of the community and not historical reports although according to this line of scholarship they may be based on some vague recollection of Jesus s activity that somehow had healing effects Modern science however as one scientist has put it in climbing the mountain of knowledge has reached its peak and found a theologian at the top The sciences in other words have led to the implication that our universe has a

creator and that the universe and the human genome have been designed      90 Days Of Daily Devotions Josh Osaze K M,2018-12-02 A 90 day daily devotion aimed at building and encouraging the reader In this Spirit led devotional you will see God s perspective in your day to day situations Each devotion has a story that relates to the quoted scripture and the intended teaching This enables the reader to relate to the teachings Inspired by the Living Word The Holy Bible the teachings are sure to gradually change your outlook of life as the Lord allows By purchasing this book you will be supporting the God ordained activities carried out by Be Opened Ministries International and to the glory of the Eternal King      *Real Ghosts, Restless Spirits, and Haunted Places* Brad Steiger,2012-10-01 A frightening collection of true ghost stories which will turn skeptics and nonbelievers into people who sleep with one eye open Ancient philosophers suggested that the appearance of spirits is evidence that we are part of a larger community of intelligences a universe of interrelated species both physical and nonphysical Master ghost hunter and best selling author Brad Steiger invites you to join him as he explores the many dark and nightmarish pathways leading to this shadowy world of spirits and hauntings Real Ghosts Restless Spirits and Haunted Places is the defining work on spirit phenomena It is a comprehensive classification of the spirit world touching on every possibility from time travel to parallel universes presenting the full range of ghostly manifestations and haunted locations A major work sure to be heralded by paranormal enthusiasts whatever their corporeal state Do you know the difference between poltergeists and spirits of the dead The differences between spirits residue spirit parasites and spirit masqueraders With its 30 topical chapters Real Ghosts covers those differences and many more Spirits Seen at Death Beds and Funerals Haunted Churches Cemeteries and Burial Grounds Phantoms on Roads and Highways Battlefields Where Phantom Armies Eternally Wage War Speaking to Spirits The Mystery of Mediumship Animal Ghosts Domesticated and Wild Spirit Parasites That Possessed Apparitions of Religious Figures Haunted Hotels Motels and Inns Did you know that ghosts still haunt Ohio s State Reformatory otherwise known as Shawshank Or that the Hollywood Roosevelt Hotel is home to some of the most famous ghosts in the world With Real Ghosts you ll discover that Abe Lincoln regularly consulted spooks and mediums Rudolph Valentino haunts his old mansion and the ghosts of Anne Boleyn Henry VIII Katharine Howard Jane Seymour Elizabeth I and King George III all still haunt some of England s most famous castles You ll also learn how to perform a cleansing ritual to rid your home of unwanted spectral visitors More than a collection of true ghost stories this book plunks you square into the middle of the eerie action with captivating stories that would be at home at any midnight campfire The only difference is these stories aren t urban legends employing hooks needles or long metal fingernails for their scare These stories exist outside of the mind and live right next door to every one of us Real Ghosts shouldn t be read when you are home alone and the lights begin to flicker      *When Prophecy Fails* Leon Festinger,Stanley Schachter,2013-04-01 The study reported in this volume grew out of some theoretical work one phase of which bore specifically on the behavior of individuals in social movements that made specific and unfulfilled prophecies We had been forced to depend chiefly on

historical records to judge the adequacy of our theoretical ideas until we by chance discovered the social movement that we report in this book At the time we learned of it the movement was in mid career but the prophecy about which it was centered had not yet been disconfirmed We were understandably eager to undertake a study that could test our theoretical ideas under natural conditions That we were able to do this study was in great measure due to the support obtained through the Laboratory for Research in Social Relations of the University of Minnesota This study is a project of the Laboratory and was carried out while we were all members of its staff We should also like to acknowledge the help we received through a grant in aid from the Ford Foundation to one of the authors a grant that made preliminary exploration of the field situation possible

**Can Christians Prove the Resurrection?** Sandoval Chris Sandoval,Chris Sandoval,2010 Christian apologists like Josh McDowell Norman Geisler and William Lane Craig have claimed that the Resurrection of Jesus is the best proved fact of history As they tell the story the original eyewitnesses of the risen Jesus sacrificed their lives for their faith and people who knew Jesus during his lifetime would have challenged any errors in their testimony Allegedly these and many other lines of historical evidence prove the Resurrection beyond a reasonable doubt In Can Christians Prove the Resurrection the traditional Christian arguments for the Resurrection are analyzed and critiqued In reality we do not know how most of the apostles met their fates and religious sects like the Kimbanguists and Hasidic Jews have likewise proclaimed miracles and produced martyrs within the lifetimes of eyewitnesses who should have been able to set the record straight These and many other lines of evidence raise copious reasonable doubts regarding the claims of the apologists as this book demonstrates Once all the relevant evidence is examined it becomes clear that there is little likelihood that Jesus of Nazareth arose from the dead or that the Resurrection ever took place
