Baha'i and Globalisation Annika Hvithamar, Margit Warburg, Morten Warmind, 2005-12-01 Globalisation has become a buzzword that typically refers to the intensifying integration of the world economy especially as midwifed by technological advances It also implies a growing political and cultural sense that all humanity is globally interdependent There have always been individuals of course who have advocated such awareness one of them being the founder of the Baha i faith who formulated a spiritual equivalent as the religion s central doctrine in the late 19th century Ye are the fruits of one tree and the leaves of one branch Its emphasis on global unification made Baha i an obvious candidate for a case study on new religions and globalisation The chapters in this volume fall into two sections diachronic and synchronic The first part is organised chronologically beginning with the emergence of the globalist tendency in the messianic vision of Babism the precursor to Baha i and concluding with an analytic history of its leaders changing attitudes to international politics The second part considers a variety of global themes in contemporary Baha i practice including global thought in Baha i writings the impact of the internet and the triumphalist and secular strains in Baha i identity Though five million members make it one of the world s most successful new religions Baha i has attracted little scholarly attention Most of the academics concentrating on Baha i have contributed to this volume which will appeal not only to students of modern religious movements but to anyone interested in the ways religions can adapt to and embrace the modern world

The Baha'i Faith William S. Hatcher, James Douglas Martin, 2002 Explore the history teachings structure and community life of the

Are You Ready for It? Nora H-Salem,2010-06-28 This book describes the major events that will take place in the future and before the doomsday People interested in getting a glimpse of the future will find this book a great resource and reference in that domain A Tutorial on the Kitáb-i-Íqán Fazel Naghdy,2012-02-06 A journey through the Book of CertitudeThe Kit b i q n is one of the most important Writings of Bah u ll h the Founder of the Bah Faith Bah u ll h revealed this book within the space of two days and two nights in the last years of His stay in Baghd d AH 1278 AD 1862 According to Shoghi Effendi the Guardian of the Bah Faith The Kit b i q n sets forth in outline the Grand Redemptive Scheme of God and it occupies a position unparalleled by any work in the entire range of the Bah literature except The Kit b i Aqdas Bah u ll h s Most Holy Book This current book is a record of the journey that the author has taken through The Kit b i q n over a period of 12 years It is not an interpretation or a critical analysis of the content of the book Neither does it provide any personal opinion It primarily guides reader through a systematic study of the q n while providing some background information on topics raised by Bah u ll h in each paragraph It is called a tutorial as it attempts to simulate as much as possible the tutor tutored relationship in a self paced personal study All the references in the tutorial are sourced either from authoritative Bah materials or obtained from other reliable sources The 290 paragraphs of The Kit b i q n are apportioned for study to 58 chapters The size and complexity of each chapter reflects the content and intricacy of the issues addressed in the paragraphs included therein Each chapter starts with an introduction that highlights the key ideas Then in a coherent manner background information on the terminologies references and mystical concepts inherent in each paragraph is provided The tutorial covers the 266 topics embedded in The Kit b i q n This second edition of the book which was originally released in 2012 contains many editing improvements and some changes and additions to the content *Peace* ,2007 The horrors of innumerable conflicts currently blazing throughout the globe would seem to indicate that world peace is nothing more than a childlike fantasy But members of the Bah Faith believe that the future is filled with hope and promise for the Bah writings state unequivocally that world peace is not only possible its inevitable Peace More than an End to War is a blueprint both for the peace of the individual and the peace of our global society This timely compilation can bring comfort to the world weary souls who pause to explore the wisdom in its pages **The Ascent of Society** John S. Hatcher,2007 In The Ascent of Society The Social Imperative in Personal Salvation author John S Hatcher answers questions that have been explored by spiritual seekers for many yearshow does personal spiritual development translate into social experience Is there a social imperative connected with individual spiritual growth Is involvement with others necessary for one to evolve spiritually This

penetrating study describes the objective of personal spiritual growth as an ever expanding sense of self that requires social relationships in order to develop Hatcher focuses on the Bah belief that human history is a divinely guided process in which spiritual principles are gradually and progressively expressed in social institutions He demonstrates that the aspirant to spiritual transformation cannot view personal health and development as being possible apart from the progress of human society as a whole

Seeking Faith Nathan Rutstein,2002 Many people express a need for spiritual fulfillment but are troubled or at best put off by what is often and loosely called organized religion This is especially true today when once venerated institutions and trusted public figures have become subjects of investigation sources of disappointment and worse People fear becoming victims of crime and alter their daily lives to avoid it Terrorism committed in the name of religion and political causes painfully reminds us of how human capacities can be turned with devastating results against ourselves At times much of the world appears to be in a state of decay and sources of spiritual strength seem scattered and elusive Nathan Rutstein understands this His book *Seeking Faith Is Religion Really What You Think It Is* describes his personal search for purpose and meaning in life a search that led him to the Baha i Faith and its distinctive perspective on the past its reassuring understanding of the present and its confident vision of the future
