Promoting Mental Emotional And Social Health A Whole School Approach:

Promoting Mental, Emotional, and Social Health Katherine Weare, 2000 Schools are now seen as being one of the key agents which can help redress society's most fundamental problems create more cohesive communities and promote citizenship and a sense of social conscience in the young Promoting Mental Emotional and Social Health A Whole School Approach provides a clear and practical overview of ways in which mainstream schools can promote the health of all those who work and learn in them Supported by the latest new evidence from the UK and Europe as well as findings from the USA it outlines and examines evidence that social and emotional learning and academic achievement can go hand in hand and that the same key factors underlie both happy and effective schools the areas of school life that are the key to promoting social and affective health including relationships with families and the community management and the curriculum the competencies that we all need to become more emotionally literate and relate to more effectively Promoting Mental, Emotional and Social Health Katherine Weare, 2002-02-07 Schools are now seen as being one of the key agents which can help redress society's most fundamental problems create more cohesive communities and promote citizenship and a sense of social conscience in the young Promoting Mental Emotional and Social Health A Whole School Approach provides a clear and practical overview of ways in which mainstream schools can promote the health of all those who work and learn in them Supported by the latest new evidence from the UK and Europe as well as findings from the USA it outlines and examines evidence that social and emotional learning and academic achievement can go hand in hand and that the same key factors underlie both happy and effective schools the areas of school life that are the key to promoting social and affective health including relationships with families and the community management and the curriculum the competencies that we all need to become more emotionally literate and relate to more effectively **Developing the Emotionally Literate School**

Katherine Weare, 2003-10-23 As someone with an interest in emotional literacy and in developing emotional literacy work in schools I found this book an impressive resource I would recommend it for those interested in this area those working within schools on emotional literacy and for school staff interested in developing their schools as emotionally literate organizations Debate This is an authoritative and scholarly book that does not attempt to offer a simple fix it solution but one that should lead to an informed and workable approach that will address the needs and circumstances of individual schools as such I would recommend it as an essential read for anyone contemplating the research or promotion of emotional literacy in school Special Children There is much to encourage exploration by schools educators and managers in an informed way Helpful appendices list experienced agencies schools may approach in their work on emotional well being Emotional and Behavioural Difficulties The book provides a useful guide to ways in which school policies for promoting emotional wellbeing can be developed Times Educational Supplement Teacher This book is written in a refreshingly well balanced style and it deserves a similarly even handed review Katherine Weare never exaggerates a point or pretends to have found the Holy Grail

Instead each argument is carefully counter pointed by a caveat Nurturing Potential This is a handbook for teachers and LEAs with clearly headed sections useful tables and list of resources and contacts There are helpful suggestions for auditing emotional literacy in schools deciding whether to use off the shelf programmes tailoring programmes to the school s own needs and working with the wider community The Psychology of Education Review Visionary and easy to read This vision resides in the authors convictions about the vital role schools can play in developing and widening the literacy of emotions worth reading opens up a picture of what can achieved in schools in the best interests of the children Young Minds Magazine Katherine Weare brings a good track record to this useful handbook The full list of contacts sources of support and resources and the useful bibliography are clearly a product of her comprehensive knowledge of the field in UK and beyond They provide a solid platform for future researches Journal of In Service Education Emotional literacy refers to our ability to understand and use information about our own and others emotional states with skill and competence It is increasingly accepted in schools and this book shows how it is central to mainstream education The author defines concepts and terms in ways that make sense to practitioners outlines the scientific evidence behind the concept explores ways in which schools can become more emotionally literate and demonstrates the educational benefits The book is a practical and up to date account of ways in which schools can use emotional literacy to realize their goals of school improvement and effectiveness increased learning more efficient management of teaching and learning and improved relationships Katherine Weare shows how emotional literacy can help address persistent educational problems such as emotional and behavioural disturbance school exclusion and teacher stress and disaffection Emotional literacy is relevant to mainstream education is most effective when it permeates the whole school culture ethos relationships and management It is as relevant for secondary as it is for primary students and applies to teachers and parents as well as to students
