Committee Print ... 88-1 ... July 19, 1963* United States. Congress. House. Foreign Affairs, 1963 United States of America V. Certain Interests in Property in Champaign County, 1959 **Commodity & Propriety** Gregory S. Alexander, 2008-04-15 Most people understand property as something that is owned a means of creating individual wealth But in *Commodity and Propriety* the first full length history of the meaning of property Gregory Alexander uncovers in American legal writing a competing vision of property that has existed alongside the traditional conception Property Alexander argues has also been understood as proprietary a mechanism for creating and maintaining a properly ordered society This view of property has even operated in periods such as the second half of the nineteenth century when market forces seemed to dominate social and legal relationships In demonstrating how the understanding of property as a private basis for the public good has competed with the better known market oriented conception Alexander radically rewrites the history of property with significant implications for current political debates and recent Supreme Court decisions **Noah Webster and the American Dictionary** David Micklethwait, 2005-02-04 Noah Webster was described by the publisher of a competing dictionary as a vain

plodding Yankee who aspired to be a second Johnson a criticism that rings mostly true He was certainly vain and born in Connecticut undeniably a Yankee Moreover though he referred to Johnson s Dictionary of the English Language as a barren desart of philology the American lexicographer relied heavily on the book during the creation of his own American Dictionary going so far as to filch whole sections And few would seem more plodding than Webster who was positively obsessed with collecting and preserving bits of information He kept records of the weather carefully logged the number of houses in every new town he passed through filed away every scrap of his writing and everything written about him and filled the margins of his books with references dates and corrections The proud Yankee s sensibilities however also made him a fine lexicographer Generally credited with distinguishing American spelling and usage from British Webster shunned prescriptive mores and was doggedly loyal to his own language habits as well as to those of the average American speaker The book covers Webster s major publications and the influences and methods that shaped them recounts his life as schoolteacher copyright law champion and itinerant lecturer and examines the Webster legacy An appendix containing title page reproductions from Webster s books as well as some from his predecessors and competitors is also included

Millennial Economics Victor Shane,2013-05 How did We the People get into an economic mess like this to begin with How did we end up with a 16 trillion national debt that paralyzes all initiatives makes us a laughingstock instead of a world leader and stands to enslave our children grandchildren and great grandchildren with horrendous debts What can we do to diffuse what US Senator Tom Coburn calls The Debt Bomb Is there a constitutional holistic and efficient way out of this mess Answers can be found in this book The elegant writing and incisive explanations found in this volume conquer the complexity of the topic and its mixture of rhapsodic prose and an almost eerie moral clarity project buoyancy and hope The majority of laws in the Five Books of Moses concern money and this important volume while reflecting the spontaneous surgings of the human spirit helps us understand why Rabbi Daniel Lapin American Alliance of Jews and Christians
