William Henry Silvernail

Property As Right Distribution As Duty:

Decisions and Orders of the National Labor Relations Board United States. National Labor Relations Board, 2000

Decisions and Orders of the National Labor Relations Board, V. 331, April 28, 2000 Through August 31, 2000 ,

Economic Analysis of Law in China Thomas Eger, Michael G. Faure, Naigen Zhang, 2007-01-01 This book is an exemplary multi disciplinary and multi institutional study of contemporary Chinese law A collective effort by a group of European and Chinese scholars it skillfully tests the relationships between law and economics in the Chinese context The China Journal This is an extremely valuable collection of essays on modern Chinese law viewed through the lens of the law and economics movement China is developing very rapidly and law is now understood to provide the essential framework for economic development provided the law itself is economically rational The essays in this volume are excellent examples of how economics can be used to clarify and guide the law applicable to the essential dimensions of the economy I recommend it wholeheartedly and without reservations Richard A Posner United States Court of Appeals for the Seventh Circuit and University of Chicago Law School US This book brings together important applications of law and economics to China and covers a wide range of issues including such basic concerns as property rights intellectual property and taxation as well as competition law and corporate and securities law Because of its breadth of coverage its focus on the particulars of Chinese law and the expertise of its scholars both Western and Chinese it should serve as a valuable reference work for years to come Steven Shavell Harvard Law School US This book is an important step toward a Chinese scholarship in law and economics written by leading law and economics researchers from China and Europe Hans Bernd Schaefer Universit t Hamburg Germany In China everything is different you cannot apply ordinary economics and the legal framework is idiosyncratic In the course of time such statements turned out to be prejudices and the Eger Faure Zhang volume makes perfectly clear that for instance a law and economics approach can shed new light into the intricacies and complexities of Chinese institutional arrangements Indeed China creates new puzzles for economic and legal analysis On the other hand however the Chinese need not invent the wheel anew and they do not try it The book shows instances where a sophisticated law and economics approach can help to develop the legal framework which is appropriate for the transition from a planned into a market economy The Chinese economic system is not yet a normal capitalist market economy neither is the legal system adapted to a normal private property economy Nevertheless the chapters of the book apply fruitfully law and economics theories and thus prove their general applicability One of the outstanding achievements of the volume can be seen in the fact that it recruited more than half of its contributors with a Chinese background They learn eagerly western approaches and they learn fast And of course they have no problems with understanding Chinese culture and society So the book combines most profitably the look from the outside and the look from within with a common theoretical framework Hans J rgen Wagener Europa Universit t Viadrina Germany This book comprises contributions on recent developments in China from a law and economics

perspective For the first time Chinese and European scholars jointly discuss some important attributes of China's legal and economic system and some recent problems from this particular viewpoint The authors apply an economic analysis of law not only to general characteristics of China's social order such as the specific type of federal competition the efficiency of taxation and regulation and the importance of informal institutions Guanxi but also to distinct areas of Chinese law such as competition policy professional regulation corporate governance and capital markets oil pollution intellectual property rights and internet games The contributors discuss to what extent the law and economic models that have so far been employed within the context of deve *The Lawyers' Reports Annotated* ,1916 *The Codes of California ...* California,1922 *The Impact of Equity and Restitution in Commerce* Peter Devonshire,Rohan Havelock,2018-11-29 Commercial relationships give rise to diverse forms of legal obligation in private law including contract tort agency company law and partnership More controversially equity and the law of restitution have a less defined and somewhat ambulatory role in regulating the affairs of commercial parties Nevertheless their impact is manifest in the commercial arena through the distinct types of liability they engender and the remedies that are imposed This collection draws together the views of leading international scholars and judges to explore the nature and extent of this impact from two perspectives Five chapters primarily address this impact at a macro level focusing on the roles of equity and the law of restitution in terms of legal taxonomy doctrine and policy In contrast five further chapters primarily address this impact at a micro level focusing on selected liabilities and remedies within equity and the law of restitution This bifocal approach enables a holistic appreciation of some important ways in which equity and the law of restitution affect or may affect commerce with a view to fostering further debate over the fundamental issues at stake **Annotations of the New York State General Laws and Constitution** William Henry Silvernail,1901

The Structure of Property Law Ben McFarlane,2008-07-09 Shortlisted for the Peter Birks Prize for Outstanding Legal Scholarship 2009 In its essence property law has to provide answers to two very difficult questions who is entitled to use property and how are they entitled to use it Property law is therefore inherently difficult but not impossibly so It consists of an ordered and logical system which aims to take the sting out of fierce disputes This book provides a new perspective on property law By setting out an underlying structure it allows the reader to understand the fundamental principles of this difficult subject By providing detailed coverage of individual topics it shows how those principles apply in practice and provides a comprehensive resource for anyone studying teaching researching or practising in property law The book is written in an accessible style with frequent summaries and in both its pages and companion web site it makes use of helpful visual aids It is ideal reading for law students seeking a rock solid understanding of how property law and land law work and contains sufficient detail for use as a course book in Property Law Land Law Personal Property Law The book also provides detailed analysis of core topics in Equity Trusts Commercial Law Unjust Enrichment Restitution See the companion website for this book www.hartpub.co.uk/companion/propertylaw.html **Civil code** Idaho,1901 *The Nature of Corporate*

Governance Janet Dine, Marios Koutsias, 2013-01-01 This book presents a thoughtful inquiry into the nature and rationale of corporate governance The authors address fundamental questions including What is the balance between ownership and control For whose interests should the company be run What is the institutional balance between shareholders directors and other potential stakeholders including the economy Professor Dine and Dr Koutsias consider how these issues are dealt with by the jurisprudence of three major and greatly influential jurisdictions the USA the UK and Germany and also reflect on why and how the current corporate governance context in some states is defined by social political and historical developments The authors argue that corporate governance is crucial for the identity of each country What is revealed in the work is that when national corporate governance is thriving it allows space for democracy to flourish Corporate governance scholars policy makers LLM and LLB students of company law and corporate governance NGOs involving issues of inequality poverty and democracy will find this important book an insightful resource Encyclopedia of Politics Rodney P. Carlisle, 2005-03-17 With the Left and Right amusingly placed into left hand v 1 and right hand v 2 volumes respectively this encyclopedia contains articles on the people ideas events laws and issues associated with left and right politics in language that will be accessible to the high school and undergraduate student as well as the general reader Each entry includes cross references and a bibliography Among the topics for politics of the left are Susan B Anthony Jean Jacques Rousseau abolitionism desegregation ACLU the New Deal Solidarity and the Workingmen s Party Entries are included in each volume for 40 countries and regions giving the history and current affairs for politics in each Among the topics for the right are capitalism Darwinism censorship martial law and the Christian Coalition The contributors teach at universities worldwide some are independent scholars Carlisle is at Rutgers U Annotation 2004 Book News Inc Portland OR booknews com American Federal Tax Reports , 1924 Constitutionalism Justified Ester Herlin-Karnell, Matthias Klatt, Héctor A. Morales Zúñiga, 2020 This volume analyzes Rainer Forst s theory of the right to justification from legal philosophical and constitutional theoretical perspectives The contributions address issues such as the philosophical foundations of justification and constitutionalism the justification of human rights the requirements of social justice and important elements of constitutional law Forst responds to the contributions in a concluding chapter Law and Economics with Chinese Characteristics David Kennedy, Joseph E. Stiglitz, 2013-03-21 China s economic development offers a backdrop for developing alternative viewpoints on these issues The South Western Reporter , 1907 Includes the decisions of the Supreme Courts of Missouri Arkansas Tennessee and Texas and Court of Appeals of Kentucky Aug Dec 1886 May Aug 1892 Court of Appeals of Texas Aug 1892 Feb 1893 Jan Feb 1928 Courts of Civil and Criminal Appeals of Texas Apr June 1896 Aug Nov 1907 Court of Appeals of Indian Territory May June 1927 Jan Feb 1928 Courts of Appeals of Missouri and Commission of Appeals of Texas Classified Index of National Labor Relations Board Decisions and Related Court Decisions , 2003 A Digest of the Laws of Pennsylvania from 1700 to 1894 Pennsylvania, George Wharton Pepper, William Draper Lewis, 1898 Northeastern Reporter , 1893 Includes the
