Prophecy And The Biblical Prophets:

Prophecy and the Prophets of the Old Testament John F. A. Sawyer, John Frederick Adam Sawyer, 1987 Taking a refreshingly original approach to a familiar topic this authoritative study examines the Biblical prophets and Jewish and Christian interpretations of prophecy Beginning with a broad discussion of the phenomena of prophecy and the prophetic literature Sawyer explores the work of Old Testament prophets ranging from Moses to Huldah and Daniel to Malachi In marked contrast to other studies he pays particular attention to legends about the prophets both canonical and apocryphal many of which have been considerably more influential in the history of Western civilization than the prophets original words He concludes with a chapter on Jewish Christian and Muslim interpretation and the matter of the fulfillment of prophecy

Prophecy and the Biblical Prophets John F. A. Sawyer, 1993 A ravishing medieval demon slayer arrives in twenty first century New York to brave a strange new world and a man who will be her destiny *Prophecy and the Prophets in Ancient Israel* John Day, 2010-06-03 This major work re examines prophecy and the prophets in ancient Israel with essays ranging all the way from Israel s ancient Near Eastern background right up to the New Testament The majority of essays concentrate on prophecy and the prophets in the Old Testament which are approached from a remarkable number of different angles Particular attention is paid to the following subjects Prophecy amongst Israel s ancient Near East neighbours female prophets in both Israel and the ancient Near East Israelite prophecy in the light of sociological anthropological and psychological approaches Deuteronomy 18 9 22 the Prophets and Scripture Elijah Elisha and prophetic succession the theology of Amos Hosea and the Baal cult the sign of Immanuel the rewriting of Isaiah in Isaiah 28 31 Deutero Isaiah and monotheism Jeremiah and God Aniconism and anthropomorphism in Ezekiel Habakkuk s dialogue with God and the language of legal disputation Zephaniah and the Book of the Twelve hypothesis Structure and meaning in Malachi Prophecy and Psalmody Prophecy in Chronicles Prophecy in the New Testament **Channels of Prophecy** Thomas W.

Overholt, 2003-08-12 This edition of Channels of Prophecy The Social Dynamics of Prophetic Activity by Thomas Overhold published in 2003 is a digitally scanned reprint of the 1989 Augsburg Fortress Press edition The Failure of Bible Prophecy Sandoval Chris Sandoval, Chris Sandoval, 2010 Fundamentalists say the fulfillment of prophecy proves the divine inspiration of the Bible Supposedly the prophets predicted Jesus Christ s birth ministry death and resurrection centuries before he existed They also supposedly predicted the rise and fall of nations such as Tyre Egypt Edom and Babylon And they claim to have described the threat of Russia the founding of Israel in 1948 and the political unification of Europe Upon closer examination the claims do not hold up The so called messianic prophecies are taken out of context and have nothing to do with Jesus This book proves Nebuchadnezzar never made a wasteland out of Egypt for forty years as Ezekiel predicted The world did not end immediately after the fall of Jerusalem in 70 AD as Jesus had purportedly predicted in Matthew 24 The biblical prophets predicted nothing about Christ or Antichrist in the distant future but plenty about apocalyptic doom and

messianic glory in their own near future And much more Find out why biblical explanations of the world today do not add up and why this matters in *The Failure of Bible Prophecy* Piers Plowman and Prophecy Theodore L. Steinberg, 2019-06-26 Originally published in 1991 Piers Plowman An Approach to the C Text studies what might be called the mindscape of Piers Plowman The book argues that the C text poem is inspired by the writings of the biblical prophets The book outlines the fourteenth century background and discusses the idea of prophecy and how the biblical prophets were read as well as the role of literary models such as Wyclif and Joachim of Fiore By examining the specific aspects of the poem the book shows imaginative connections between the poem and the prophets offering a unique perspective that Langland's prophetic stance is complementary to other approaches to the poem *Bible Prophecy Exposed* R. Michael Comstock, 2013-04-04 As time goes by words can evolve and take on new meanings Examining words from the first century can help us understand how definitions have changed This book tries to determine how the people of that era recognized what the prophets were saying As you learn to interpret their language you may find the Bible takes on a whole new flavor The following are just a few issues we will address Are signs of the end times revealed in Scripture Is there a rapture and when does it happen Does the Bible disclose when Jesus return is near When does the tribulation occur Is the key to decoding prophecy found in the Bible Can secular history help us unlock some of the mysteries Old Testament Prophets for Today Carolyn J. Sharp, 2009-03-13 The prophets of the Old Testament include such well known characters as Isaiah Jeremiah Amos and Hosea There are however many other prophets both in the biblical books that bear their names and in the other histories and stories of ancient Israel Carolyn Sharp offers a brief introduction to each of the Bible's prophets and their prophetic books developing the theological themes present in each with an eye toward how the prophetic message is relevant today The For Today series was designed to provide reliable and accessible resources for the study and real life application of important biblical texts theological documents and Christian practices The emphasis of the series is not only on the realization and appreciation of what these subjects have meant in the past but also on their value in the present for today Thought provoking questions are included at the end of each chapter making the books ideal for personal study and group use **Prophecy and Hermeneutics** Christopher R. Seitz, 2007-08 This original and fruitful approach to the study of the Prophets takes seriously the questions of both exegesis and hermeneutics **The Reformation of Prophecy** G. Sujin Pak, 2018-05-31 Protestant reformers found the prophet and biblical prophecy to be exceptionally effective for framing their reforming work under the authority of Scripture for the true prophet speaks the Word of God alone and calls the people their worship and their beliefs and practices back to the Word of God uses the prophet and biblical prophecy as a powerful lens through which to view many aspects of the reformers in the sixteenth and seventeenth centuries G. Sujin Pak argues that these prophetic concepts served the substantial purposes of articulating a theology of the priesthood of all believers a biblical model of the pastoral office a biblical vision of the reform of worship and biblical processes for discerning right interpretation of Scripture Pak

demonstrates the ways in which understandings of the prophet and biblical prophecy contributed to the formation of distinct confessional identities She goes on to demonstrate the waning of explicit prophetic terminology particularly among the next generation of Protestant leadership Eventually she shows the Protestant reformers concluded that the figure of the prophet carried with it as many problems as it did benefits though they continued to give much time and attention to the exegesis of biblical prophetic writings

How to Read and Understand the Biblical Prophets Peter J. Gentry, 2017-06-20 A Concise Guide to Reading the Prophetic Books The Prophetic Books of the Bible are full of symbolic speeches dramatic metaphors and lengthy allegories a unique blend of literary styles that can make them hard to comprehend How can we know if we are reading them the way God intended them to be read In this accessible guide leading Old Testament scholar Peter Gentry identifies seven common characteristics of prophetic literature in the Bible that help us understand each book's message With illustrations and clear examples Gentry offers guidance for reading these challenging texts teaching us practical strategies for deeper engagement with the biblical text as we seek to apply God's Word to our lives today

Prophets and Personal Prophecy (Volume 1) Dr. Bill Hamon, 1987-07-01 There Are More Examples of Personal Prophecy in Scripture Than Any Other Biblical Subject Prophets and Personal Prophecy is not an abstract theological doctrinal statement but a practical how to guide on what personal prophecy is and what you are supposed to do with it This book is an absolute must for anyone who has

Christian Prophecy Niels Christian Hvidt, 2007-04-19 Throughout the Hebrew Bible God guides and saves his people through the words of his prophets When the prophets are silenced the people easily lose their way What happened after the incarnation death and resurrection of Christ Did God fall silent The dominant position in Christian theology is that prophecy did indeed cease at some point in the past if not with the Old Testament prophets then with John the Baptist with Jesus with the last apostle or with the closure of the canon of the New Testament Nevertheless throughout the history of Christianity there have always been acclaimed saints and mystics most of them women who displayed prophetic traits In recent years the charismatic revival in both Protestant and Catholic circles has once again raised the question of the place and function of prophecy in Christianity Scholarly theological attitudes toward Christian prophecy range from modest recognition to contempt Mainstream systematic theology both Protestant and Catholic has mostly marginalized or ignored the gift of prophecy In this book however Niels Christian Hvidt argues that prophecy has persisted in Christianity as an inherent and continuous feature in the life of the church Prophecy never died he argues but rather proved its dynamism by mutating to meet new historical conditions He presents a comprehensive history of prophecy from ancient Israel to the present and closely examines the development of the theological discourse that surrounds it Throughout though there is always an awareness of the critical discernment required when evaluating the charism of prophecy The debate about prophecy Hvidt shows leads to some profound insights about the very nature of Christianity and the church For example some have argued that Christianity is a perfect state and that all that is required for salvation is acceptance of its doctrines

Others have emphasized how God continues to intervene and guide his people onto the right path as the full implementation of God's salvation in Christ is still far away. This is the position that Hvidt forcefully and persuasively defends and develops in this ambitious and important work. *The Production of Prophecy* Diana Vikander Edelman, Ehud Ben Zvi, 2014-12-18

The Persian and Hellenistic periods saw the production and use of a variety of authoritative texts in Israel. The Production of Prophecy brings together a range of influential biblical scholars to examine the construction of prophecy and prophetic books during the Persian period. Drawing on methodological and comparative research and studies of particular biblical texts, the volume explores biblical prophecy as a written phenomenon, examining the prophets of the past setting this within the general history of Yehud. The relationship between prophetic and other authoritative written texts is explored, as well as the general social and ideological setting in which the prophetic books emerged. **Psychology of Prophecy** Jacob Hyman Kaplan, 1908

Biblical Prophecy Ellen F. Davis, 2014-10-17 In this fresh and expansive work, Ellen Davis offers a comprehensive interpretation of the prophetic role and word in the Christian scriptures. Davis carefully outlines five essential features of the prophetic role and then systematically examines seven representations of prophets and prophecies. Thoroughly theological, Davis's volume provides both instruction and insight for understanding prophecy in Christian tradition and discipleship. This volume concludes with a rich discussion of practical matters, including the relationship between Christian discipleship and prophetic interpretation and the role of biblical prophecy in interfaith contexts. The Biblical Prophets for Today Keith Malcolm Hunt, 2011-02-10

Nearly ONE THIRD of the Bible concerns Prophecy. And MOST of that prophecy is for the last 42 months of this age. The book of Revelation is for the Lord's day, not a day of the week, but for the prophetic time in the prophets of the Old Testament, known as the day of the Lord. All nations on earth are families grown large, and many of them moved, migrated, and settled in the lands where we find them today. Much recorded history down through the ages shows who the modern nations of the world are, where they came from, and who they were in the days of the Old Testament prophets. Much prophecy has a two-fold fulfillment: i.e., Jeremiah 30:1-9, Isaiah 11. The latter fulfillment is for the very end times, the last 42 months of this age. Luke 21:22. For these be the days of vengeance, that all things that are written may be fulfilled. With these basic keys, we can understand the Bible prophets as they speak to us for our day and beyond, into the last 42 months of this age, leading up to the glorious, powerful, mighty return of Christ Jesus to this earth and the establishing of the Kingdom of God on earth. Nearly ONE THIRD of the Bible concerns Prophecy. And MOST of that prophecy is for the last 42 months of this age. Powerless James Limburg, 1977 What is prophecy What did the biblical prophets mean Are there prophets today Where do Jeane Dixon and Edgar Cayce fit in Is prophecy misrepresented by Hal Lindsey and Erich von Daniken Here is the book to help you understand the Old Testament prophets and their relevance to society today James Limburg makes sense of the confusion surrounding prophecy and the prophets He shows how to understand what the prophets were saying to their own age and draws significant parallels to our life today The Old Testament prophets were concerned with treatment of widows orphans and the poor the powerless Their message warns us today against arrogance and indifference and calls us again to be advocates of the powerless in our own time

Dictionary of Biblical Prophecy and End Times J. Daniel Hays, J. Scott Duvall, C. Marvin Pate, 2009-05-26 All you wanted to know about biblical prophecy from A to Z the Dictionary of Biblical Prophecy is a comprehensive reference tool It is targeted for those who truly desire to understand prophecy and the end times Starting with Abomination of Desolation and continuing through hundreds of articles until Zionism this book provides helpful and interesting discussions of the entire range of biblical prophecy all at your fingertips This exhaustive work contains articles on a broad sweep of topics relevant to the study of biblical prophecy and eschatology The articles are based on solid scholarship yet are clear and accessible to the lay reader illuminating even the most complicated issues The dictionary also strives for a balanced presentation by laying out differing positions along with their strengths and weaknesses while not pushing any specific theological or interpretive agenda other than a firm commitment to seeking to understand the Scriptures This is a valuable tool you will refer to time and again

Dictionary of the Old Testament: Prophets G MCCONVILLE, MARK J BODA, 2020-05-21 The writings of the prophets make up over a quarter of the Old Testament But perhaps no other portion of the Old Testament is more misunderstood by readers today For some prophecy conjures up knotted enigmas opaque oracles and terrifying visions of the future For others it raises expectations of a plotted out future to be reconstructed from disparate texts And yet the prophets have imprinted the language of faith and imagination with some of its most sublime visions of the future nations streaming to Zion a lion lying with a lamb and endlessly fruiting trees on the banks of a flowing river We might view the prophets as stage directors for Israel's unfolding drama of redemption Drawing inspiration from past acts in that drama and invoking fresh words from its divine author these prophets speak a language of sinewed poetry their words and images arresting the ear and detonating in the mind For when Yahweh roars from Zion and thunders from Jerusalem the pastures of the shepherds dry up the crest of Carmel withers and the prophetic word buffets those selling the needy for a pair of sandals The Dictionary of the Old Testament Prophets is the only reference book of its kind Not only does it focus exclusively on the prophetic books it also plumbs their imagery of mountains and wilderness flora and fauna temple and Zion It maps and guides us through topics such as covenant and law exile and deliverance forgiveness and repentance and the Day of the Lord Here the nature of prophecy is searched out in its social historical literary and psychological dimensions as well as its synchronic spread of textual links and associations And the formation of the prophetic

books into their canonical collection including the Book of the Twelve is explored and weighed for its significance Then too contemporary approaches such as canonical criticism conversation analysis editorial redaction criticism feminist interpretation literary approaches and rhetorical criticism are summed up and assayed Even the afterlife of these great texts is explored in articles on the history of interpretation as well as on their impact in the New Testament
