Prophet, Pastor, Protestant Edward J. Furcha, H. Wayne Pipkin, Dikran Hadidian, 1984-01-01 Pittsburgh Theological Monograph New Series General Editor Dikran Y Hadidian *Original Sin and Everyday Protestants* Finstuen, 2010-07-13 In the years following World War II American Protestantism experienced tremendous growth but conventional wisdom holds that midcentury Protestants practiced an optimistic progressive complacent and materialist faith In *Original Sin and Everyday Protestants* historian Andrew Finstuen argues against this prevailing view showing that theolog Frömmigkeit, Theologie, Frömmigkeitstheologie Berndt Hamm, Gudrun Litz, Heidrun Munzert, Roland Liebenberg, 2005 The history of belief piety and theology Frommigkeitgeschichte has long stood in the center of Erlangen church historian Berndt Hamm s research interest Inspired by his work scholars from Europe and the U S have produced this interdisciplinary volume covering topics from the early Middle Ages to the present and dedicate it to him on his sixtieth birthday Theologie und frommigkeitgeschichtlichen Phänomenen gilt das besondere Forschungsinteresse des Erlanger Kirchenhistorikers Berndt Hamm Die Impulse aus seinen Forschungen aufnehmend widmen ihm Forscher innen aus Europa und den USA zum 60 Geburtstag diesen interdisziplinär angelegten Sammelband mit Beiträgen vom Frühmittelalter bis zur Gegenwart *The Reformation of Prophecy* G. Sujin Pak, 2018-05-31 Protestant reformers found the prophet and biblical prophecy to be exceptionally effective for framing their reforming work under the authority of Scripture for the true prophet speaks the Word of God alone and calls the people their worship and their beliefs and practices back to the Word of God uses the prophet and biblical prophecy as a powerful lens through which to view many aspects of the reformers in the sixteenth and seventeenth centuries G Sujin Pak argues that these prophetic concepts served the substantial purposes of articulating a theology of the priesthood of all believers a biblical model of the pastoral office a biblical vision of the reform of worship and biblical processes for discerning right interpretation of Scripture Pak demonstrates the ways in which understandings of the prophet and biblical prophecy contributed to the formation of distinct confessional identities She goes on to demonstrate the waning of explicit prophetic terminology particularly among the next generation of Protestant leadership Eventually she shows the Protestant reformers concluded that the figure of the prophet carried with it as many problems as it did benefits though they continued to give much time and attention to the exegesis of biblical prophetic writings **Christ's Churches Purely Reformed** Philip Benedict, 2008-10-01 This sweeping and eminently readable book is the first synthetic history of Calvinism in almost fifty years It tells the story of the Reformed tradition from its birth in the cities of Switzerland to the unraveling of orthodoxy amid the new intellectual currents of the seventeenth century As befits a pan European movement Benedict s canvas stretches from the British Isles to Eastern Europe The course and causes of Calvinism s remarkable expansion the inner workings of the diverse national churches and the theological debates that shaped Reformed doctrine all receive ample attention The English Reformation is situated within the history of continental Protestantism in a way that

reveals the international significance of English developments A fresh examination of Calvinist worship piety and discipline permits an up to date assessment of the classic theories linking Calvinism to capitalism and democracy Benedict not only paints a vivid picture of the greatest early spokesmen of the cause Huldrych Zwingli and John Calvin but also restores many lesser known figures to their rightful place Ambitious in conception attentive to detail this book offers a model of how to think about the history and significance of religious change across the long Reformation era **Reformation and Modern**

Whitford, 2015-08-28 This title

presents the European Reformation as seen through the life of an important but little known participant Philipp of Hesse a nobleman who became a Reformation leader in Germany The Reformation was the most cataclysmic event in Western Christianity An ideal resource for undergraduate history students and general readers this title provides an accessible human narrative through the complex events of the period that many find bewildering History comes alive and events unfold through the eyes of Philipp of Hesse a German nobleman who ascended to becoming a key Reformation leader The book begins with a detailed survey of the Holy Roman Empire at the turn of the 16th century and provides chronological coverage of Philipp's life and role in the Reformation through to after his death in 1567 after which Calvinism rose within the empire The chapters document how Philipp of Hesse knew every major figure of the German Reformation participated in every major Reformation era imperial diet was present at every important event in the Lutheran dominated foundational period of 1521 to 1555 and became a leading Lutheran prince in the Holy Roman Empire Additionally the work thoroughly documents the connections between religion politics and society and explains the important role of the German nobility in the development of the Reformation **God, Creation, and Salvation** Oliver D. Crisp, 2020-01-09 This collection of studies in theology is written

from the perspective of one from within the Christian faith and seeking greater understanding of the doctrinal deposit of that faith As a leading scholar in Christian and analytic theology Oliver D Crisp summarizes and analyses Christian doctrine written in the form of traditional dogmatics Beginning with issues concerning the task of theology Crisp explores the

challenges to systematic theology as a discipline the uses of Scripture in theological discourse and the reception of the theology of John Calvin He then moves issues at the centre of serious theological debate in recent theology the relationship between God and abstract objects in the thought of Jonathan Edwards and theological anthropology This volume culminates with studies that focus on central and defining issues in contemporary systematic and philosophical theology taking forward a constructive theological program in dialogue with important figures in the Christian tradition and engaged with some of the best contemporary theological scholarship

Do this in Remembrance of Me Bryan D. Spinks, 2014-02-10 Bryan Spinks is one of the world's leading scholars in the field of liturgy and to have a comprehensive work by him on the Eucharist is a major catch for SCM Like the author's previous work on Baptism this will become a standard work about the Eucharist and Eucharistic theology worldwide The book a study of the history and theology of the Eucharist is the fifth volume in the SCM Studies in Worship and Liturgy series and will help to establish the series as a place for landmark books of liturgical scholarship

Are You Alone Wise? Susan Schreiner, 2011-01-11 The topic of certitude is much debated today On one side commentators such as Charles Krauthammer urge us to achieve moral clarity On the other those like George Will contend that the greatest present threat to civilization is an excess of certitude To address this uncomfortable debate Susan Schreiner turns to the intellectuals of early modern Europe a period when thought was still fluid and had not yet been reified into the form of rationality demanded by the eighteenth and nineteenth centuries Schreiner argues that Europe in the sixteenth century was preoccupied with concerns similar to ours both the desire for certainty especially religious certainty and warnings against certainty permeated the earlier era Digging beneath overt theological and philosophical problems she tackles the underlying fears of the period as she addresses questions of salvation authority the rise of skepticism the outbreak of religious violence the discernment of spirits and the ambiguous relationship between appearance and reality In her examination of the history of theological polemics and debates as well as other genres Schreiner sheds light on the repeated evaluation of certainty and the recurring fear of deception Among the texts she draws on are Montaigne's Essays the mystical writings of Teresa of Avila the works of Reformation fathers William of Occam Luther Thomas Muntzer and Thomas More and the dramas of Shakespeare The result is not a book about theology but rather about the way in which the concern with certitude determined the theology polemics and literature of an age

Theology of the Reformers Timothy George, 2013-09-01 A comprehensive historical and theological overview of five principal figures from the Reformation Martin Luther Huldrych Zwingli John Calvin Menno Simons and in this revised and expanded edition William Tyndale

Barrett,2023-06-06 A holistic eye opening history of one of the most significant turning points in Christianity The Reformation as Renewal demonstrates that the Reformation was at its core a renewal of evangelical catholicity In the sixteenth century Rome charged the Reformers with novelty as if they were heretics departing from the catholic universal church But the Reformers believed they were more catholic than Rome Distinguishing themselves from Radicals the Reformers were convinced they were retrieving the faith of the church fathers and the best of the medieval Scholastics The Reformers saw themselves as faithful stewards of the one holy catholic and apostolic church preserved across history and they insisted on a restoration of true worship in their own day By listening to the Reformers own voices The Reformation as Renewal helps readers explore The Reformation s roots in patristic and medieval thought and its response to late medieval innovations Key philosophical and theological differences between Scholasticism in the High Middle Ages and deviations in the Late Middle Ages The many ways sixteenth and seventeenth century Protestant Scholastics critically appropriated Thomas Aquinas The Reformation s response to the charge of novelty by an appeal to the Augustinian tradition Common caricatures that charge the Reformation with schism or assume the Reformation was the gateway to secularism The spread of Reformation catholicity across Europe as seen in first and second generation leaders from Luther and Melanchthon in Wittenberg to Zwingli and Bullinger in Zurich to Bucer and Calvin in Strasbourg and Geneva to Tyndale Cranmer and Jewel in England and many others The theology of the Reformers with special attention on their writings defending the catholicity of the Reformation This balanced insightful and accessible treatment of the Reformation will help readers see this watershed moment in the history of Christianity with fresh eyes and appreciate the unity they have with the church across time Readers will discover that the Reformation was not a new invention but the renewal of something very old **The Flesh of the**

Word K.J. Drake,2021-04-13 The extra Calvinisticum the doctrine that the eternal Son maintains his existence beyond the flesh both during his earthly ministry and perpetually divided the Lutheran and Reformed traditions during the Reformation This book explores the emergence and development of the extra Calvinisticum in the Reformed tradition by tracing its first exposition from Ulrich Zwingli to early Reformed orthodoxy Rather than being an ancillary issue the questions surrounding the extra Calvinisticum were a determinative factor in the differentiation of Magisterial Protestantism into rival confessions

Reformed theologians maintained this doctrine in order to preserve the integrity of both Christ's divine and human natures as the mediator between God and humanity. This rationale remained consistent across this period with increasing elaboration and sophistication to meet the challenges leveled against the doctrine in Lutheran polemics. The study begins with Zwingli's early use of the extra Calvinisticum in the Eucharistic controversy with Martin Luther and especially as the alternative to Luther's doctrine of the ubiquity of Christ's human body. Over time Reformed theologians such as Peter Martyr Vermigli and Antoine de Chandieu articulated the extra Calvinisticum with increasing rigor by incorporating conciliar christology, the church fathers and scholastic methodology to address the polemical needs of engagement with Lutheranism. *The Flesh of the Word* illustrates the development of christological doctrine by Reformed theologians offering a coherent historical narrative of Reformed christology from its emergence into the period of confessionalization. The extra Calvinisticum was interconnected to broader concerns affecting concepts of the union of Christ's natures, the communication of attributes and the understanding of heaven.

The Community of the Word Mark Husbands, Daniel J. Treier, 2009-09-20. Do North American evangelicals have a clear and strong doctrine of the church? Can we generate one? In this volume editors Mark Husbands and Daniel J. Treier bring together thirteen scholars and teachers to explore the history of evangelical ecclesiology and the continuing discussion regarding the nature of the church, the question of sacraments, the relation of church to society and the church's moral character and missional witness. Contributors include William J. Abraham, Gary D. Badcock, Craig A. Carter, Ellen T. Charry, William A. Dyrness, Darrell L. Guder, D. G. Hart, Willie James Jennings, Dennis L. Okholm, James K. A. Smith, Allen Verhey, John Webster and Jonathan R. Wilson.

Peter Martyr Vermigli and Predestination Frank A. James, 1998. This study is an inquiry into the intellectual origins of the Reformed branch of Protestantism, generally called Calvinism. It focuses on the early theologian who gave formative shape to Reformed theology, Peter Martyr Vermigli.

The Judaizing Calvin G. Sujin Pak, 2010. By exploring how Martin Luther, Martin Bucer and John Calvin interpreted a set of eight messianic psalms (Psalms 2, 8, 16, 22, 45, 72, 110, 138), Sujin Pak elucidates key debates about Christological exegesis during the era of the Protestant reformation. More particularly, Pak examines the exegeses of Luther, Bucer and Calvin in order to reveal their particular theological emphases and reading strategies, to identify their debates over the use of Jewish exegesis and the factors leading to charges of judaizing leveled against Calvin, and to demonstrate how Psalms reading and the accusation of judaizing serve distinctive purposes of confessional identity formation. In this way, she portrays the beginnings of those distinctive trends that separated Lutheran and Reformed exegetical

principles *Recovering the Evangelical Sacrament* Anthony R. Cross, 2012-12-06 The subject of baptism continues to be of considerable interest though it frequently appears within broader studies of sacraments liturgy worship and ecumenical studies and within confessional bounds credobaptist or paedobaptist yet it is rarely discussed by Evangelicals This book however is neither an apologetic for credobaptism nor paedobaptism rather Cross believes that as practiced today both forms are a departure from New Testament baptism which he maintains was an integral part of becoming a Christian and part of the proclaimed gospel He argues that the one baptism of Ephesians 4 5 is conversion baptism and that the baptism referred to in the various New Testament strata refers to this one baptism of Spirit and water The study sets out the case for this interpretation and contends that in key passages baptism is an example of synecdoche The case is then made for a sacramental interpretation of baptism from a thoroughgoing Evangelical perspective Cross concludes with reflections on the necessity of baptismal reform and the relevance of a return to conversion baptism for the contemporary church in a post Christian post Christendom mission setting Reformed Preaching Joel Beeke, 2018-10-15 Preaching today all too often tragically misses the point We ve all heard sermons that sound more like a lecture filling the head but not the heart And we ve all heard sermons tailored to produce an emotional experience filling the heart but not the head But biblical preaching both informs minds and engages hearts giving it the power to transform lives By the Spirit s grace biblical preaching brings truth home from the heart of the preacher to the heart of the hearer Joel Beeke a pastor and professor of preaching with over four decades of experience explores the fundamental principles of Reformed experiential preaching examining sermons by preachers from the past and bridging the historical gap by showing pastors what the preaching of God s life transforming truth looks like today
