## **Prophetic Pastoral Practice:**

*Prophetic Witness in World Christianities* Annemie Dillen, Anne Vandenhoeck, 2011 Prophets have a reputation of changing for the better the relationship between people and God Christianity has a long history of prophets who have directed the faithful towards more justice and righteousness What can Christians learn from prophets for daily life for contemporary theology and for pastoral care This book looks at prophetic action from a biblical pastoral and ethical perspective The contributions from both pastoral theologians and pastors from around the globe make this study a unique exercise in maintaining the prophetic perspective in theological reflection and pastoral practice Series International Practical Theology Vol 13      **Prophetic Preaching** Leonora Tubbs Tisdale, 2010-08-09 Where have all the prophets gone And why do preachers seem to shy away from prophetic witness Astute preacher Leonora Tisdale considers these vexing questions while providing guidance and encouragement to pastors who want to recommit themselves to the task of prophetic witness With a keen sensitivity to pastoral contexts Tisdale's work is full of helpful suggestions and examples to help pastors structure and preach prophetic sermons considered by many to be one of the most difficult tasks pastors are called to undertake

Preaching Like the Prophets Robert A. Carlson, 2017-02-08 The Old Testament prophets are a neglected treasury of biblical examples for pastoral preaching Too often the prophets are misunderstood as focusing on future or social justice issues This book shows that the prophets are essentially preachers very good ones whom we must learn from By comparing recent rhetorical analysis of the prophets to some of the best of current preaching literature this book shows that the prophets preached the way that we ought to preach It will help you to hear the prophets the same way that a pastor benefits from listening to a seasoned and exceptionally gifted preacher We can benefit not only from what the prophets say but how they say it By seeing how the prophets grab and keep their listeners how they enhance clarity and relevancy how they make truth come alive and how they persevere in their ministry you too can learn to preach like the prophets      *Prophetic Pastoral Practice* Charles V. Gerkin, 1991 Continuing the work begun in *The Living Human Document* Charles V Gerkin develops his efforts to do pastoral and practical theology in a hermeneutical mode Probing the disintegration of norms within the church and within society at large Gerkin proposes that counselors can no longer simply use secular helping techniques but must embody the core values of Christianity in providing counseling      *Ethnography as a Pastoral Practice* Mary Clark Moschella, 2023-02-28 Ethnography is a way to tap the deep undercurrents in a community through a process of gathering analyzing and sharing data Fully revised and updated for this second edition *Ethnography as a Pastoral Practice* has quickly become the go to textbook for those in or training for ministry who want to discover how they can use ethnography to help them hear the stories of those to whom they minister Setting forth the case for ethnography's ability to galvanize aspirations and heal communal hurt this book presents the helpful pastoral practice of ethnography in a clear step by step manner and includes many compelling case studies of transformational leadership *Ethnography as a Pastoral Practice* invites us to open

our eyes ears and hearts to those in our congregations      *Understanding Prophetic Ministry* Pastor Tewodros Assefa Damtew, 2023-09-12 With the advent of social media and its inherent ability to make people's words go viral abundant opportunities exist for false prophecies to flourish in the church People are drawn to these prophets to ease anxiety fulfill wants or know the future But when these men and women aren't speaking God's words they can lead people astray and turn their eyes from our Savior and Lord Jesus Christ In *Understanding Prophetic Ministry* author Tewodros Assefa Damtew addresses this danger by highlighting the benchmarks and characteristics of the true prophets of God and providing practical instructions on how to deal in love with the false prophets that will arise these days Pastor Damtew bases his words on biblical truth and rigorous theological study and his teaching provides transformative insights and guidance to all those interested in learning more about prophecy and other ministerial gifts in the church With topics ranging from the restoration of the prophetic ministry to the infiltration of false prophets this is a must read for Bible students visionaries church leaders and the laity Relevant timely and straightforward *Understanding Prophetic Ministry* will be a valuable resource in Bible colleges and seminaries church and personal libraries and small group studies      **Care-full Preaching** G. Lee Ramsey, 2012-03-15 In *Care full Preaching* G Lee Ramsey Jr offers a new vision for how sermons can energize all members of a congregation to care for one another Using fresh images and sermons from Fred Craddock James Forbes Gina Stewart Barbara Brown Taylor and himself Ramsey demonstrates in practical ways how sermons can create a caring community

**Taking It to the Streets** Jennifer Baldwin, 2018-12-18 *Taking It to the Streets* Public Theologies of Activism and Resistance is an edited volume that explores the critical intersection of public theology political theology and communal practices of activism and political resistance This volume functions as a sister companion to the text *Religion and Science as Political Theology Navigating Post Truth and Alternative Facts* and focuses on public civic performative action as a response to experiences of injustice and diminishment of humanity There are periods in a nation's civil history when the tides of social unrest rise into waves upon waves of public activism and resistance of the dominant uses of power In American history activism and public action including and extending beyond the Women's Suffrage the Million Man March protests against the Vietnam War the Civil Rights Movement Boston Tea Party Black Lives Matter the Stonewall Rebellion are hallmarks of transitional or liminal moments in our development as a society Critical periods marked by increases in public activism and political resistance are opportunities for a society to once again decide who we will be as a people Will we move towards a more perfect union in which all persons gain freedom in fulfilling their potential or will we choose the perceived safety of the status quo and established norms of power Whose voices will be heard Whose will be silenced through intimidation or harm Ultimately these are theological questions Like other forms of non textual research subjects movement dance performance art public activism requires a set of research lenses that are often neglected in theological and religious studies Attention to bodies as a category performance or epistemological vehicle is sorely lacking so it is no wonder that attention to the mass of

moving bodies in activism is largely absent Activism and public political resistance are a hallmark of our current social webbing and deserve scholarly attention

**The Oxford Handbook of the Prophets** Carolyn Sharp, 2016-09-01 The Latter Prophets Isaiah Jeremiah Ezekiel and the Book of the Twelve comprise a fascinating collection of prophetic oracles narratives and vision reports from ancient Israel and Judah Spanning centuries and showing evidence of compositional growth and editorial elaboration over time these prophetic books offer an unparalleled view into the cultural norms theological convictions and political disputes of Israelite communities caught in the maelstrom of militarized conflicts with the empires of ancient Egypt Babylonia and Persia Instructive for scholar and student alike The Oxford Handbook of the Prophets features wide ranging discussion of ancient Near Eastern social and cultic contexts exploration of focused topics such as the persona of the prophet and the problem of violence in prophetic rhetoric sophisticated historical and literary analysis of key prophetic texts issues in reception history from these texts earliest reinterpretations at Qumran to Christian appropriations in contemporary homiletics feminist materialist and postcolonial readings engaging the insights of influential contemporary theorists and more The diversity of interpretive approaches clarity of presentation and breadth of expertise represented here will make this Handbook indispensable for research and teaching on the Latter Prophets

**Preaching Prophetic Care** Phillis Isabella Sheppard, Dawn Ottoni-Wilhelm, Ronald J. Allen, 2018-06-25 Preachers often think of prophetic preaching in the caricature of the prophet as the lonely outsider confronting the congregation often angrily with the congregation's complicity in social injustice and with a bracing call for repentance The twenty seven essays and sermons in this book offer a different perspective by viewing prophetic preaching specifically and ministry practical theology and theological education more broadly as pastoral care for the community in prophetic perspective Such preaching does indeed bring a critical theological analysis of justice concerns to the center of the sermon but in such a way as to invite the congregation to consider how the move toward justice is a pastoral move that is a move that seeks to build up community Rather than contributing to the polarization so rampant in today's social world the preacher seeks to help the congregation build bridges along which concern for justice can travel The contributions honor the work of the late Dale Andrews a scholar of preaching and practical theology at the Divinity School Vanderbilt University whose seminal work inspires the notions of prophetic care and building bridges to justice

Ritual Practices in Congregational Identity Formation Timothy D. Son, 2014-05-08 Ritual Practices in Congregational Identity Formation investigates the educational roles of ritual practices in the process of congregational identity formation Son identifies and analyzes various kinds of Christian rituals with respect to how rituals influence the formational processes of a congregation's identity Based on Victor Turner's ritual theory this book also investigates the pedagogical and transformative efficacies of ritual practices within the dynamics of congregational education
