The Prophetic Voice in Modern Fiction William Randolph Mueller, 1959 Six major modern novels are examined in light of the biblical doctrines they express     The Prophetic Voice in Modern Fiction William R. Müller, 1966     **Prophecy's Shadow: Exploring the Future in Literature** Pasquale De Marco, 2025-07-07 Prophecy's Shadow Exploring the Future in Literature delves into the enigmatic realm of prophecy examining its origins manifestations psychological underpinnings and ethical implications throughout history and across cultures From the enigmatic oracles of ancient Greece to the visionary poets of the Romantic era and the self proclaimed prophets of our own time this book explores the diverse and ever evolving nature of prophecy It examines the ways in which prophecy has shaped the course of history from inspiring social movements to inciting wars and persecutions and the profound impact it has had on our collective consciousness Through a multidisciplinary approach Prophecy's Shadow draws on insights from literature history psychology and philosophy to unravel the mysteries of prophecy It explores the cognitive biases that make us susceptible to prophetic claims the role of emotion in shaping our beliefs and the dangers of unchecked prophecy in a world grappling with uncertainty and division At the heart of this exploration is the enduring question What is the nature of prophecy Is it a divine gift a psychological phenomenon or a mere product of wishful thinking Can the future truly be known or are we forever condemned to navigate the uncertainties of time As we stand on the cusp of a new era marked by unprecedented technological advancements and global interconnectedness the need for prophecy seems more urgent than ever before In a world where the future feels both tantalizingly close and profoundly uncertain we yearn for voices that can help us make sense of the chaos and guide our path forward Prophecy's Shadow offers no easy answers but it provides a deeper understanding of the complex and multifaceted nature of prophecy It invites readers to question their own assumptions to critically examine the claims of prophets and to embrace the inherent uncertainty of the future Ultimately this book is a testament to the enduring human fascination with prophecy and its profound impact on our lives It is a timely and thought provoking exploration of the ways in which we seek to know the future and the consequences of our beliefs If you like this book write a review on google books     *Voegelinian Readings of Modern Literature* Charles R.
