Prophets In Combat The Nicaraguan Journal Of Bishop Pedro Casaldaliga:

Prophets in Combat Pedro Casaldáliga,1987 **Prophets in Combat** Pedro Casaldáliga,1987 Notes from an emergency diary Gospel insurrection To the border Ministry of Consolation Ministry of the border The odor of death That the world may know **The Real Contra War** Timothy Charles Brown,2001 The Contra War and the Iran Contra affair that shook the Reagan presidency were center stage on the U S political scene for nearly a decade According to most observers the main Contra army or the Fuerza Democrática Nicaragüense FDN was a mercenary force hired by the CIA to oppose the Sandinista socialist revolution The Real Contra War demonstrates that in reality the vast majority of the FDN's combatants were peasants who had the full support of a mass popular movement consisting of the tough independent inhabitants of Nicaragua's central highlands The movement was merely the most recent instance of this peasantry's one thousand year history of resistance to those they saw as would be conquerors The real Contra War struck root in 1979 even before the Sandinistas took power and during the next two years grew swiftly as a reaction both to revolutionary expropriations of small farms and to the physical abuse of all who resisted Only in 1982 did an offer of American arms persuade these highlanders to forge an alliance with former Guardia anti Sandinista exiles those the outside world called Contras Relying on original documents interviews with veterans and other primary sources Brown contradicts conventional wisdom about the Contras debunking most of what has been written about the movement's leaders origins aims and foreign support **Latin American Liberation Theology** David Tombs,2021-11-08 David Tombs offers an accessible introduction to the theological challenges raised by Latin American Liberation and a new contribution to how these challenges might be understood as a chronological sequence Liberation theology emerged in the 1960s in Latin America and thrived until it reached a crisis in the 1990s This work traces the distinct developments in thought through the decades thus presenting a contextual theology The book is divided into five main sections the historical role of the church from Columbus's arrival in 1492 until the Cuban revolution of 1959 the reform and renewal decade of the 1960s the transitional decade of the 1970s the revision and redirection of liberation theology in the 1980s and a crisis of relevance in the 1990s This book offers insights into liberation theology's profound contributions for any socially engaged theology of the future and is crucial to understanding liberation theology and its legacies This publication has also been published in paperback please click here for details *Liberation Theologies* Ronald G. Musto,2020-11-25 First Published in 1991 The following is a comprehensive scholarly bibliography of published materials on the varieties of liberation theology mostly in book form available in English It is intended as an introductory survey to this vast and quickly expanding field for the teacher and student of contemporary theology of biblical hermeneutics and to the interrelationship of politics and religion around the world It will also serve as a comprehensive bibliography The New Cold War? Mark Juergensmeyer,1993-05-10 This study paints a provocative picture of the new religious revolutionaries altering the political landscape of the Middle East South and Central Asia and Eastern Europe The author

asks whether religious confrontations with secular authorities will lead to a new Cold War Global Rebellion Mark Juergensmeyer, 2008-05-16 Why has the turn of the twenty first century been rocked by a new religious rebellion From al Qaeda to Christian militias to insurgents in Iraq a strident new religious activism has seized the imaginations of political rebels around the world Building on his groundbreaking book *The New Cold War Religious Nationalism Confronts the Secular State* Mark Juergensmeyer here provides an up to date road map through this complex new religious terrain Basing his discussion on interviews with militant activists and case studies of rebellious movements Juergensmeyer puts a human face on conflicts that have become increasingly abstract He revises our notions of religious revolution and offers positive proposals for responding to religious activism in ways that will diminish the violence and lead to an accommodation between radical religion and the secular world **Bulletin of the Nicaragua Information Center** ,1986-06 The Spirit of Violence Christopher Candland, 1992 *La guerra del papa* Matthew Fox, 2012-07-26T00:00:00+02:00 Dall autore di In principio era la gioia un attacco alle dottrine di Benedetto XVI e all intera gerarchia vaticana La guerra del papa racconta la storia di tre decenni di corruzione spirituale politica ed economica all interno della Chiesa cattolica concentrandosi sulla figura di Joseph Ratzinger da teologo progressista durante il Concilio Vaticano II a inquisitore capo sotto Giovanni Paolo II fino all elezione come suo successore **The Silencing of Leonardo Boff** Harvey Cox, 1988 **Nicaragua** Ralph Lee Woodward, 1994 Annotation An annotated bibliography of publications dealing with all aspects of Nicaragua s past and present Sections on history politics foreign relations and the economy cover the country s progress from colonial domination to the present Includes a substantial number of publications on the country which appeared in the 1980s Annotation copyright by Book News Inc Portland OR **In Pursuit of the Kingdom** Pedro Casaldáliga, 1990 *Christian Social Action* ,1988 *Free from Fear* Pamela Hussey, 1989 Missiology ,1989 An international review The Catholic Periodical and Literature Index ,1992 **War Against the Poor** Jack Nelson-Pallmeyer, 2017-01-09 The strategy of low intensity conflict or LIC is a little known yet sophisticated and deadly form of U S intervention in the Third World Drawing heavily on his own experience of living and working in Central America Nelson Pallmeyer shows how LIC victimizes the poor through various techniques disinformation manipulation of elections economic exploitation even as with the contras in Nicaragua outright terrorism Low intensity conflict does more than disable the poor It also threatens U S democracy and undermines Christian faith By integrating economic psychological diplomatic and military aspects of war into a unified package designed to manage or block social change in the Third World U S special interests use LIC to protect their elite positions and profits So cynical in outline and so damaging in practice Nelson Pallmeyer argues LIC presents Christians in the United States with a situation similar to that faced by the Confessing Churches in Nazi Germany *Kingdom to Commune* Patricia Faith Appelbaum, 2009 *Kingdom to Commune* Protestant Pacifist Culture between World War I and the Vietnam Era **CIIR News** ,1986
