Propinquity In Small Towns:

Propinquity in Small Towns H.M. Magnuson, 2005-09-01 The coalitions of the center that run American communities are guided by an informal mix of several decalogues When one of their number is ill served by blind justice they will revise temporarily a tenet and give it ad hoc application One example is found in the discovery of justifiable homicide Another allows adding discreet amounts of wild oats into an aloof couples breakfast cereal

Informal Communication and Propinquity Among Volunteer Clinical Faculty in a Medical School David McClellan Price, 1974

Interpreting Rurality Gary Bosworth, Peter Somerville, 2013-10-15 The British countryside is a national institution most people aspire to live there many people use it for leisure and recreation and we can all watch rural life played out on our television screen read about it in novels or consume its imagery in art and cinematography The aim of this book is to explore the way that these aspirations and perceptions influence the way that the term rural is interpreted across different academic disciplines Definitions of rural are not exact leaving room for these interpretations to have a significant impact on the meanings conveyed in different areas of research and across different economic social and spatial contexts In this book contributors present research across a range of subjects allowing critical reflections upon their personal and disciplinary interpretations of rural This resulting volume is a collection of diverse chapters that gives an emergent sense of how the notion of rural changes and blurs as the disciplinary lens is adjusted In drawing together these strands it becomes clear that human relations with rural space morph materiality into highly complex representations wherein both disadvantage and social exclusion persist within a rurality that is also commodified consumed and cherished

Rural and Small Town America Glenn V. Fuguitt, David L. Brown, Calvin L. Beale, 1989-11-21 Important differences persist between rural and urban America despite profound economic changes and the notorious homogenizing influence of the media As Glenn V Fuguitt David L Brown and Calvin L Beale show in *Rural and Small Town America* the much heralded disappearance of small town life has not come to pass and the nonmetropolitan population still constitutes a significant dimension of our nation's social structure Based on census and other recent survey data this impressive study provides a detailed and comparative picture of rural America The authors find that size of place is a critical demographic factor affecting population composition rural populations are older and more predominantly male than urban populations the distribution of poverty urban poverty tends to be concentrated in neighborhoods rural poverty may extend over large blocks of counties and employment opportunities job quality and income are lower in rural areas though rural occupational patterns are converging with those of urban areas In general rural and small town America still lags behind urban America on many indicators of social well being Pointing out that rural life is no longer synonymous with farming the authors explore variations among nonmetropolitan populations They also trace the impact of major national trends the nonmetropolitan growth spurt of the 1970s and its current reversal for example or changing fertility rates on rural life and on the relationship between metropolitan and nonmetropolitan communities By describing the special characteristics

and needs of rural populations as well as the features they share with urban America this book clearly demonstrates that a more accurate picture of nonmetropolitan life is essential to understanding the larger dynamics of our society A Volume in the Russell Sage Foundation Census Series *The Ashgate Research Companion to Planning Theory* Patsy Healey, 2016-11-03 At a time of potentially radical changes in the ways in which humans interact with their environments through financial environmental and or social crises the raison d tre of spatial planning faces significant conceptual and empirical challenges This Companion presents a multidimensional collection of critical narratives of conceptual challenges for spatial planning The authors draw on various disciplinary traditions and theoretical frames to explore different ways of conceptualising spatial planning and the challenges it faces Through problematising planning itself the values which underpin planning and theory practice relations contributions make visible the limits of established planning theories and illustrate how by thinking about new issues or about issues in new ways spatial planning might be advanced both theoretically and practically There cannot be definitive answers to the conceptual challenges posed but the authors in this collection provoke critical questions and debates over important issues for spatial planning and its future A key question is not so much what planning theory is but what might planning theory do in times of uncertainty and complexity An underlying rationale is that planning theory and practice are intrinsically connected The Companion is presented in three linked parts issues which arise from an interactive understanding of the relations between planning ideas and the political institutional contexts in which such ideas are put to work key concepts in current theorising from mainly poststructuralist perspectives and what discussion on complexity may offer planning theory and practice [Encyclopedia of Human Relationships](#) Harry T. Pathetic Literature Eileen Myles, 2022-11-15 An utterly unique collection composed by the award winning poet and writer a global anthology of pieces from lesser known classics by luminaries like Franz Kafka Samuel R Delany and Gwendolyn Brooks to up and coming writers that examine pathos and feeling giving a well timed rehab to the word pathetic *Literature is pathetic* So claims Eileen Myles in their provocative and robust introduction to *Pathetic Literature* a breathtaking mishmash of pieces ranging from poems to theater scripts to prose to anything in between all exploring the so called pathetic or awkwardly felt moments and revelations around which lives are both built and undone Myles first reclaimed the word for a seminar they taught at the University of California San Diego in the early 2000s rescuing it from the derision into which it had slipped and restoring its original meaning of inspiring emotion or feeling from the Ancient Greek rhetorical method pathos Their identification of pathetic as ripe for reinvention forms the need for this anthology which includes a hearty 106 contributors encompassing canonical global stars like Robert Walser Jorge Luis Borges Rumi and Gwendolyn Brooks literary libertines like Dodie Bellamy Samuel R Delany and Bob Flanagan as well as extraordinary writers on the rise including Nicole Wallace Precious Okoyomon and Will Farris Wrenching and discomfiting prose by Karla Cornejo Villavicencio Jack Halberstam and Porochista Khakpour rubs shoulders with poems by Natalie Diaz Victoria Chang Lucille Clifton and Ariana Reines and butts up against fiction from Chester Himes Djuna Barnes Chris Kraus and Qiu Miaojin among so many others including Myles s own opening salvo of their 1992 presidential campaign The result is a completely anomalous and uplifting anthology that encourages a fresh political discourse on literature as well

as supplying an essential compendium of pained awkward queer trans gleeful and ever jarring ways to think differently and live pathetically on a polarized and fearful planet *The Economic Development Context of Population Distribution Issues* Larry C. Ledebur, 1977 Routledge International Handbook of Critical Policing Studies Nicole L. Asquith, Jess Rodgers, James Clover, Gary Cordner, Angela Dwyer, Rishweena Ahmed, 2025-06-06 Critical analyses of policing have accompanied accounts of the police since the early days of modern police organisations More so than ever police and policing are subject to close and critical scrutiny from governments and the public It is timely therefore to consider what is critical about police and policing The Routledge International Handbook of Critical Policing Studies brings together scholars and practitioners to critically explore the full continuum of safety governance from police reforms to the redistribution of policing resources to the replacement of state police In offering the three Rs of policing reform redistribute replace we provide a conceptualisation of critical policing studies that acknowledges a continuum of policing that mirrors the different trajectories priorities and possibilities that exist across different cultural and historical contexts This collection is composed of 65 scholars and practitioners across 39 chapters edited by a team of police academics and policing scholars to showcase accounts of policing from outside the Anglo European metropole privileging works from First Nations people and from the Global South and presenting contextualised solutions to the problems facing police and communities This Handbook identifies the key issues facing the police and safety governance across the globe and offers insights into the implications for policing theory and practice proposing solutions to some of the most intransigent problems facing contemporary societies Individually and as a collection this Handbook will be an essential read for scholars practitioners and activists alike

Outing and the Wheelman, 1904 **21st Century Sociology: A Reference Handbook** Clifton D. Bryant, Dennis L. Peck, 2007 Publisher Description **Cottage Country in Transition** Greg Halseth, 1998-09-30 Using the Rideau Lakes region of eastern Ontario and the Cultus Lake area of southwestern British Columbia as case studies Greg Halseth examines the ways in which economic political and social power affect community change He focuses on specific issues such as residential change land use planning property taxation and social organization Moving beyond empirical research Halseth sets the changes occurring in these communities within a broader intellectual context of community power and commodification of the rural idyll He pays particular attention to how general processes and pressures work themselves out in particular places Written in an accessible style Cottage Country in Transition will be of great interest to rural geographers planners sociologists and community researchers as well as to rural residents and cottage owners *The Secret Life of Cities* Helen Jarvis, Andy C. Pratt, Peter Cheng-Chong Wu, 2016-07-01 Contemporary urbanisation has two faces global flows of people money and information and that of localised social and economic disparities Recent research has focused on the headlines of global cities as control centres of the world economy and social and economic shock waves that have raged through cities and regions but less attention has been paid to the secret life of cities and the changing nature of everyday life

in the wake of such changes This book challenges current research and policy agendas recommending spatial concentration and relocation as a solution to the problems of environmental sustainability and social dislocation Instead this book highlights the key linkages between social and environmental problems it argues that neither are likely to be resolved with a simple spatial fix The book draws attention to local contexts of contemporary urbanisation emphasising consideration of policy making from the perspective of the household as a key unit of analysis in identifying links between labour and housing markets transport and leisure This book draws upon detailed household interviews about the daily experience of life in a global city It illustrates the dilemmas and solutions that people routinely find in order to go on in their lives It shows that these local fixes that are managed at the level of the household work in spite of and sometimes against existing policies aimed at sustainability It concludes that policy making needs to be radically overhauled in order to address the integrated nature of people s everyday lives

Why People Go to Psychiatrists Charles Kadushin, 2017-07-12 This is the first examination in depth of the reasons and ways that people seek psychiatric help Viewing contemporary metropolitan life from the standpoint of an experienced social analyst Charles Kadushin deals with such issues as why people believe they have emotional problems what types of problems send them to psychiatrists how why and by whom potential patients are told they are disturbed why people choose psychiatry over other healing methods and why many people do not receive treatment from the sources to which they apply The author develops a new theory of social circles describing how people move in a network of friends and acquaintances with varying degrees of knowledge of and interest in psychiatry This factor affects decisions to obtain professional help and also has bearing on the types of problems presented The study encompasses a wide variety of persons in a complex community environment New York City the psychotherapy capital of the world The basic data were obtained from 1 500 patients in ten psychiatric clinics in three major treatment areas medical analytic and religio psychiatric The book provides new insights into the motivations of the patients as well as information about their social setting It is an informative and engrossing work for students and scholars for sociologists in the areas of medicine and mental health for psychiatrists clinical psychologists and social workers actively engaged in treatment and casework and for all professionals in the community health field

Does It Take A Village? Alan Booth, Ann C. Crouter, 2001-01-01 Does It Take a Village focuses on the mechanisms that link community characteristics to the functioning of the families and individuals within them community norms economic opportunities reference groups for assessing relative deprivation and social support networks Contributors underscore those features of communities that represent risk factors for children adolescents and their families as well as those characteristics that underlie resilience and thus undergird individual and family functioning As a society we have heavy investments both in research and in programs based on the idea that communities affect families and children yet important questions have arisen about the validity of the link between communities children and families This book answers the question of whether and how it takes a village to raise a child and what we can do to help communities achieve this
