Mitigation and Aggravation at Sentencing Julian V. Roberts,2011-08-25 This innovative volume explores a fundamental issue in the field of sentencing the factors which make a sentence more or less severe All sentencing systems allow courts discretion to consider mitigating and aggravating factors and many legislatures have placed a number of such factors on a statutory footing Yet many questions remain regarding the theory and practice of mitigation and aggravation Drawing on legal and sociological perspectives and examining mitigation and aggravation in various jurisdictions the essays provide practical illustrations of specific factors as well as theoretical justifications After the foreword by Andrew von Hirsch a number of contributors address broad conceptual issues raised at sentencing These contributions are followed by several empirical chapters including an exploration of personal mitigation in English courts The authors are leading scholars from a range of common law jurisdictions including England and Wales the United States Canada Australia New Zealand and South Africa

The Oxford Handbook of Criminal Process Darryl K. Brown,Jenia Iontcheva Turner,Bettina Weisser,2019-02-22 The Oxford Handbook of Criminal Process surveys the topics and issues in the field of criminal process including the laws institutions and practices of the criminal justice administration The process begins with arrests or with crime investigation such as searches for evidence It continues through trial or some alternative form of adjudication such as plea bargaining that may lead to conviction and punishment and it includes post conviction events such as appeals and various procedures for addressing miscarriages of justice Across more than 40 chapters this Handbook provides a descriptive overview of the subject sufficient to serve as a durable reference source and more importantly to offer contemporary critical or analytical perspectives on those subjects by leading scholars in the field Topics covered include history procedure investigation prosecution evidence adjudication and appeal

Principles and Values in Criminal Law and Criminal Justice Lucia Zedner,Julian V. Roberts,2012-08-16 Celebrating the scholarship of one of the leading lawyers of the common law Andrew Ashworth the essays in this volume address fundamental questions of principle and value in criminal law criminal process human rights sentencing and punishment This is a major contribution to contemporary debates about criminalization and punishment

Proportionality in Crime Control and Criminal Justice Emmanouil Billis,Nandor Knust,Jon Petter Rui,2021-04-22 This edited volume seeks to reassess the old and to analyse and

develop novel approaches to the notion of proportionality in criminal matters and the new security architecture The discourse is not limited to conventional constitutional constellations and standard problems of sentencing in traditional criminal proceedings Rather the book offers an interdisciplinary and cross jurisdictional exploration of highly topical proportionality related issues pertinent to penal theory and legal philosophy criminalisation policies security and anti terrorism strategies alternative types of justice delivery and supranational enforcement as well as human rights and international criminal and humanitarian law In today s global risk society with its numerous visible and invisible enemies of the state and the individual balancing freedom and security has become nothing less than an attempt at untying a Gordian knot Against this background the proportionality of measures of crime prevention and repression is unquestionably an issue of utmost importance which basic research and legal policy in rule of law based systems are urgently called to address The timely and fascinating contributions in this book covering jurisdictions from both the common law and the civil law as well as hybrid and international jurisdictions will appeal to academics researchers policy advisers and practitioners working in the areas of national and international criminal law comparative criminal justice criminology and legal philosophy as well as constitutional and security law

Reducing Genocide to Law Payam Akhavan, 2012-01-26 Why is genocide the ultimate crime and does this distinction make any difference in confronting evil

Proportionality of Criminal Penalties in EU Law Lorenzo Grossi, Stefano Montaldo, Valsamis Mitsilegas, 2025-02-06 This book develops a systematic analysis of the principle of proportionality of penalties in EU law Until now the principle has been mainly assessed from a criminological point of view By departing from existing literature the book advances an original EU law perspective on proportionality of penalties which underlies the analysis of its theorisation place and influence on domestic criminal systems Building upon this approach scholarly contributions in the book systematically

delve into the various implications of the principle in EU law while paying particular attention to its profound interaction with criminal law concepts Discretion, Discrimination and the Rule of Law Mrinal Satish, 2017 Aims to analyse whether unwarranted disparity existed in rape sentencing in India which anecdotal work of other scholars had pointed to Provided by publisher **Criminal Law Without Punishment** Valerij Zisman, 2023-09-05 How can criminal punishment be morally justified Zisman addresses this classical question in legal philosophy He provides two maybe surprising answers to the question First as for a methodological claim it argues that this question cannot be answered by philosophers and legal scholars alone Rather we need to take into account research from social psychology economy anthropology and so on in order to properly analyze the arguments in defense of criminal punishment Second the book argues that when such research is properly accounted for none of the current attempts to justify criminal punishment succeed But that does not imply that the state should do nothing about criminal wrongdoing Rather the arguments that were supposed to justify criminal punishment actually speak in favor of an alternative approach to criminal law restitution to the victim and restorative justice That is to say the state should coerce offenders to provide restitution for the harm inflicted on victims and whenever possible restorative approaches should be taken to address criminal wrongdoing The Oxford Handbook of the Philosophy of Punishment Jesper Ryberg, 2024-11 **Critical Issues in Social Work Law** Alison Brammer, Jane Boylan, 2016-07-13 Written by a team of leading authorities in the field this collection provides a critique of the law as it applies to social work practice and identifies key contemporary issues for social work Tackling topics such as trafficking youth justice and child protection the book is a valuable contribution to the debates in social work law **Roberts & Zuckerman's Criminal Evidence** Paul Roberts, Adrian Zuckerman, 2022-08-04 Roberts and Zuckerman s Criminal Evidence is the eagerly anticipated third of edition of the market leading text on criminal evidence fully revised to take account of developments in legislation case law policy debates and academic commentary during the decade since the previous edition was published With an explicit focus on the rules and principles of criminal trial procedure Roberts and Zuckerman s Criminal Evidence develops a coherent account of evidence law which is doctrinally detailed securely grounded in a normative theoretical framework and sensitive to the institutional and socio legal factors shaping criminal litigation in practice The book is designed to be accessible to the beginner informative to the criminal court judge or legal practitioner and thought provoking to the advanced student and scholar a textbook and monograph rolled into one The book also provides an ideal disciplinary map and work of reference to introduce non lawyers including forensic scientists and other expert witnesses to the foundational assumptions and technical intricacies of criminal trial procedure in England and Wales and will be an invaluable resource for courts lawyers and scholars in other jurisdictions seeking comparative insight and understanding of evidentiary regulation in the common law tradition Character in the Criminal Trial Mike Redmayne, 2015-03-19 If a defendant is on trial for a crime such as burglary to what extent should the fact that he has a previous conviction for burglary feature in his trial Should

the prosecution be allowed to tell the jury about the previous conviction as evidence that the defendant is more likely to have committed burglary Should the judge give the defendant a longer sentence because he has a previous conviction These are the fundamental questions examined in *Character in the Criminal Trial* Including an in depth analysis of the character evidence provisions of the Criminal Justice Act 2003 this book assesses the arguments for and against using character evidence to prove a defendant's guilt It explores the sentencing provisions in the same Act as well as the general use of criminal record and other character evidence to aggravate and mitigate sentence Issues examined in the course of the book include psychological and philosophical debates about the stability of character criminological research on recidivism and the nature of criminal careers ethical debates about the use of prior behaviour to prove current or future offending the process of reasoning underlying the use of bad character evidence whether bad character evidence is prejudicial and the use of risk assessment instruments to classify offenders as dangerous By combining insights from law psychology criminology and philosophy Redmayne reassesses the use of character in the criminal trial and reflects on the significance of the law's increasing emphasis on character

The Limits of Asset Confiscation Johan Boucht, 2017-06-01 This book provides a normative analysis of the justifications and limits of asset confiscation as a crime control measure in a comparative perspective More specifically it deals with what in this context is referred to as extended appropriation that is confiscation in cases where the causal link between the property the proceeds of crime in question and the predicate offence is less obvious Particular focus is placed on extended criminal confiscation and civil recovery These forms of confiscation give rise to a number of complex legal issues The overarching purpose of the book is to provide an analysis of the nature of extended appropriation within the criminal justice system and to discuss a normative framework that may assist in assessing the legitimacy of such confiscation schemes It also seeks to explore what a fair and reasonable balance between the interests of the state and those of the individual in this field might look like The analysis starts from an acknowledgement not only of the need for having effective confiscation regimes in place but also of the need for protecting the interests of the individual It is hoped that the book will stimulate further discussion on the legitimacy of asset recovery as a crime control measure

Punishment and Private Law Elise Bant, Wayne Courtney, James Goudkamp, Jeannie Marie Paterson, 2021-05-20 Does private law punish This collection answers this complex but compelling question Lawyers from across the spectrum of the law contract tort restitution explore exactly how it punishes wrong doing These leading voices ask whether that punishment is effective and what its societal role might be Taking the discussion out of the technical and into a broader realm of a wider purpose it is both compelling and thought provoking

Punishment Thom Brooks, 2021-03-30 Punishment is a topic of increasing importance for citizens and policymakers Why should we punish criminals Which theory of punishment is most compelling Is the death penalty ever justified These questions and many more are examined in this highly engaging and accessible guide Punishment is a critical introduction to the philosophy of punishment offering a new and refreshing

approach that will benefit readers of all backgrounds and interests The first comprehensive critical guide to examine all leading contemporary theories of punishments this book explores among others retribution the communicative theory of punishment restorative justice and the unified theory of punishment Thom Brooks applies these theories to several case studies in detail including capital punishment juvenile offending and domestic violence Punishment highlights the problems and prospects of different approaches in order to argue for a more pluralistic and compelling perspective that is novel and ground breaking This second edition has extensive revisions and updates to all chapters including an all new chapter on the unified theory substantively redrafted and new chapters on cyber crimes and social media as well as corporate crimes Punishment is essential reading for undergraduate and graduate students in philosophy criminal justice criminology justice studies law political science and sociology
