The Leslie A. Marchand Memorial Lectures, 2000-2015 Katherine Kernberger, 2017-09-22 This unique collection of lectures honors the pioneering work in Byron studies of Leslie Alexis Marchand who has had an enduring influence on the appreciation and study of Lord Byron for sixty years Generations of readers and writers have come to Byron through his biographies and his edition of the poet's letters and journals All admirers of Byron respond to the verve dash and immediacy of his correspondence which lies at the heart of Marchand's biographies and offers us a portrait based on the poet's views of himself and his times No one has so powerfully and judiciously allowed Byron's life to emerge from the testimony of his letters Many readers from his contemporaries to our day have refused to separate the poet from his troubled dark heroes and see little but strands of autobiography in the poems But the letters and journals reveal him in a very different light Leslie Marchand provided these documents for the first time in their unexpurgated and authoritative form This collection pays tribute to Marchand's careful scholarship and scrupulous attention to the limits of interpretation Marchand's continued relevance to Byron studies derives in part from the work undertaken by those inspired by his labors as editor and interpreter many of whom are represented in this collection Three opening essays bear personal witness to his fervent support for young scholars his depth of expertise and appeal as a teacher and his commitment to encouraging others to join him on his Byron pilgrimage The lectures themselves represent such diverse disciplines as literary theory psychiatry publishing history comparative literature drama political history revolutionary politics in literature and music literary criticism textual editing and selection and literary influence A chronology and a bibliography provide an overview of his life and scholarship

Said, 2025-10-21 From one of the world's most beloved and respected public intellectuals comes a collection of essays examining culture the literary canon and the ever shifting terrain of history This is surely a major work among the most provocative and cogent accounts of culture and the humanities that America has produced in recent years Martha C Nussbaum The New York Times Book Review Edward W Said's writings have transformed the field of literary studies In this bracing collection of essays one of the most beloved and respected public intellectuals of our time examines culture the literary canon and the ever shifting terrain of history Said's topics are many and diverse from the Hollywood heroics of Tarzan to the machismo of Ernest Hemingway to the shades of difference that divide Alexandria and Cairo In the title essay

the widely admired *Reflections on Exile* he weighs his own estrangement from his home country and the fate of the Palestinian people against the literary canon's most romanticized fugitives. What could be more intransigent than the conflict between Zionist Jews and Arab Palestinians. Said asks: Palestinians feel that they have been turned into exiles by the proverbial people of exile. The culmination of thirty-five years of scholarship, *Reflections on Exile and Other Essays* is an invigorating and life-affirming achievement, a work of intellectual, emotional, and moral rigor.
