Rituals Of Respect:

Rituals of Respect Inge Bolin, 2010-06-28 In the remoteness of their mountain retreat the herders of Chillihuani Peru recognize that respect for others is the central and most significant element of all thought and action observes Inge Bolin Without respect no society no civilization can flourish for long Without respect humanity is doomed and so is the earth sustainer of all life In this beautifully written ethnography Bolin describes the rituals of respect that maintain harmonious relations among people the natural world and the realm of the gods in an isolated Andean community of llama and alpaca herders that reaches up to 16 500 feet Bolin was the first foreigner to visit Chillihuani and she was permitted to participate in private family rituals as well as public ceremonies In turn she allows the villagers to explain the meaning of their rituals in their own words From these first hand experiences Bolin offers an intimate portrait of an annual ritual cycle that dates back to Inca and pre Inca times including the ancient Pukllay weddings the Fiesta de Santiago with its horse races on the top of the world and Peru's Independence Day when the Rituals of Respect for elders and young people alike are carried out within male and female hierarchies reminiscent of Inca times

Ritual and the Moral Life David Solomon, Ruiping Fan, Ping-cheung Lo, 2012-03-26 In the twentieth century in both China and the West ritual became marginalized in the face of the growth of secularism and individualism In China Confucianism and its essentially ritualistic comportment to the world were vigorously suppressed during the Cultural Revolution 1966 1976 under Mao Zedong But de ritualization already took place as a result of the Chinese Revolution of 1911 under Sun Yat Sen In the West while the process of de ritualization has been generally more gradual it has been nonetheless drastic In contrast to this situation this volume investigates the crucial role ritual plays in constituting the human understanding of their place in the cosmos the purpose of their lives and imbues human existence with a more complete sense of meaningfulness This volume presents the work of philosophers from both China and the West as they reflect upon the constitutive role that ritual plays in human life They reflect not only on ritual in general but also on specific Confucian and Christian appreciations of ritual This provocative volume is a beacon of warning to Western philosophers who think they have graduated from the trappings of ritual and a beacon of hope for Eastern thinkers who wish to avoid cultural fragmentation The Editors both Eastern and Western have together created a seamless work that not only introduces ritual but advances an argument for the contribution that ritual makes to cultural renewal This volume is a work of philosophical thinking about ritual doing but challenges those who think to realize that the salvation of philosophical thinking rests in the particularity and contingency of ritual doing Let us hope this volume is widely read for it points to that which might renew the West Jeffrey P Bishop Saint Louis University
