Rituals Of The Diviner:

The Rituals of the Diviner Ivan Starr, 1983-01-01 **Starr, Ivan: The Rituals of the Diviner,** (Manfred Krebern timer, 2011 *Corpus of Mesopotamian Anti-Witchcraft Rituals* Tzvi Abusch, Daniel Schwemer, 2016-04-18 Among the most important sources for understanding the cultures and systems of thought of ancient Mesopotamia is a large body of magical and medical texts written in the Sumerian and Akkadian languages An especially significant branch of this literature centres upon witchcraft Mesopotamian anti witchcraft rituals and incantations attribute ill health and misfortune to the magic machinations of witches and prescribe ceremonies devices and treatments for dispelling witchcraft destroying the witch and protecting and curing the patient The Corpus of Mesopotamian Anti Witchcraft Rituals aims to present a reconstruction of this body of texts it provides critical editions of the relevant rituals and prescriptions based on the study of the cuneiform tablets and fragments recovered from the libraries of ancient Mesopotamia Now that we have the second volume we the more admire the thoughtful organisation of the entire project the strict methods followed and the insightful observations and decisions made Martin Stol in *Bibliotheca Orientalis* LXXIV n 3 4 mei augustus 2017 Sacred Ritual Bryan C. Babcock, 2014-05-12 Israelite festival calendar texts Exod 23 34 Lev 23 Num 28 29 Deut 16 and Ezek 45 share many features however there are also differences Some of the most often cited differences are the following festival dates festival locations date of the New Year festival timing and festival names Scholars have explored these distinctions and many have concluded that different sources authors redactors wrote the various calendars at different times in Israelite history Scholars use these dissimilarities to argue that Lev 23 was written in the exilic or postexilic era Babcock offers a new translation and analysis of a second millennium B C multimon th ritual calendar text from Emar Emar 446 to challenge the late dating of Lev 23 Babcock argues that Lev 23 preserves an early 2nd millennium West Semitic ritual tradition Building on the recent work of Klingbeil and Sparks this book presents a new comparative methodology for exploring potential textual relationships Babcock investigates the attributes of sacred ritual through the lens of sacred time sacred space and movement sacred objects ritual participants and ritual sound The author begins with a study of ancient Near Eastern festival texts from the 3rd millennium through the 1st millennium This analysis focuses on festival cycles common festival attributes and the role of time and space in ritual Babcock then moves on to an intertextual study of biblical festival texts before completing a thorough investigation of both Lev 23 and Emar 446 The result is a compelling argument that Lev 23 preserves an early West Semitic festival tradition and does not date to the exilic era refuting the scholarly consensus This illuminating reading stands as a model for future research in the field of ritual and comparative textual studies *Time at Emar* Daniel E. Fleming, 2000 The recent large scale watershed projects in northern Syria where the ancient city of Emar was located have brought this area to light thanks to salvage operation excavations before the area was submerged Excavations at Meskene h Qadime h on the great bend of the Euphrates River revealed this large town which had been built in the late 14th century and then destroyed

violently at the beginning of the 12th at the end of the Bronze Age In the town of Emar ritual tablets were discovered in a temple that are demonstrated to have been recorded by the supervisor of the local cult who was called the diviner This religious leader also operated a significant writing center which focused on both administering local ritual and fostering competence in Mesopotamian lore An archaic local calendar can be distinguished from other calendars in use at Emar both foreign and local A second overlapping calendar emanated from the palace and represented a rising political force in some tension with rooted local institutions The archaic local calendar can be partially reconstructed from one ritual text that outlines the rites performed during a period of six months The main public rite of Emar s religious calendar was the zukru festival This event was celebrated in a simplified annual ritual and in a more elaborate version of the ritual for seven days during every seventh year probably serving as a pledge of loyalty to the chief god Dagan The Emar ritual calendar was native in spite of various levels of outside influence and thus offers important evidence for ancient Syrian culture These texts are thus important for ancient Near Eastern cultic and ritual studies Fleming s comprehensive study lays the basic groundwork for all future study of the ritual and makes a major contribution to the study of ancient Syria *Death Rituals among the Karanga of Zimbabwe* John Chitakure,2021-10-04 One of the inescapable truths that humanity has to grapple with is the reality of death The manner in which we die or the cause of our death may differ but death remains inevitable We may be afraid of it or not we may try to evade it or not but death still comes Although most religions promise the possibility of another life in the hereafter there is no scientifically verifiable evidence about the reality of that life Despite that lack of evidence every culture performs death rituals meticulously to prepare the spirits of its deceased for whatever form of life that may be available *Death Rituals among the Karanga of Zimbabwe* Praxis Significance and Changes explores the causes of sickness and death and the praxis of pre burial burial and post burial rituals of the Karanga of Zimbabwe in an attempt to unearth their original form and significance to identify the changes that have taken place It also provides a brief manual for the performance of some selected Karanga death rituals **Purity and the Forming of Religious Traditions in the Ancient Mediterranean World and Ancient Judaism** Christian Frevel,Christophe Nihan,2012-11-01 Focusing on concepts practices and images associated with purity in the ancient Mediterranean this volume contributes new aspects to the current discussion about the forming of religious traditions from a comparative perspective that acknowledges individual developments mutual exchanges as well as transcultural processes **Magical Passages in Ancient Near Eastern Rituals** Ilan Peled,2025-09-24 This book focuses on the element of thresholds makeshift gates makeshift structures and house doors as concepts of liminality in ancient Near Eastern magical rituals and the idea of transformation they reflect Readers gain an in depth understanding of theories of liminality and rites of passage and how they illuminate fascinating aspects of social behavior and religious and cultic practices in ancient Near Eastern societies specifically those of Hatti and Mesopotamia Ritual liminality manifested in the use of makeshift and permanent architectural elements was meant to

facilitate two different aims transformation from one category to the other using makeshift gates and structures and separation between categories using house doors The book presents the pertinent ritual texts in their original languages analyzes these texts in detail and offers comparative discussions of the different cultures that practiced these rituals *Magical Passages in Ancient Near Eastern Rituals* is suitable for students and scholars interested in ancient religions rituals and cults particularly in the ancient Near East as well as those working on ancient history philology anthropology and religious studies more broadly

History, Justice, and the Agency of God Christoph Schroeder, 2000-12-14 The central thesis of this volume is that the biblical view of divine agency in creation and history is realistic History unfolds according to how human society relates to the sphere of powers that is beyond it Next to the hermeneutical discussion this is demonstrated exegetically by analyzing texts from Isaiah and Psalms 1 In Isa 6 9 10 the prophet receives the commission to proclaim and to anticipate YHWH's strange work in response to the people's violation of the torah 2 The psalmist's change of mood in Psalms 3 6 and 7 is caused by the acting of YHWH the creator with the psalmist partaking in the change that occurs in the creation surrounding him The section on Psalm 7 is especially important for the Psalms scholar It provides a rich comparison with prayers to the divine judge in ancient Near Eastern texts

Time at Emar Daniel E. Fleming, 2000-06-30 The recent large scale watershed projects in northern Syria where the ancient city of Emar was located have brought this area to light thanks to salvage operation excavations before the area was submerged Excavations at Meskenah Qadimeh on the great bend of the Euphrates River revealed this large town which had been built in the late 14th century and then destroyed violently at the beginning of the 12th at the end of the Bronze Age In the town of Emar ritual tablets were discovered in a temple that are demonstrated to have been recorded by the supervisor of the local cult who was called the diviner This religious leader also operated a significant writing center which focused on both administering local ritual and fostering competence in Mesopotamian lore An archaic local calendar can be distinguished from other calendars in use at Emar both foreign and local A second overlapping calendar emanated from the palace and represented a rising political force in some tension with rooted local institutions The archaic local calendar can be partially reconstructed from one ritual text that outlines the rites performed during a period of six months The main public rite of Emar's religious calendar was the zukru festival This event was celebrated in a simplified annual ritual and in a more elaborate version of the ritual for seven days during every seventh year probably serving as a pledge of loyalty to the chief god Dagan The Emar ritual calendar was native in spite of various levels of outside influence and thus offers important evidence for ancient Syrian culture These texts are thus important for ancient Near Eastern cultic and ritual studies Fleming's comprehensive study lays the basic groundwork for all future study of the ritual and makes a major contribution to the study of ancient Syria
