Rituals Of National Loyalty:

Democracy and National Identity in Thailand Michael Kelly Connors, 2007 This revised and updated edition of the widely praised *Democracy and National Identity in Thailand* provides readers with a fascinating discussion of how debates about democracy and national identity in Thailand have evolved from the period of counter insurgency in the 1960s to the current period Focusing on state and civil society centered democratic projects Connors uses original Thai language sources to trace how the Thai state developed a democratic ideology that meshed with idealized notions of Thai identity focusing on the monarchy The book moves on to explore how non state actors have mobilized notions of democracy and national identity in their battle against authoritarian rule It also invites readers to explore democratic ideology as a form of power aimed at creating ideal citizens able to support elite national projects

Rituals of National Loyalty Katherine Ann Bowie, 1997 In the 1970s the Village Scout Movement arose in Thailand not only to counter communist insurgency but also to intimidate anyone critical of the government This text explores the movement as an example of the deliberate use of mass psychology It bridges both macro and micro levels of analysis to place the dynamics of a national political movement within an understanding of its workings at a village level

Modernizing Repression Jeremy Kuzmarov, 2012 A probing analysis of the impact of American policing operations abroad

Royal Capitalism Puangchon Unchanam, 2020-01-14 Thanks to its active role in national politics the market economy and popular culture the Thai crown remains both the country's dominant institution and one of the world's wealthiest monarchies Puangchon Unchanam examines the reign of Thailand's King Bhumibol Adulyadej or Rama IX 1946-2016 and how the crown thrived by transforming itself into a distinctly bourgeois monarchy that co-opted middle class values of hard work frugality and self sufficiency The kingdom positioned itself to connect business elites patronize local industries and form strategic partnerships with global corporations Instead of restraining or regulating royal power white collar workers joined with the crown to form a dynamic symbiotic force that has left the lower classes to struggle in their wake Unchanam presents a surprising case study that kings and queens live long and large in cooperation with the bourgeoisie's interests and ideology

Contemporary Consumption Rituals Cele C. Otnes, Tina M. Lowrey, 2004-05-20 This work offers a multifaceted exploration of new rituals such as Celebrating Kwanzaa and of the ways entrenched rituals such as Mardi Gras gift giving and weddings have changed Moreover it examines the influence of both cultures and subcultures

The Spectacular City Daniel M. Goldstein, 2004-08-18 This study analyzes a popular festival and vigilante lynching examining them as a form of political spectacle performed by impoverished people who want to gain access to the potential benefits of citizenship in a modern city

Schooling the Nation Hania Sobhy, 2023-03-23 Telling the story of the Egyptian uprising through the lens of education Hania Sobhy explores the everyday realities of citizens in the years before and after the so called Arab Spring With vivid narratives from students and staff from Egyptian schools Sobhy offers novel insights on the years that led to and followed the unrest of 2011 Drawing a holistic

portrait of education in Egypt she reveals the constellations of violence neglect and marketization that pervaded schools and shows how young people negotiated the state and national belonging By approaching schools as key disciplinary and nation building institutions this book outlines the various ways in which citizenship was produced lived and imagined during those critical years This title is also available as Open Access on Cambridge Core

Liminality and Critical Event Studies Ian R. Lamond, Jonathan Moss, 2020-03-28 This book explores and challenges the concept and experience of liminality as applied to critical perspectives in the study of events It will be of interest to researchers in event studies social and discursive psychology cultural and political sociology and social movement studies In addition it will provide interested general readers with new ways of thinking and reflecting on events Contributing authors undertake a discussion of the borders boundaries and areas of contestation between the established social anthropological concept of liminality and the emerging field of critical event studies By drawing these two perspectives closer together the collection considers tensions and resonances between them and uses those connections to enhance our understanding of both cultural and sporting events and offer fresh insight into events of activism protest and dissent

Memory, Reconciliation, and Reunions in South Korea Nan Kim, 2016-10-31 Winner of the 2019 Scott Bills Memorial Prize for Outstanding First Book in Peace History Memory Reconciliation and Reunions in South Korea Crossing the Divide explores the history and tells the story of the emotionally charged meetings that took place among family members who after having lost all contact for over fifty years on opposite sides of the Korean divide were temporarily reunited in a series of events beginning in 2000 During an unprecedented period of reconciliation between North and South Korea those nationally televised reunions would prove to be the largest meetings held theretofore among civilians from the two states since the inter Korean border was sealed following the end of active hostilities in 1953 Drawing on field research during the reunions as they happened oral histories with family members who participated interviews among government officials involved in the events negotiation and planning and observations of breakthrough developments at the turn of the millennium this book narrates a grounded history of these pivotal events The book further explores the implications of such intimate family encounters for the larger political and cultural processes of moving from a disposition of enmity to one of recognition and engagement through attempts at achieving sustained reconciliation amid the complex legacies of civil war and the global Cold War on the Korean Peninsula

Ritual Catherine Bell, From handshakes and toasts to chant and genuflection ritual pervades our social interactions and religious practices Still few of us could identify all of our daily and festal ritual behaviors much less explain them to an outsider Similarly because of the variety of activities that qualify as ritual and their many contradictory yet in many ways equally legitimate interpretations ritual seems to elude any systematic historical and comparative scrutiny In this book Catherine Bell offers a practical introduction to ritual practice and its study she surveys the most influential theories of religion and ritual the major categories of ritual activity and the key debates that have shaped our understanding of ritualism Bell refuses to nail down

ritual with any one definition or understanding Instead her purpose is to reveal how definitions emerge and evolve and to help us become more familiar with the interplay of tradition exigency and self expression that goes into constructing this complex social medium
