Healing Haunted Histories Elaine Enns, Ched Myers, 2021-02-01 *Healing Haunted Histories* tackles the oldest and deepest injustices on the North American continent Violations which inhabit every intersection of settler and Indigenous worlds past and present Wounds inextricably woven into the fabric of our personal and political lives And it argues we can heal those wounds

through the inward and outward journey of decolonization The authors write as and for settlers on this journey exploring the places peoples and spirits that have formed and deformed us They look at issues of Indigenous justice and settler response ability through the lens of Elaine s Mennonite family narrative tracing Landlines Bloodlines and Songlines like a braided river From Ukrainian steppes to Canadian prairies to California chaparral they examine her forebearers immigrant travails and trauma settler unknowing and complicity and traditions of resilience and conscience And they invite readers to do the same Part memoir part social historical and theological analysis and part practical workbook this process invites settler Christians and other people of faith into a discipleship of decolonization How are our histories landscapes and communities haunted by continuing Indigenous dispossession How do we transform our colonizing self perceptions lifeways and structures And how might we practice restorative solidarity with Indigenous communities today **From Treaties to Reserves** D.J.

Hall,2015-11-01 How divergent understandings of treaties contributed to a heritage of distrust Conquistador Buddy Levy,2009-07-28 In this astonishing work of scholarship that reads like an edge of your seat adventure thriller acclaimed historian Buddy Levy records the last days of the Aztec empire and the two men at the center of an epic clash of cultures perhaps unequaled to this day It was a moment unique in human history the face to face meeting between two men from civilizations a world apart In 1519 Hern n Cort s arrived on the shores of Mexico determined not only to expand the Spanish empire but to convert the natives to Catholicism and carry off a fortune in gold That he saw nothing paradoxical in carrying out his intentions by virtually annihilating a proud and accomplished native people is one of the most remarkable and tragic aspects of this unforgettable story In Tenochtitl n Cort s met his Aztec counterpart Montezuma king divinity commander of the most powerful military machine in the Americas and ruler of a city whose splendor equaled anything in Europe Yet in less than two years Cort s defeated the entire Aztec nation in one of the most astounding battles ever waged The story of a lost kingdom a relentless conqueror and a doomed warrior Conquistador is history at its most riveting World History: An Analytical Survey from Mid-First Millennium to the Twenty-First Century (9th Edition) Laxman D. Satya,2020 Indian Wars of Canada, Mexico and the United States, 1812-1900 Bruce Vandervort,2007-05-07 Fully illustrated this unique and fascinating study sheds new light on familiar events Drawing on anthropology and ethnohistory as well as the new military history this book interprets and compares the way Indians and European Americans waged wars in Canada Mexico the USA and Yucat n during the nineteenth century **Meeting the Enemy** Natsu Taylor Saito,2012-06 Since its founding the United States has defined itself as the supreme protector of freedom throughout the world pointing to its Constitution as the model of law to ensure democracy at home and to protect human rights internationally Although the United States has consistently emphasized the importance of the international legal system it has simultaneously distanced itself from many established principles of international law and the institutions that implement them In fact the American government has attempted to unilaterally reshape certain doctrines of international law while disregarding others such as provisions of the

Geneva Conventions and the prohibition on torture America's selective self exemption Natsu Taylor Saito argues undermines not only specific legal institutions and norms but leads to a decreased effectiveness of the global rule of law Meeting the Enemy is a pointed look at why the United States frequent if selective disregard of international law and institutions is met with such high levels of approval or at least complacency by the American public **Five Uneasy Pieces** Mark Gibney, 2005 In *Five Uneasy Pieces* Mark Gibney offers an assessment of the role of the US in the wider world contrasting the policies that have been adopted with those that he argues would constitute a more ethically based relationship with other nations

Crass Struggle R. T. Naylor, 2013 An original and cutting commentary on the bad side of the good life *Política* Felipe Gonzales, 2016 *Política* offers a stunning revisionist understanding of the early political incorporation of Mexican origin peoples into the U S body politic in the nineteenth century Historical sociologist Phillip B Gonzales reexamines the fundamental issue in New Mexico's history namely the dramatic shift in national identities initiated by Nuevomexicanos when their province became ruled by the United States Gonzales provides an insightful rigorous and controversial interpretation of how Nuevomexicano political competition was woven into the Democratic and Republican two party system that emerged in the United States between the 1850s and 1912 when New Mexico became a state Drawing on newly discovered archival and primary sources he explores how Nuevomexicanos relied on a long tradition of political engagement and a preexisting republican disposition and practice to elaborate a dual party political system mirroring the contours of U S national politics *Política* is a tour de force of political history in the nineteenth century U S Mexico borderlands that reinterprets colonization reconstructs Euro American and Nuevomexicano relations and recasts the prevailing historical narrative of territorial expansion and incorporation in North American imperial history Gonzales provides critical insights into several discrete historical processes such as U S racialization and citizenship integration and marginalization accommodation and resistance internal colonialism and the long struggle for political inclusion in the borderlands shedding light on debates taking place today over Latinos and U S citizenship **Earth Into Property** Tony Hall, 2010 A broad exploration of the colonial roots of global capitalism and the worldwide quest of Indigenous people for liberation through decolonization **Desolation and Enlightenment** Ira Katznelson, 2020-10-13 During and especially after World War II a group of leading scholars who had been perilously close to the war's devastation joined others fortunate enough to have been protected by distance in an effort to redefine and reinvigorate liberal ideals for a radically new age Treating evil as an analytical category they sought to discover the sources of twentieth century horror and the potentialities of the modern state in the wake of desolation In the process they devised strikingly new ways to understand politics sociology and history that reverberate still In this major intellectual history Ira Katznelson examines the works of Hannah Arendt Robert Dahl Richard Hofstadter Harold Lasswell Charles Lindblom Karl Polanyi and David Truman detailing their engagement with the larger project of reclaiming the West's moral bearing In light of their epoch's calamities these intellectuals insisted that the tradition of Enlightenment thought

required a new realism a good deal of renovation and much recommitment This array of historians political philosophers and social scientists understood that a simple reassertion of liberal modernism had been made radically insufficient by the enormities and moral catastrophes of war totalitarianism and the Holocaust Confronting dashed hopes for reason and knowledge they asked not just whether the Enlightenment should define modernity but also which Enlightenment we should wish to have
