Roar On The Other Side A Guide For Student Poets

Douglas Jones

Roar On The Other Side A Guide For Student Poets:

The Roar on the Other Side Suzanne U. Rhodes, 2000 For all its storied past and lofty reputation poetry is really just the art of noticing naming and comparing the stuff of this world Unlike the eye of modern science which sees the world as a giant specimen for us to dissect poetry fosters and nurtures life by finding wonder in the nooks and crannies of ordinary life Suzanne Rhodes a longtime poet and teacher offers *The Roar on the Other Side* as an introductory guide for students junior high and up Clear and imaginative this book makes poetry approachable Focusing on the importance of sight and the necessity of practice Rhodes easily communicates the joy of words to her readers and helps them see how good poetry binds all seemingly contradictory things together Students will emerge from this book with a good handle on the basics of writing poetry and a new appreciation for the awesome world in which we live

The Core Leigh A. Bortins, 2025-10-16 In the past correct spelling the multiplication tables the names of the state capitals and the American presidents were basics that all children were taught in school Today many children graduate without this essential knowledge Most curricula today follow a haphazard sampling of topics with a focus on political correctness instead of teaching students how to study Leigh Bortins a leading figure in the homeschooling community is having none of it She believes that there are core areas of knowledge that are essential to master Without knowing the multiplication tables children can't advance to algebra Without mastery of grammar students will have difficulty expressing themselves Without these essential building blocks of knowledge students may remember information but they will never possess a broad and deep understanding of how the world works In *The Core* Bortins gives parents the tools and methodology to implement a rigorous thorough and broad curriculum based on the classical model including Rote memorization to cement knowledge Systematic learning of geography historical facts and timelines Reading the great books and seminal historical documents instead of adaptations and abridged editions Rigorous training in math and the natural sciences

The Mantra of Jabez Douglas Jones, 2001 Bruce Wilkinson's best selling book *The Prayer of Jabez* is so popular with Evangelicals it just had to be bad Wilkinson told us to be gimpers for God Jones shows us how to be kippers for God In this parody the conservative Christian author allows humor to reveal the more ridiculous assumptions driving the original book Each chapter of the original is turned inside out so that we can really see what's being said Though the parody is rather ruthless in its humor it is not hopelessly cynical just for the sake of mockery It points to a more constructive vision a vision of Christianity's inherent riches of truth beauty and goodness that the original *Jabez* book passively trivializes Get this parody for the laughs get it for something greater

The Redeemed Reader Janie Cheaney, Betsy Farquhar, Hayley Morell, Megan Saben, 2025-09-02 Good books awaken us to truth warn us from falsehood and provide unforgettable examples They open our hearts to beauty and wonder They shape us In *The Redeemed Reader* parents and educators find encouragement and guidance to raise readers who can engage both heart and mind with books and culture This book offers insight into how to build discernment in children and provides practical tips examples and booklists

for their literary journey Passionate about shepherding imaginations and hearts the authors read ahead so that you can confidently choose books for your children Readers will discover a deeper understanding of how the gospel shines into books and practical guidance for applying these principles If you want the imaginations of your children to be formed by what is good and true this book equips you parents librarians and educators to navigate literary culture in a fallen world and to nurture thoughtful readers
