Robert Frost And Feminine Literary Tradition:

Robert Frost and Feminine Literary Tradition Karen L. Kilcup,1998 Uncovers heretofore overlooked influences and connections in the evolution of Frost s poetry *Soft Canons* Karen L. Kilcup,1999-09 Recognizing that masculine literary tradition can include marginalized male writers as well as canonized female writers and that traditions themselves change over time the essays in this insightful and coherent collection also explore the investment of the writers as well as ninetieth and twentieth century readers in canon creation As it reconstructs conversations between these earlier authors and initiates new dialogues for today s readers *Soft Canons* offers provocative reconceptualizations of American literary and cultural history **Robert Frost and the Politics of Poetry** Tyler Hoffman,2001 A powerful and persuasive new reading of Frost as a poet deeply engaged with both the literary and public politics of his day **The Cambridge Companion to Robert Frost** Robert Faggen,2001-06-14 This collection of specially commissioned essays by experts in the field explores key dimensions of Robert Frost s poetry and life Frost remains one of the most memorable and beguiling of modern poets Writing in the tradition of Virgil Milton and Wordsworth he transformed pastoral and georgic poetry both in subject matter and form Mastering the rhythms of ordinary speech Frost made country life the point from which to view the world and the complexities of human psychology The essays in this volume enable readers to explore Frost s art and thought from the controversies of his biography to his subtle reinvention of poetic and metric traditions and the conflicts in his thought about politics gender science and religion This volume will bring fresh perspectives to the lyric narrative and dramatic poetry of an American master and its chronology and guide to further reading will prove valuable to scholars and students alike **The Art of Robert Frost** Tim Kendall,2012-05-29 Offers detailed accounts of sixty five poems that span Frost s writing career and assesses the particular nature of the poet s style discussing how it changes over time and relates to the works of contemporary poets and movements *The Cambridge History of American Poetry* Alfred Bendixen,Stephen Burt,2014-10-27 The Cambridge History of American Poetry offers a comprehensive exploration of the development of American poetic traditions from their beginnings until the end of the twentieth century Bringing together the insights of fifty distinguished scholars this literary history emphasizes the complex roles that poetry has played in American cultural and intellectual life detailing the variety of ways in which both public and private forms of poetry have met the needs of different communities at different times The Cambridge History of American Poetry recognizes the existence of multiple traditions and a dramatically fluid canon providing current perspectives on both major authors and a number of representative figures whose work embodies the diversity of America s democratic traditions [How Robert Frost Made Realism Matter](#) Jonathan N. Barron,2016-07-06 Robert Frost stood at the intersection of nineteenth century romanticism and twentieth century modernism and made both his own Frost adapted the genteel values and techniques of nineteenth century poetry but Barron argues that it was his commitment to realism that gave him popular as well as scholarly appeal and created his enduring

legacy This highly researched consideration of Frost investigates early innovative poetry that was published in popular magazines from 1894 to 1915 and reveals a voice of dissent that anticipated The New Poetry a voice that would come to dominate American poetry as few others have

The Cambridge History of Queer American Literature Benjamin Kahan, 2024-06-06 Moby Dick's Ishmael and Queequeg share a bed Janie in Zora Neale Hurston's *Their Eyes Were Watching God* imagines her tongue in another woman's mouth And yet for too long there has not been a volume that provides an account of the breadth and depth of queer American literature This landmark volume provides the first expansive history of this literature from its inception to the present day offering a narrative of how American literary studies and sexuality studies became deeply entwined and what they can teach each other It examines how American literature produces and is in turn woven out of sexualities gender pluralities transness erotic subjectivities and alternative ways of inhabiting bodily morphology In so doing the volume aims to do nothing less than revise the ways in which we understand the whole of American literature It will be an indispensable resource for scholars graduate students and undergraduates

New England Landscape History in American Poetry, *The American Landscape in the Poetry of Frost, Bishop, and Ashbery* M. MacArthur, 2008-08-04 Robert Frost Elizabeth Bishop and John Ashbery stand out among major American poets all three shaped the direction and pushed the boundaries of contemporary poetry on an international scale Drawing on biography cultural history and original archival research MacArthur shows us that these distinctive poets share one surprisingly central trope in their oeuvres the Romantic scene of the abandoned house This book scrutinizes the popular notion of Frost as a deeply rooted New Englander demonstrates that Frost had an underestimated influence on Bishop whose preoccupation with houses and dwelling is the obverse of her obsession with travel and questions dominant anti biographical readings of Ashbery as an urban identified poet As she reads poems that evoke particular landscapes and houses lost and abandoned by these poets MacArthur also sketches relevant cultural trends including patterns of rural de settlement the transformation of rural economies from agriculture to tourism and modern American's increasing mobility and rootlessness

Decoding **Robert Frost And Feminine Literary Tradition**: Revealing the Captivating Potential of Verbal Expression

In a period characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its capability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring.
