The seven essays included in this volume move beyond the famed Ashcan School to recover the lesser known work of Robert Henri's women students. The contributors, who include well-known scholars of art history, American studies, and cultural studies, demonstrate how these women participated in the modernizing of women's roles during this era. *The Allure of the*

The Modern School Movement Paul Avrich, 2014-07-14. In this comprehensive study of the Modern School movement, Paul Avrich narrates its history, analyzes its successes and failures, and assesses its place in American life. In doing so, he shows how the radical experimentation in art and communal living, as well as in education during this period, set the precedent for much of the artistic, social, and educational ferment of the 1960s and 1970s. Originally published in 1980, The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. At the beginning of the twentieth century, the Ashcan School of Art blazed onto the art scene, introducing a revolutionary vision of New York City. In contrast to the elite artists who painted the upper class bedecked in finery in front of magnificent structures, or the progressive reformers who photographed the city as a slum, hopeless and full of despair, the Ashcan School held the unique belief that the industrial working-class city was a fit subject for great art. In *Beauty in the City*, Robert A. Slayton illustrates how these artists portrayed the working classes with respect.

and gloried in the drama of the subways and excavation sites the office towers and immigrant housing Their art captured the emerging metropolis in all its facets with its potent machinery and its class ethnic and gender issues By exposing the realities of this new modern America through their art expressed in what they chose to draw not in how they drew it they created one of the great American art forms **The Center for the Arts Presents William Merritt Chase and Robert Henri** Center for the Fine Arts, Inc,1986

Robert Henri (1865-1929) and His Circle,1965 *Ministers of Reform* Robert M. Crunden,1984 *Ministers of Reform* vividly depicts the spiritual odyssey of an entire generation and shows how Protestant roots and a common climate of creativity nurtured a host of Progressive leaders from all walks of life Crunden demonstrates that the same spirit of innovation and moral rectitude so typical of the era's politics also characterized its artistic endeavors

Eugene O'Neill and the Ashcan Artists Zander Brietzke,2025-02-05 Eugene O'Neill lived with the artist George Bellows in the early twentieth century met Robert Henri the leader of the future Ashcan School and knew John Sloan who etched O'Neill at the Lincoln Arcade studio on Upper Broadway These visual artists made a profound impression on the future playwright and when O'Neill began writing plays in 1913 he drew upon the images he had first seen on canvas or paper This book presents the centrality of New York City on Eugene O'Neill's imagination the notorious Tenderloin section Greenwich Village the Lower East Side Fifth Avenue and Gramercy Park and it does so through the brushes pens plates and stones of the Ashcan artists The sixty images herein reveal the shared aesthetic sensibilities between all the respective artists and foreground the honest unflinching and simple beauty that O'Neill sought to portray in all of his dramatic works from the early one acts with the Provincetown Players to the Broadway blockbusters in the 1920s and culminating with the posthumously produced plays he wrote in near seclusion to conclude his career **Carl W.
