God and the Imagination Paul L. Mariani, 2002 Poet critic biographer and Catholic intellectual Paul Mariani delivers huge armfuls of experience and knowledge in this wide ranging collection of twenty four essays As a man of faith in a secular world Mariani brings to light issues surrounding spirituality and poetry through discussions of the Gnostics Roman history the Bible John of the Cross Rilke Robert Pack Galway Kinnell Philip Levine and the poets he most admires Gerard Manley Hopkins William Carlos Williams Hart Crane John Berryman and Robert Lowell Charged with spiritual and intellectual awe Mariani fully engages with his subjects from their lives to their works to their grand impact on Mariani s own life as a poet His prose flows easily from anecdote to analysis from Paterson the setting of Williams s great tribute poem to Manhattan where Mariani haunts old neighborhoods and the Brooklyn Bridge searching for traces of Hart Crane By infusing scholarly criticism with a

personal voice Mariani allows us to see the relationship between poetry and a sublime presence in the universe Serious reading for anyone interested in modern and contemporary poetry God and the Imagination offers elegant and original insights into a wide variety of poetic concerns But it is most extraordinary for its celebration of the lives of the poets which allow us in Mariani's words to recover what would otherwise be lost to time and silence **Amy Lowell, Diva Poet** Melissa Bradshaw, 2011 Bradshaw uses theories of the diva and female celebrity to account for Lowell's extraordinary literary influence in the early twentieth century and the dismissal of her work after her death Drawing on a rich array of letters memoirs newspapers and periodicals but eschewing the biographical interpretations of her poetry that have often characterized criticism on Lowell Bradshaw restores Lowell to her rightful place as a powerful writer and impresario of modernist verse **1960** Al Filreis, 2021-10-26 In 1960 when World War II might seem to have been receding into history a number of artists and writers instead turned back to it They chose to confront the unprecedented horror and mass killing of the war searching for new creative and political possibilities after the conservatism of the 1950s in the long shadow of genocide Al Filreis recasts 1960 as a turning point to offer a groundbreaking account of postwar culture He examines an eclectic group of artistic literary and intellectual figures who strove to create a new language to reckon with the trauma of World War II and to imagine a new world Filreis reflects on the belatedness of this response to the war and the Holocaust and shows how key works linked the legacies of fascism and antisemitism with American racism In grappling with the memory of the war he demonstrates artists reclaimed the radical elements of modernism and brought forth original ideas about testimony to traumatic history 1960 interweaves the lives and works of figures across high and popular culture including Chinua Achebe Hannah Arendt James Baldwin Amiri Baraka Paul Celan John Coltrane Frantz Fanon Roberto Rossellini Muriel Rukeyser Rod Serling and Louis Zukofsky and considers art forms spanning poetry fiction memoir film painting sculpture teleplays musical theater and jazz A deeply interdisciplinary cultural literary and intellectual history this book also offers fresh perspective on the beginning of the 1960s *Jean Stafford* Charlotte Margolis Goodman, 2013-11-04 One of America's best short story writers and author of three fine novels Boston Adventure 1944 The Mountain Lion 1947 and The Catherine Wheel 1952 Jean Stafford has been rediscovered by another generation of readers and scholars Although her novels and her Pulitzer Prize winning short stories were widely read in the 1940s and 1950s her fiction has received less critical attention than that of other distinguished contemporary American women writers such as Carson McCullers Flannery O'Connor and Eudora Welty In this literary biography Charlotte M Goodman traces the life of the brilliant yet troubled Jean Stafford and reassesses her importance Drawing on a wealth of original material Goodman describes the vital connections between Stafford's life and her fiction She discusses Stafford's difficult family relationships her tempestuous first marriage to the poet Robert Lowell her unresolved conflicts about gender roles her alcoholism and bouts with depression and her amazing ability to transform the chaotic details of her life into elegant works of fiction These wonderfully crafted works offer

insightful portraits of alienated and isolated characters most of whom exemplify not only human estrangement in the modern world but also the special difficulties of girls and women who refuse to play traditional roles Goodman locates Jean Stafford within the literary world of the 1940s and 1950s In her own right and through her marriages to Robert Lowell Life magazine editor Oliver Jensen and journalist A J Liebling Stafford associated with many of the major literary figures of her day including the Southern Fugitives the New York intellectual coterie and writers for the New Yorker to which she regularly contributed short stories Goodman also describes Stafford s sustaining friendships with other women writers such as Evelyn Scott and Caroline Gordon and with her New Yorker editor Katharine S White This highly readable biography will appeal to a wide audience interested in twentieth century literature and the writing of women s lives [The Fugitive Legacy](#) Charlotte H. Beck, 2001-01-01 Previously the protagonists of John Crowe Ransom Allen Tate Donald Davidson and Robert Penn Warren have received considerable scholarly attention only as individuals or in relation to small groups of close knit writers within single literary genres Now for the first time this far ranging group of accomplished writers is united as part of a larger phenomenon the Fugitive legacy which has extended its influence far beyond the parameters of southern literature In [The Fugitive Legacy](#) Charlotte H Beck demonstrates the strong influence of the Nashville Fugitives as teachers editors and mentors by examining the extraordinary impact on American letters of the critics poets and fiction writers whom they taught or sponsored By treating the careers of these brilliant authors as a single chapter in literary history Beck makes an invaluable contribution to the understanding of southern literature The cultural importance of the Fugitives has too often been confused with the narrow politics of Agrarianism and relegated to a reactionary piety for regionalism and dead tradition [The Fugitive Legacy](#) fills a void in southern literary theory by revealing the resounding echo of this group s voice in modern American literature

The Lowells of Massachusetts Nina Sankovitch, 2024-06-04 A stirring saga of a New England family Sankovitch has made a compelling contribution to Massachusetts and American history Roger Lowenstein The Wall Street Journal The Lowells of Massachusetts were a remarkable family They were settlers in the New World in the 1600s revolutionaries creating a new nation in the 1700s merchants and manufacturers building prosperity in the 1800s and scientists and artists flourishing in the 1900s For the first time Nina Sankovitch tells the story of this fascinating and powerful dynasty in [The Lowells of Massachusetts](#) Though not without scoundrels and certainly no strangers to controversy the family boasted some of the most astonishing individuals in America s history Percival Lowell the patriarch who arrived in America in the seventeenth century to plant the roots of the family tree Reverend John Lowell the preacher Judge John Lowell a member of the Continental Congress Francis Cabot Lowell manufacturer and some say founder of the Industrial Revolution in the US James Russell Lowell American Romantic poet Lawrence Lowell one of Harvard s longest serving and most controversial presidents and Amy Lowell the twentieth century poet who lived openly in a Boston Marriage with the actress Ada Dwyer Russell The Lowells realized the promise of America as the land of opportunity by uniting Puritan values of hard work

Pursuing Privacy in Cold War America
Deborah Nelson,2001-12-26 *Pursuing Privacy in Cold War America* explores the relationship between confessional poetry and constitutional privacy doctrine both of which emerged at the end of the 1950s While the public declarations of the Supreme Court and the private declamations of the lyric poet may seem unrelated both express the upheavals in American notions of privacy that marked the Cold War era Nelson situates the poetry and legal decisions as part of a far wider anxiety about privacy that erupted across the social cultural and political spectrum during this period She explores the panic over the death of privacy aroused by broad changes in postwar culture the growth of suburbia the advent of television the popularity

of psychoanalysis the arrival of computer databases and the spectacles of confession associated with McCarthyism Examining this interchange between poetry and law at its most intense moments of reflection in the 1960s 70s and 80s Deborah Nelson produces a rhetorical analysis of a privacy concept integral to postwar America's self definition and to bedrock contradictions in Cold War ideology Nelson argues that the desire to stabilize privacy in a constitutional right and the movement toward confession in postwar American poetry were not simply manifestations of the anxiety about privacy Supreme Court justices and confessional poets such as Anne Sexton Robert Lowell W D Snodgrass and Sylvia Plath were redefining the nature of privacy itself Close reading of the poetry alongside the Supreme Court's shifting definitions of privacy in landmark decisions reveals a broader and deeper cultural metaphor at work

Hart Crane and Allen Tate Langdon Hammer,2017-03-14 Focusing on the vexed friendship

between Hart Crane and Allen Tate this book examines twentieth century American poetry's progress toward institutional sanction and professional organization a process in which sexual identities poetic traditions and literary occupations were in question and at stake Langdon Hammer combines biography and formalist analysis to argue that American modernism was a Janus faced phenomenon at once emancipatory and elitist which simultaneously attacked traditional cultural authority and reconstructed it in new forms Hammer shows how Crane and Tate working in relation to each other and to T S Eliot created for themselves the competing roles of genius and poet critic Crane embraced the self authorizing powers of the individual talent at the cost of standing outside the emerging consensus of high modernist literary culture an aesthetic isolation which converged with his social isolation as a gay man Tate turning against Crane linked the modernist defense of tradition to an embattled heterosexual masculinity while he adapted Eliot's stance to a career sustained by criticism and teaching Ending his book with a discussion of Robert Lowell's career Hammer maintains that Lowell's confessional poetry recapitulates the conflict enacted by Crane and Tate Originally published in 1993 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *Prose and*

Quentin Miller, 2005-10-04 As the United States prison population has exploded over the past 30 years a rich provocative and ever increasing body of literature has emerged written either by prisoners or by those who have come in close contact with them Unlike earlier prison writings contemporary literature moves in directions that are neither uniformly ideological nor uniformly political It has become increasingly personal and the obsessive subject is the way identity is shaped compromised altered or obliterated by incarceration The 14 essays in this work examine the last 30 years of prison literature from a wide variety of perspectives The first four essays examine race and ethnicity the social categories most evident in U S prisons The three essays in the next section explore gender a prominent subject of prison literature highlighted by the absolute separation of male and female inmates Section three provides three essays focused on the part ideology plays in prison writings The four essays in section four consider how aesthetics and language are used seeking to define the qualities of the literature and to determine some of the reasons it exists **The Double Life of Paul De Man** Evelyn

Barish, 2014-03-10 A landmark biography that reveals the secret past of one of the most influential academics of the twentieth century Over thirty years after his death in 1983 Paul de Man a hugely charismatic intellectual who created with deconstruction an ideology so pervasive that it threatened to topple the very foundations of literature remains a haunting and still largely unexamined figure Deeply influential de Man and his theory driven philosophy were so dominant that his passing received front page coverage suggesting that a cult hero if not intellectual rock star had met an untimely end Yet in 1988 de

Man's reputation was ruined when it was discovered that he had written an anti-Semitic article and worked for a collaborating Belgium newspaper during World War II. Who was he really and who had he been? No one knew. Still in shock, few of his followers wanted to find out. Once an admirer, although never a theorist, the biographer Evelyn Barish began her own investigation. Relying on years of original archival work and interviews with over two hundred of de Man's circle of friends and family, most of them now dead, Barish vividly re-creates this collaborationist world of occupied Belgium and France. Born in 1919 to a rich but tragically unstable family, Paul de Man, a golden boy, was influenced by his uncle Henri de Man, a socialist turned Nazi collaborator who became the de facto Belgian prime minister. By the early 1940s, Paul, while seemingly only a reviewer for Nazi newspapers, was secretly rising in far more important jobs in Belgium's and France's collaborationist regimes. Postwar, barred from the university, de Man created a publishing house but stole all its assets; then, facing jail, he fled to New York, abandoning his family. His opportunistic anti-Semitic writing seemed the least of his crimes. Arriving penniless, he quickly rose again, befriending an entire generation of American writers in New York, including Dwight Macdonald, Elizabeth Hardwick, and Mary McCarthy. Barish sketches de Man's renowned careers at Bard and Yale, as well as the circumstances surrounding his loving but bigamous second marriage to former Bard student Patricia Kelley, who created the tranquillity he so lacked. Juxtaposing this personal story to his meteoric rise through American academia, Barish traces the origins of the philosophical deconstructionism that he later created with Jacques Derrida, showing how de Man attracted followers with his attack on the hypocrisy of society that attempts to cover up the essential alienation of art from the system. While focusing on the biographical facts, this commanding and psychologically probing biography reveals as much about human behavior and the cross currents of twentieth-century intellectual thought as it does about the man who held an entire generation in his thrall.
