Seitz,2024-03-15 With a focus on Robert Morrison Protestant Missionaries in China evaluates the role of nineteenth century British missionaries in the early development of the cross cultural relationship between China and the English speaking world As one of the first generation of British Protestant missionaries Robert Morrison went to China in 1807 with the goal of evangelizing the country His mission pushed him into deeper engagement with Chinese language and culture and the exchange flowed both ways as Morrison a working class man whose firsthand experiences made him an accidental expert brought depictions of China back to eager British audiences Author Jonathan A Seitz proposes that despite the limitations imposed by the orientalism impulse of the era Morrison and his fellow missionaries were instrumental in creating a new map of cross cultural engagement that would evolve ultimately into modern sinology Engaging and well researched Protestant Missionaries in China explores the impact of Morrison and his contemporaries on early sinology mission work and Chinese Christianity during the three decades before the start of the Opium Wars **Reinventing the Tripitaka** Greg

Wilkinson,Jiang Wu,2017-09-20 The Chinese Buddhist canon is a systematic collection of all translated Buddhist scriptures and related literatures created in East Asia and has been regarded as one of the three treasures in Buddhist communities Despite its undisputed importance in the history of Buddhism research on this huge collection has remained largely the province of Buddhologists focusing on textual and bibliographical studies We thus aim to initiate methodological innovations to study the transformation of the canon by situating it in its modern context characterized by intricate interactions between East and West as well as among countries in East Asia During the modern period the Chinese Buddhist canon has been

translated edited digitized and condensed as well as internationalized contested and ritualized The well known accomplishment of this modern transformation is the compilation of the Taisho Canon during the 1920s It has become a source of both doctrinal orthodoxy as well as creativity and its significance has greatly increased as Buddhist scholarship and devotionism has utilized the canon for various ends However it is still unclear what led to the creation of the modern editions of the Buddhist canon in East Asia This volume explores the most significant and interesting developments regarding the Chinese Buddhist canon in modern East Asia including canon formation textual studies historical analyses religious studies ritual invention and digital research tools and methods Robert Morrison and the Birth of Chinese Protestantism

Walls,2023-10-26 The Gospel Coalition Book Award in Missions the Global Church 2023 The long awaited work of a pioneer of missiology and global Christianity The history of the missions is complex and fraught Though modern missions began with European colonialism the outcome was a largely non Western global Christianity Highly esteemed scholar Andrew Walls explores every facet of the movement including its history theory and future Walls locates the birth of the Protestant missionary movement in the West with the Puritans and Pietists and their efforts to convert the Native Americans they displaced Tracing the movement into the

twentieth century Walls shows how colonialism and missionary work turned out to be essentially incompatible Missionaries must live on another culture's terms and their goal the establishment of churches of every nation depends on accepting new indigenous Christians as equals Now that Christianity has become primarily an African Latin American and Asian religion rather than a European one the dynamics of the church's mission have transformed Sensitive to this shift Walls indicates new areas of listening to and learning from this new center of Christianity and speculates on the theological contributions from a truly global church Throughout his long and fruitful career Walls told the story of missions as a dedicated Christian scholar teacher and mentor Prior to his passing in 2021 he entrusted the editing of his lectures to his friends and students The result of this labor of love *The Missionary Movement from the West* is a must read for scholars of missiology world Christianity and church history
