Robert Mugabe A Life Of Power And Violence:

Robert Mugabe Stephen Chan,2003 An informed insightful biography of Zimbabwe s first and only president which tells of his fateful path from revolutionary patriot to ruthless dictator

Mugabe Stephen Chan,2019-06-27 On 21st November 2017 Robert Mugabe resigned as President of Zimbabwe after 37 years in power A week earlier the military had seized control of the country and forced him to step down as leader of the ruling Zanu PF party In this revised and updated edition of his classic biography Stephen Chan seeks to explain and interpret Mugabe in his role as a key player in the politics of Southern Africa In this masterly portrait of one of Africa s longest serving leaders Mugabe s character unfolds with the ebb and flow of triumph and crisis Mugabe s story is Zimbabwe s from the post independence hopes of idealism and reconciliation to electoral victory the successful intervention in the international politics of Southern Africa and the resistance to South Africa s policy of apartheid But a darker picture emerged early with the savage crushing of the Matabeleland rising the elimination of political opponents growing corruption and disastrous intervention in the Congo war all worsened by drought and the HIV AIDS crisis Stephen Chan s highly revealing biography based on close personal knowledge of Zimbabwe depicts the emergence and eventual downfall of a ruthless and single minded despot amassing and tightly clinging to political power We follow the triumphant nationalist leader who reconciled all in the new multiracial Zimbabwe degenerate into a petty tyrant consumed by hubris and self righteousness and ultimately face an ignominious endgame at the hands of his own army

Robert Mugabe and the Will to Power in an African Postcolony William J. Mpofu,2021-03-04 This book is a philosopher s view into the chaotic postcolony of Zimbabwe delving into Robert Mugabe s Will to Power The Will to Power refers to a spirited desire for power and overwhelming fear of powerlessness that Mugabe artfully concealed behind performances of invincibility Nietzsche s philosophical concept of the Will to Power is interpreted and expanded in this book to explain how a tyrant is produced and enabled and how he performs his tyranny Achille Mbembe s novel concept of the African postcolony is mobilised to locate Zimbabwe under Mugabe as a domain of the madness of power The book describes Mugabe s development from a vulnerable youth who was intoxicated with delusions of divine commission to a monstrous tyrant of the postcolony who mistook himself for a political messiah This account exposes how post political euphoria about independence from colonialism and the

heroism of one leader can easily lead to the degeneration of leadership However this book is as much about bad leadership as it is about bad followership Away from Eurocentric stereotypes where tyranny is isolated to African despots this book shows how Mugabe is part of an extended family of tyrants of the world He fought settler colonialism but failed to avoid being infected by it and eventually became a native coloniser to his own people The book concludes that Zimbabwe faces not only a simple struggle for democracy and human rights but a Himalayan struggle for liberation from genocidal native colonialism that endures even after Robert Mugabe's dethronement and death Robert Mugabe's Zimbabwe, 2nd Edition Roberta Wiener, James R. Arnold, 2012-08-01 Robert Mugabe one of the world's most infamous dictators rose to power in Rhodesia the southern African region now known as independent Zimbabwe As a leader in Rhodesia's nationalist resistance movement of the 1970s Mugabe mobilized his compatriots in their struggle for control of the white ruled African nation which had declared independence from Great Britain in 1965 The bloody civil war finally ended with Zimbabwe's independence in 1980 As the president of the newly free nation Mugabe was a beacon for black African self rule raising hopes on the continent and around the world However through a series of ill conceived economic programs and a disastrously mismanaged land redistribution scheme Mugabe and his corrupt government brought ruin to his homeland Creating a harsh climate of fear brutality and zero tolerance for opposition Mugabe's rule drained a once prosperous nation of its economic and human resources In Robert Mugabe's Zimbabwe learn more about the internal workings of one of the modern world's most devastating dictatorships **Coloniality of Power in Postcolonial Africa** Sabelo J. Ndlovu-Gatsheni, 2013 In this book the author examines the current state of postcolonial Africa with a focus on the liberation predicament and the crisis of epistemological cultural economic and political dependence created by colonialism and coloniality *Governance and the Crisis of Rule in Contemporary Africa* Ebenezer Obadare, Wale Adebani, 2016-02-09 This volume advances the discussions of leadership in Africa's specific history culture economy and politics The book promotes an understanding of leadership and its paradoxes and illuminates the conditions under which political leadership has been produced and how those conditions have shaped leaders *Mugabeism?* Sabelo J. Ndlovu-Gatsheni, 2015-12-26 What is distinctive about this book is its interdisciplinary approach towards deciphering the complex meanings of President Gabriel Mugabe of Zimbabwe making it possible to evaluate Mugabe from a historical political philosophical gender literal and decolonial perspectives It is concerned with capturing various meanings of Mugabeism Making History in Mugabe's Zimbabwe Blessing-Miles Tendi, 2010 The crisis that has engulfed Zimbabwe since 2000 is not simply a struggle against dictatorship It is also a struggle over ideas and deep seated historical issues still unresolved from the independence process that both Robert Mugabe's ZANU PF regime and Morgan Tsvangirai's MDC are vying first to define and then to address This book traces the role of politicians and public intellectuals in media civil society and the academy in producing and disseminating a politically usable historical narrative concerning ideas about patriotism race land human rights and

sovereignty It raises pressing questions about the role of contemporary African intellectuals in the making of democratic societies In so doing the book adds a new and rich dimension to the study of African politics which is often diluted by the neglect of ideas **What Postcolonial Theory Doesn't Say** Anna Bernard,Ziad Elmarsafy,Stuart Murray,2015-08-11 This book reclaims postcolonial theory addressing persistent limitations in the geographical disciplinary and methodological assumptions of its dominant formations It emerges however from an investment in the future of postcolonial studies and a commitment to its basic premise namely that literature and culture are fundamental to the response to structures of colonial and imperial domination To a certain extent postcolonial theory is a victim of its own success not least because of the institutionalization of the insights that it has enabled Now that these insights no longer seem new it is hard to know what the field should address beyond its general commitments Yet the renewal of popular anti imperial energies across the globe provides an important opportunity to reassert the political and theoretical value of the postcolonial as a comparative interdisciplinary and oppositional paradigm This collection makes a claim for what postcolonial theory can say through the work of scholars articulating what it still cannot or will not say It explores ideas that a more aesthetically sophisticated postcolonial theory might be able to address focusing on questions of visibility performance and literariness Contributors highlight some of the shortcomings of current postcolonial theory in relation to contemporary political developments such as Zimbabwean land reform postcommunism and the economic rise of Asia Finally they address the disciplinary geographical and methodological exclusions from postcolonial studies through a detailed focus on new disciplinary directions management studies international relations disaster studies overlooked locations and perspectives Palestine Weimar Germany the commons and the necessity of materialist analysis for understanding both the contemporary world and world literary systems

The Place of Tears Ranka Primorac,2006-06-30 THIS IS AN NJR NOT JACKET BLURB DO NOT USE IT THIS RAW FORM This new and original work is the only recent monographic treatment of the Zimbabwean novel and its political implications An earlier one by Veit Wild 1992 has not been updated and other such as that by Zhuwarara 2001 are not easily available outside Zimbabwe The author resided in Zimbabwe for almost a decade and has visited the country regularly in the last five years She has published extensively on Zimbabwean literature and brings to her work a deep contextual richness as well as theoretical sophistication Thoroughly up to date the book examines all the published novels of the recently deceased Yvonne Vera d April 2005 as well as major novels of five other internationally acclaimed Zimbabwean writers including Tsitsi Dangarembga and Chenjerai Hove It does so against a political backdrop which goes right up to the March 2005 parliamentary elections The book provides a modern and original historical account of post independence Zimbabwean writing and its relationship to history and politics The critical investigation focuses on fictional representations of space time which links the book the tragically topical Zimbabwean issue of land Dr Primorac employs a form of literary and cultural theory reminiscent of Bakhtinian analysis but drawn at length from East European theoretical sources She investigates what

the novels have to say about the Zimbabwean condition and makes a sophisticated link between ideas about space time and novelistic ideologies More than that drawing a parallel with the experience of Eastern Europe she shows how the novel itself breaks out of the confines of the quasi Marxist analysis which still holds sway in Zimbabwe As such the Zimbabwean novel is itself a source of hope in that troubled land Ranka Primorac has degrees from the universities of Zagreb Zimbabwe and Nottingham Trent She has taught Africa related courses at several institutions of higher learning in Britain including the University of Cambridge and New York University in London She is interested in non western writing and cultures theoretical approaches to the novel and the narrative production of space time Her co edited volume Versions of Zimbabwe New Approaches to Literature and Culture was published in 2005 by Weaver Press in Harare

On Effective Leadership G. Chandler, 2013-02-04 Using case studies from a wide range of fields and historical settings On Effective Leadership seeks to explain why some leaders are effective why many are not and why only a very few are exceptional Flows and Practices Lyla Mehta, Bill Derman, 2017-05-19 For the past two decades Integrated Water Resources Management IWRM has been the dominant paradigm in water resources This book explores how ideas of IWRM are being translated and adapted in Mozambique South Africa Tanzania Uganda and Zimbabwe Grounded in social science theory and research it highlights the importance of politics history and culture in shaping water management practices and reform and demonstrates how Africa has clearly been a laboratory for IWRM While a new cadre of professionals made IWRM their mission we show that poor women and men may not have always benefitted In some cases IWRM has also offered a distraction from more critical issues such as water and land grabs privatisation the negative impacts of water permits and a range of institutional ambiguities that prevent water allocations to small and poor water users By critically examining the interpretations and challenges of IWRM the book contributes to improving water policies and practices and making them more locally appropriate in Africa and beyond

Integrating Africa Martin Welz, 2013 The African Union AU is a continental organization that comprises every African state except for Morocco is indeed a pioneering undertaking Its ambitious aim is to integrate all member states with the ultimate goal of forming the United States of Africa Despite several attempts to build a union the AU has remained an intergovernmental organization one reason being a perceived unwillingness of the AU states to pool their national sovereignties This study seeks to comprehend why Africa's integration process has not moved towards a supranational organization using a novel approach It shifts the usual perspective away from the organization level and

provides the first comprehensive and systematic analysis of the AU from the perspective of the states themselves It includes 8 comprehensive case studies Algeria Burkina Faso Ethiopia Mauritius South African Swaziland Uganda and Zimbabwe to help understand their foreign policy and provide key insights into why they are unwilling to yield sovereignty This work will be of great interest to students and scholars of African politics international relations and international organizations

recognised that in many ways the effective operation of the Empire depended upon sexual arrangements For example nuclear families serving agricultural colonization and prostitutes working for single men who powered armies and plantations mines and bureaucracies For this reason they devised elaborate systems of sexual governance such as attending to marriage and the family However they also devoted disproportionate energy to marking and policing the sexual margins In *Sex Politics and Empire* Richard Phillips investigates controversies surrounding prostitution homosexuality and the age of consent in the British Empire and revolutionises our notions about the importance of sex as a nexus of imperial power relations Against the Odds Mary Ndlovu, 2013-05-13 1978 In Rhodesia the Internal Settlement led to the creation of a

coalition government Smith had however neither capitulated nor abandoned his belief in white superiority and thousands of people fled across the countrys borders In England a group of missionaries supported by the Catholic Institute for International Relations formed a steering group that was to become the Zimbabwe Project Originally an educational fund to support exiled young Zimbabweans it shifted focus toward humanitarian assistance to refugees in the region 1981 The Zimbabwe Project Trust a child of the war This lively book interrogates the African postcolonial condition with a focus on the

thematics of liberation predicament and the long standing crisis of dependence epistemological cultural economic and political created by colonialism and coloniality A sophisticated deployment of historical philosophical and political knowledge in combination with the equi primordial concepts of coloniality of power coloniality of being and coloniality of knowledge yields a comprehensive and truly refreshing understanding of African realities of subalternity How global imperial designs and coloniality of power shaped the architecture of African social formations and disciplined the social forces towards a convoluted postcolonial neocolonized paralysis dominated by myths of decolonization and illusions of freedom emerges poignantly in this important book What distinguishes this book is its decolonial entry that enables a critical examination of the grammar of decolonization that is often wrongly conflated with that of emancipation bold engagement with the intractable question of what and who is an African systematic explication of the role of coloniality in sustaining Euro American hegemony and unmasking of how the postcolonial is interlocked with the neocolonial paradoxically It is within this context that the postcolonial African state emerges as a leviathan and the postcolonial reality becomes a terrain of contradictions mediated by the logic of violence No doubt Sabelo Ndlovu Gatsheni's handling of complex concepts and difficult questions of the day is remarkable particularly the decoding and mixing of complex theoretical interventions from Africa and Latin America to enlighten the present without losing historical perspicacity To buttress the theoretical arguments detailed empirical case studies of South Africa Zimbabwe DRC and Namibia completes this timely contribution to African Studies
