Sartre's Radicalism and Oakeshott's Conservatism

The Duplicity of Freedom

Anthony Farr

Sartres Radicalism And Oakeshotts Conservatism

Noel O'Sullivan

Sartre's Radicalism And Oakeshott's Conservatism:

Sartre's Radicalism and Oakeshott's Conservatism A. Farr, 1998-03-01 If man has no nature if our intellect and understanding are products of our own activities do we possess a key to self modification Are we free to re make mankind Sartre champions the romantic idea that we can by sheer determination begin afresh Oakeshott is struck by the vandalism of such a project he seeks to defend political culture from degradation by meddling academics The Radical and Conservative understanding of social order and the human self are compared in this in depth analysis of two contrasting philosophies

Sartre's Radicalism and Oakeshott's Conservatism Anthony Farr, 1998 **The Democratic Theory of Michael Oakeshott** Michael Minch, 2015-10-15 his book offers a description explanation and evaluation of Michael Oakeshott's democratic theory He was not a democratic theorist as such but as a twentieth century English political theorist for whom liberal theory held deep importance his thought often engaged democratic theory implicitly and many times did so explicitly The author's project penetrates two renewals The first is the revitalization of interest in Oakeshott and the second is the renewal of democratic theory which began in the 1980s In respect to this latter renewal the book engages the deliberative turn in democratic theory These revivals create the context for this new look at Oakeshott To state the matter as a problem one might say that in light of new and fecund democratic theory it is a problem for political theory if one of the most important political theorists of the twentieth century is left out of the discourse insofar as he has something relevant to say about deliberative democracy It is of no small importance that almost all the work in democratic theory being done these days is of the deliberative discursive kind or responses to it That is deliberative theory is driving the agenda of democratic theory The author argues that Oakeshott does indeed have something relevant to say which is applicable to this democratic theory

The Intellectual Legacy of Michael Oakeshott Corey Abel, Timothy Fuller, 2017-02-09 This volume brings together a diverse range of perspectives reflecting the international appeal and multi disciplinary interest that Oakeshott now attracts The essays offer a variety of approaches to Oakeshott's thought testament to the abiding depth originality suggestiveness and complexity of his writings The essays include contributions from well known Oakeshott scholars along with ample representation from a new generation As a collection these essays challenge Oakeshott's reputation as merely a critic of social planning Contributors include Josiah Lee Auspitz Debra Candreva Wendell John Coats Jr Douglas DenUyl George Feaver Paul Franco Richard Friedman Timothy Fuller Robert Grant Eric S Kos Leslie Marsh Kenneth Minogue Terry Nardin Keith Sutherland Martyn Thompson and Gerhard Wolmarans

In Defence of Modernity Efraim Podoksik, 2013-05-14 Although Oakeshott's philosophy has received considerable attention the vision which underlies it has been almost completely ignored This vision which is rooted in the intellectual debates of his epoch cements his ideas into a coherent whole and provides a compelling defence of modernity The main feature of Oakeshott's vision of modernity is seen here as radical plurality resulting from fragmentation of experience and society On the level of experience modernity denies

the existence of the hierarchical medieval scheme and argues that there exist independent ways of understanding our world such as science and history which cannot be reduced to each other On the level of society modernity finds expression in liberal doctrine according to which society is an aggregate of individuals each pursuing his or her own choices For Oakeshott to be modern means not only to recognise this condition of radical plurality but also to learn to appreciate and enjoy it Oakeshott did not think that it was possible to find a comprehensive philosophical justification for modernity therefore the only way to preserve modern civilisation seemed to be an appeal to sentiment As a consequence he was a passionate defender of liberal education as the best way to underwrite the conversation of mankind **The Place of Michael**

Oakeshott in Contemporary Western and Non-Western Thought Noel O'Sullivan, 2017-08-01 The continuing growth of worldwide interest in Michael Oakeshott's philosophy and political theory has recently 2016 been marked by the publication of two Companion to Oakeshott volumes This event provides a welcome opportunity to explore the reasons for his influence both within the West and beyond it Essays by contributors from Britain Canada Hong Kong India and the USA provide a comprehensive critical assessment of the principal aspects of Oakeshott's thought that account for his contemporary relevance The unusually multi national background of the authors aims to give the volume a wide appeal extending not only to those already familiar with Oakeshott's writings but also to those as yet unfamiliar with them regardless of their cultural background All the contributors have attempted to write in a way that makes Oakeshott as accessible as possible

Intimations Pursued Andrew Sullivan, 2016-06-07 In this book Andrew Sullivan examines Oakeshott's transition from his original emphasis on philosophy as providing what was ultimately satisfactory in experience to his later emphasis on practical life This satisfaction is best achieved by a fusion of the modes of poetry and practice leading the author to examine Oakeshott's view of religious life as the consummation of practice in its most poetic incarnation The book also examines how the conception of practice is applied in Oakeshott's political writings focusing on the notion of civil association **Feminist**

Interpretations of Jean-Paul Sartre Julien S. Murphy, 2010-11-01 While Sartre was committed to liberation struggles around the globe his writing never directly addressed the oppression of women Yet there is compatibility between his central ideas feminist beliefs In this first feminist collection on Sartre philosophers reassess the merits of Sartre's radical philosophy of freedom for feminist theory Contributors are Hazel E Barnes Linda A Bell Stuart Z Charme Peter Diers Kate Edward Fullbrook Karen Green Sarah Lucia Hoagland Sonia Kruks Guillermine de Lacoste Thomas Martin Phyllis Sutton Morris Constance Mui Iris Marion Young **From a 'Necessary Evil' to the Art of Contingency** Suvi Soininen, 2015-10-15 This

book presents a comprehensive study of Oakeshott's conception of political activity The author first examines Oakeshott in the contexts of liberal conservative and Idealist thought and then presents a detailed interpretation of the change in his conception of politics in the context of British postwar political thought It is argued that Oakeshott's conception of political activity shifted from a near contempt of politics towards the applauding of politics as a deliberative and reflective activity The

development is disclosed by examining the change in his key concepts such as authority and tradition Accordingly some rather unexpected aspects of Oakeshott's thought such as his close relationship to the linguistic turn appear The author argues that although Oakeshott cannot exactly be classified as belonging to that group of political philosophers for whom politics represents a superior human activity his later work presents an important and original view of politics as an art of contingency

Leo Strauss and His Legacy John Albert Murley, 2005-01-01 With over 10 000 entries identifying work of hundreds of Strauss's students and their students this bibliography is the most indeed the only comprehensive guide to published writing in the tradition of Leo Strauss Murley includes Strauss's own complete bibliography and that of one of his most revered students George Anastaplo

The Sceptical Idealist Roy Tseng, 2003 This is the first book length study to provide a structured interpretation of the significance of Michael Oakeshott's critique of the Enlightenment By seeing the thinker as a sceptical idealist posing a serious challenge to the intellectual positions informed by the Enlightenment this book attempts to resolve some of the issues debated by Oakeshott scholars The author argues that Oakeshott's famous critique of philosophisme and Rationalism in fact expresses a sense of the crisis of philosophical modernity Moreover notwithstanding some recent interpretations throughout his intellectual career Oakeshott has never altered his analysis of these two themes philosophy as the persistent re-establishment of completeness by transcending abstractness and the modes of experience as self-consistent worlds of discourse To apply this philosophy in his moral and political writings Oakeshott has redressed an imbalance in favour of the Enlightenment ethical position the sovereignty of technique demonstrative moral truth the politics of faith and enterprise association by revitalising the importance of traditional knowledge conversation intimation the politics of scepticism and civil association Oakeshott is neither a doctrinal liberal nor a dogmatic conservative but a philosophical sceptic Moreover Oakeshott's contribution to history not only lies in his effort to transcend the Enlightenment historiographical position by separating the historical from the naturalised conception of History on which so-called scientific history rests but also in his idealistic solution for the temporal dilemma and the epistemic tension in history that have long bothered philosophers

On World Politics A. Astrov, 2005-08-11 This book outlines an idea of world politics as an activity of thinking and speaking about the conditions of world order World order is understood not as an arrangement of entities but a complex of variously situated activities conducted by individuals as members of diverse associations of their own Within contemporary International Relations it entails a theoretical position neotraditionalism as a reformulation of the initial traditionalist approach in the wake of rationalism and subsequent reflectivist critique

Bioethics of Displacement and Its Implications Rodríguez, Manuel Lozano, 2023-06-19 Bioethics aims to provide a framework for making informed and ethical decisions in the face of complex and often controversial issues It is concerned with issues such as informed consent autonomy justice beneficence non-maleficence and respect for persons and seeks to balance the interests of individuals communities and society Defining the bioethics of displacement presents a challenge despite bioethicists efforts to raise

multidisciplinarity the truth is that narrow medical bioethics focused on health is currently mainstream Bioethics of Displacement and Its Implications defines the bioethics of displacement explains why it is necessary and sets the basic curricula on the bioethics of displacement This book puts displacement in context through historical reflections and stresses how psychological inflexibility and the politics of pain work are reflected in the context of bioethics both in the nature of the research and in bioethics as a force of displacement and the challenges in the bioethical discourse Finally the book frames the bioethics of displacement Bodi in the modern bioethics discourse and how it can become a game changer This work focuses on bioethics confinement displacement global public health and politics This premier reference source is an essential resource for medical professionals pharmacists hospital administrators government officials students and faculty of higher education librarians researchers and academicians

When We Are Human John Zerzan, 2021-07-13 These are dark and darkening times challenging us to look deeper to grasp the roots and dynamics of the looming civilizational crisis Chronic illness of the planet calls for radically new thinking if there is to be any hope of renewal When We Are Human offers thought at a necessary and primal level All previous civilizations have failed and now there s just one global civilization which is starkly grandly failing To deny or avoid this fact is to remain in the sphere of the superficial the irrelevant The physical environment is reaching the catastrophe stage as the seas warm rise acidify and fill with plastics Icebergs ahead and floating past beachgoers idly watching the planet die So much is failing so much is interrelated in the technosphere of ever greater dependence and estrangement Social existence now strangely isolated is beset by mass shootings rising suicide rates slipping longevity loneliness anxiety and the maddening stream of lies and concocted politics Zerzan trains his passionate focus on several fields of discourse anthropology history philosophy technology psychology and the spiritual Points of light that become a kaleidoscope refracting new insights and contributing an overall picture of late civilization

Ibss: Political Science: 1998 Compiled by the British Library of Political and Economic Science, 2000-02 Renowned for its international coverage and rigorous selection procedures this series provides the most comprehensive and scholarly bibliographic service available in the social sciences Arranged by topic and indexed by author subject and place name each bibliography lists and annotates the most important works published in its field during the year of 1997 including hard to locate journal articles Each volume also includes a complete list of the periodicals consulted
