Saudi Arabia and the Global Islamic Terrorist Network S. Stern,2011-11-03 Saudi Arabia influences American policy through both conventional and unconventional methods all due to the petro dollars that have been generated from America s addiction to foreign oil With chapters written by renowned experts this book uses first hand accounts to explore this vast influence Doctrine of Terror Mahboob Illahi,2018-10-02 The book highlights the fact that Islam does not encourage or incite intolerance of other faiths and that it values sanctity of human life regardless of religious affiliation and abhors violence and extremism as being perpetrated by the misguided muslim jihadists of al Qaeda ISIS and their associated terrorist groups that have been wreaking atrocities on defenseless civilian populations of Muslim majority countries including women and children The book describes the inception support and unlimited funding of these groups by the Sunni Arab countries and implores the Funders to discontinue their support forthwith to restore peace and stability to the marginalized communities particularly the Shia Muslims of the world who have been subjected to persecution for centuries ever since the advent of Islam in the seventh century following the death of the Prophet of Islam in 623 The book also implores theWorld powers to end their tacit support of terrorism by seriously confronting the supporters of terrorist groups without which the terrorism will not end **Prophets and Princes** Mark Weston,2008-07-28 Saudi Arabia oil rich devoutly Muslim and a vital ally To many in the West Saudi Arabia is easy to criticize It is the birthplace of Osama bin Laden and fifteen of the nineteen 9 11 hijackers Saudi women are not permitted to drive work with men or travel without a man s permission Prior to 9 11 the Saudis sent millions of dollars abroad to schools that taught Muslim extremism and to charities that turned out to be fronts for al Qaeda In Prophets and Princes a highly respected scholar who has lived in Saudi Arabia contends that despite these serious shortcomings the kingdom is still America s most important ally in the Middle East a voice for moderation toward Israel and a nation with a surprising ability to make many of the economic and cultural changes necessary to adjust to modern realities Author Mark Weston offers an objective and balanced history of the only nation on earth named after its ruling family Drawing on interviews with many Saudi men and women Weston portrays a complex society in which sixty percent of Saudi Arabia s university students are women and citizens who seek a constitutional monarchy can petition the king without fear of reprisal Filled with new and underreported information about the most controversial aspects of life in Saudi Arabia Prophets and Princes is a must read for anyone interested in the Middle East oil Islam or the war on terror

The Two Faces of Islam Stephen Schwartz,2003-09-09 Since its formation in 1932 Saudi Arabia has been ruled by two interdependent families The Al Sa uds control politics and the descendants of Ibn Abd al Wahhab impose Wahhabism a violent fanatical perversion of the pluralistic Islam practiced by most Muslims Stephen Schwartz argues that Wahhabism

vigorously exported with the help of Saudi oil money is what incites Palestinian suicide bombers Osama bin Laden and other Islamic terrorists throughout the world Schwartz reveals the hypocrisy of the Saudi regime whose moderate facade conceals state sponsored repression and terrorism He also raises troubling questions about Wahhabi infiltration of America s Islamic community and about U S oil companies sanitizing Saudi Arabia s image for the West This sharp analysis and eye opening expose illuminates the background to the September 11th terrorist attacks and offers new approaches for U S policy toward its closest ally in the Middle East *Two Faces of Islam* Stephen Schwartz, 2003-09-01 Essential reading for anyone interested in the background of the war on terror and the future of the Middle East policy this eye opening expos reveals America s profound ignorance about its closest ally in the region Saudi Arabia
