Savage And The Innocent:

The Savage and the Innocent David Maybury-Lewis,1971

The Savage & the Innocent David Goldman,2015

The Passive Eye Branka Arsić,2003 *The Passive Eye* is a revolutionary and historically rich account of Berkeley's theory of vision. In this formidable work the author considers the theory of the embodied subject and its passions in light of a highly dynamic conception of infinity. Arsić shows the profound affinities between Berkeley and Spinoza and offers a highly textual reading of Berkeley on the concept of an exhausted subjectivity. The author begins by following the Renaissance universe of vision, particularly the paradoxical elusive nature of mirrors, then shows how this conception of vision was translated into the optical devices and in what way the various ways of deception could be conceived. Reading Berkeley against the backdrop of competing theories in relation to Leibniz, Spinoza, Newton, Malebranche, Hume, Locke, Molyneux and others, this book gives a meticulous historic reconstruction of Berkeley's theory. This excellent scholarly work presents Berkeley's theory in a new and radical light. The book, presented in three parts, begins by presenting the conceptions of vision prior to Berkeley's intervention. In the second part, the author moves through a careful study of Descartes' theory of vision to arrive at Berkeley. The third part addresses the author's version of Berkeley in which the eye and the image become inseparable due to the collapse of the universe of representation. The problem of vision becomes not that of representation but of presentation. Through an erudite historic reading of Berkeley's theory and astute comparative assessments, the author uncovers Berkeley's place as a contemporary theoretician corresponding with such thinkers as Deleuze, Lacan, Foucault and Derrida.

Removals Lucy Maddox,1991-10-24 This book resituates some familiar nineteenth century texts within the context of public debates about the place of American Indians in the civil and cultural institutions of the new American nation. Rereading texts by Melville, Hawthorne, Child, Sedgwick, Thoreau, Fuller and Parkman, Maddox demonstrates the pervasiveness of the anxieties produced by discussion of the Indian question and shows how extensively they influenced the production and reception of writing in the first half of the century.

Dickensian Affects Joshua Gooch,2019-10-08 In *Dickensian Affects* Charles Dickens and Feelings of Precarity, Joshua Gooch argues that Dickens's novels offer models of feeling that illuminate the dissensions that accompany life's precariousness under capitalism. By examining the role of violence, anxiety, surprise, and suspense in Dickens's novels, Gooch explores how they represent and shape emotions to create rhythms specific to their historical moment. To unearth Dickensian affects, Gooch examines how some of Dickens's novels yoke elements in their difference to signal different kinds and ways of feeling, what he terms affective form. This patterning of elements links a text's ways of feeling to its conjuncture and locates lines of flight that allow its representations of emotion to become something else. The violence of *Oliver Twist* links its satire of the New Poor Law to the post-abolition period of apprenticeship in the

West Indies The pervasive anxiety of *The Old Curiosity Shop* links Nell's journey to arguments economic inequality focused on questions of inheritance and land reform The surprise of *David Copperfield* binds its interests in questions of character and trust to Britain's professional world and credit markets And the suspense of *Great Expectations* gestures toward a sense of shame and demand for new models of masculine character also seen in the Volunteer rifle militias Dickensian *Affects* argues that for Dickens questions of feeling reveal the precarity of feeling itself For Dickens to feel is to know the possibility of feeling otherwise

I Suffer Therefore I Am Pascal Bruckner, 2025-08-21 In the West today suffering has become a new sacred cow Once a common feature of the human condition it is now a special trait you can use to impress your contemporaries It provides you with a borrowed identity transforming you into an exceptional being who can show off on the public stage at little cost Everyone flaunts their certificate of affliction positioning themselves above their peers Even those who are well off and powerful seek to find a place in the aristocracy of the margins creating new castes of the dispossessed at the expense of the truly unfortunate Infused with bitterness this cult of the victim glorifies the martyr figure and feeds into the passions of revenge and resentment This is the message of our age we are all victims and entitled to feel sorry for ourselves The submissive humanity of Christianity and the arrogant humanity of modernity have now been replaced by a victimized humanity allergic to distress Pampered coddled raised in fear and sensitivity how will younger generations be able to confront the chaotic world that awaits them marked by war violence terrorism and climate chaos Who will teach them the courage to endure to face setbacks head on without faltering in the face of misfortune
