The Art of Preaching Old Testament Poetry Steven D. Mathewson, 2024-11-05 Preachers often struggle with preaching Old Testament poetry They are uncertain how to preach the highly emotive poems in Psalms the one liners in Proverbs the tedious conversations in Job the esoteric observations about life in Ecclesiastes and the confusing love poems in the Song of Songs Here leading pastor theologian Steven Mathewson instructs and inspires preachers to preach some of the most challenging and some of the richest material in the Old Testament This companion to his successful *The Art of Preaching Old Testament Narrative* guides readers through preaching the oft neglected Old Testament poetic books Mathewson introduces foundational issues and offers basic methodology and preaching strategies that are faithful to the text and sensitive to its listeners Highlighting Mathewson's skill at bringing the riches of the Old Testament to bear on the life of

the church this book makes scholarship on the poetic books accessible for pastors and pastors in training It also includes sample sermons *Because of Our Unbelief* Paul E Orman,2024-08-22 Because of Our Unbelief encompasses the social issues of our day and examines them from both a secular and a Biblical point of view The issues that divide us as a nation The issues that clearly show a battle for Good and Evil that which is Right and that which is Wrong It shows how Holy Scripture may influence our thinking and help shape the important decisions we make in life It outlines how we have abandoned our belief in God the Creator and how that has led us down a path of destruction Both the Christian and non Christian worldviews are examined and the affects they have on one another is examined And it intends to show that our poor decisions are made due to our unbelief in God For Christians our compromise of His moral truth and for non Christians the suppression of God s Law written on our hearts and minds And that if we were to correct that unbelief not only would we free God to heal our land but that we could see a great revival sweep across the globe resulting in hundreds of thousands of souls being added to the Kingdom of God A third Great Awakening where God makes one last plea with humanity before the return of our Lord and Savior Jesus Christ **Poetic Ethics in Proverbs** Anne W. Stewart,2016 This study explores the sophisticated understanding of the formation of the moral self that emerges in the poetry of Proverbs which many have wrongly dismissed as simplistic Anne W Stewart analyzes images and metaphors to illuminate the Book s views on the role of emotions and desires in shaping moral imaginations **Death of the Desert** Christine Luckritz Marquis,2022-03-22 In the late fourth century the world of Christianity was torn apart by debate over the teachings of the third century theologian Origen and his positions on the incorporeality of God In the year 400 Archbishop Theophilus of Alexandria convened a council declaring Origen s later followers as heretics Shortly thereafter Theophilus banished the so called Tall Brothers four Origenist monks who led monastic communities in the western Egyptian desert along with hundreds of their brethren In some accounts Theophilus leads a violent group of drunken youths and enslaved Ethiopians in sacking and desecrating the monastery in others he justly exercises his episcopal duties In some versions Theophilus violent actions effectively bring the Golden Age of desert monasticism to an end in others he has shown proper respect for the desert fathers whose life of asceticism is subsequently destroyed by bands of barbarian marauders For some the desert came to be inextricably connected to violence and trauma while for others it became a site of nostalgic recollection Which of these narratives subsequent generations believed depended in good part on the sources they were reading In *Death of the Desert* Christine Luckritz Marquis offers a fresh examination of this critical juncture in Christian history and brings into dialogue narrative strands that have largely been separated in the scholarly tradition She takes the violence perpetrated by Theophilus as a turning point for desert monasticism and considers how monks became involved in acts of violence and how that violence came back to haunt them More broadly her careful attention to the dynamic relations between memory practices the rhetorical constructions of place racialized discourse and language and deeds of violence speak to us in our own time **Scumble** Ingrid Law,2010-08-17
