Students of New Testament Greek David Alan Black, 1988 *A Handbook to the Exegesis of the New Testament* Stanley E. Porter, 2022-02-07 This handbook provides a substantial theoretical and practical guide to the multi faceted discipline of exegesis of the New Testament After an introduction to exegesis and a bibliographic essay on the basic tools the volume has two major parts The first focuses on method and includes essays on the major approaches to exegesis including textual criticism language genre and backgrounds The second part applies exegetical method to the various literary units of the New Testament Most exegetical handbooks are either too short and brief thereby failing to cover the requisite current topics in sufficient depth or too technically difficult failing to provide a useful methodology This coordinated volume offers succinct and well informed essays with plenty of bibliography written by experts in their respective fields The handbook will serve well as a textbook as well as a reference book to the major tools and topics in the area This publication has also been published in paperback please click here for details The Language of the New Testament Stanley E. Interpreting the New Testament Text Darrell L. Bock, Buist M. Fanning, 2006-10-20 With the explosive increase in availability of English Bible translations the question can easily be asked Why bother with the hard work of biblical exegesis Computers can translate foreign languages and our English texts can take us very close to the original meanings so why exegete Answer because the deepest truths of the Bible are found through the deepest study This book teaches the principles methods and fundamentals of exegeting the New Testament It also has examples of textual exegesis that clearly and helpfully show the value of exegeting a text well Any serious student of Scripture would benefit from utilizing this book in the study of the Bible

A Linguistic Approach to Revelation 19:11-20:6 and the Millennium Binding of Satan Alan E. Kurschner, 2022-08-22 This study argues that the establishment of the millennium binding of Satan and the vindication of the saints in Revelation 20 1 6 are cohesively linked with Jesus's victorious battle in Revelation 19 11 21 The major implication of this analysis views both these events as consequent effects of Christ's victory at the eschatological battle Applying systemic functional linguistics and discourse analysis of cohesion this study advances critical scholarship on the Book of Revelation by offering the first fully sustained answer to this frequently debated question regarding Satan's binding from a modern linguistic approach

The Use of the Septuagint in New Testament Research Tim McLay, 2003 Too often the Septuagint is misunderstood or worse ignored in

New Testament studies In this book R Timothy McLay makes a sustained argument for the influence of the Greek Jewish Scriptures on the New Testament and offers basic principles for bridging the research gap between these two critical texts McLay explains the use of the Septuagint in the New Testament by looking in depth at actual New Testament citations of the Jewish Scriptures This work reveals the true extent of the Septuagint's impact on the text and theology of the New Testament Indeed given the textual diversity that existed during the first century the Jewish Scriptures as they were known read and interpreted in the Greek language provided the basis for much if not most of the interpretive context of the New Testament writers Complete with English translations a glossary of terms an extensive bibliography and helpful indexes this book will give readers a new appreciation of the Septuagint as an important tool for interpreting the New Testament Creation Language in Romans 8 Gregory P. Fewster, 2013-04-04 Modern scholarship tends to understand Paul's use of creation language in Rom 8 18 23 as part of a commentary on the state of sub human creation This misguided position warrants an inquiry into the state of lexical study in New Testament scholarship As a result Fewster articulates a theory of lexical monosemy cast in the framework of Systemic Functional Linguistics The model is applied to Paul's use of through a robust corpus analysis and investigation into the word's role within the paragraph contributes to the cohesive structure of Rom 8 18 23 and contra the majority of interpreters functions as a metaphor for the human body **Introduction to Biblical Interpretation** William W. Klein, Craig L. Blomberg, Robert L. emerges Secondly each article has selected a particular New Testament text to demonstrate this approach in practice The authors of these chapters the majority of which are South African scholars were chosen because of their expertise in their specific fields By presenting these studies together in one collection the scholarship in these different areas will become more readily accessible to a wider group of scholars

The Self, the Lord, and the Other according to Paul and Epictetus Michael J. Gorman, 2023-03-29 This study explores the relationship between the individual person the self the divine and other people in the writings of the apostle Paul and the Roman Stoic Epictetus It does so by examining self involving actions expressed with reflexive pronouns myself yourself etc in various kinds of sentences for example Examine yourself and You do not belong to yourself After situating the topic within the fields of linguistics and ancient Greek the study then examines the reflexive constructions in Epictetus's Discourses showing that reflexive texts express fundamental aspects of his ethic of rational self interest in imitation of the indwelling rational deity Next the investigation examines the 109 reflexive constructions in Paul providing an exegesis of each reflexive text and then synthesizing the results Paul's reflexive phrases are essential statements of his theology and ethics expressing an interconnected narrative Christology narrative apostolic identity and narrative ethic Most importantly the study finds that for Epictetus concern for others is a rational means to self realization whereas for Paul concern for others is a community ethic grounded in the story of the indwelling Christ and is the antithesis of self interest

New Testament Lexicography Jesús Peláez, Juan Mateos, 2018-08-21 This text brings together in one volume two previous books that laid the groundwork for the construction of the entries in *Diccionario Griego Español del Nuevo Testamento* Greek Spanish Dictionary of the New Testament namely *Metodo de Análisis semántico aplicado al griego del Nuevo Testamento* Method of Semantic Analysis applied to the Greek of the New Testament and *Metodología del Diccionario Griego Español del Nuevo Testamento* Methodology of the Greek Spanish Dictionary of the New Testament by Juan Mateos and Jesús Peláez In the introduction and first part of the text the concepts of dictionary and meaning are defined and a critical analysis of the dictionaries of F Zorell W Bauer Bauer Aland and Louw Nida is conducted Their methodologies are examined with the purpose of then presenting a method of semantic analysis and the steps for establishing the semantic formula of the various classes of lexemes which functions as the basis for determining lexical and contextual meaning In the second part the necessary steps for composing the dictionary's entries are proposed The text concludes with an analysis of related lexemes in order to demonstrate the accuracy of the suggested method For the first time a carefully developed method of semantic analysis and the corresponding methodology are presented before the construction of the dictionary's entries

New Testament Interpretation I. Howard Marshall, 2006-10-01 These eighteen pieces have been commissioned to provide a succinct yet comprehensive guide to the best of recent evangelical thinking about how the New Testament is to be interpreted so that it may speak most clearly to today's world The need for such a handbook can be felt more keenly as on the one side a secularized world dismisses the biblical faith as outmoded unworkable and unsatisfying and on the other

numerous Christian communities committed to taking that faith with ultimate seriousness are driven by controversies about how to read and understand the Bible Following the editor's introduction in which I Howard Marshall examines a familiar New Testament passage in order to exemplify the problems and rewards that await the careful interpreter the essays are arranged under four headings beginning with overviews of the history of New Testament study and the role of the interpreter's presuppositions in this enterprise then going on to discuss the various critical tools the methods of exegesis and the application of the New Testament to the faith and life of the contemporary reader An annotated bibliography concludes the presentation Because the issues involved here have too often been ignored in many quarters more than one approach to or opinion about a given matter may surface in these essays yet undergirding this diversity is the author's shared conviction as conservative evangelicals with a high regard for the authority of Holy Scripture that we are called upon to study the Bible with the full use of our minds As the editor writes The passages which we interpret must be the means through which God speaks to men and women today Our belief in the inspiration of the Bible is thus a testimony that New Testament exegesis is not just a problem it is a real possibility God can and does speak to men through even the most ignorant of expositors of his Word At the same time he calls us on to devote ourselves to his Word and use every resource to make its message the more clear

Reading the Wife/Sister Narratives in Genesis Hwagu Kang, 2018-10-31 The book of Genesis introduces three similar wife sister narratives commonly thought to be originating from different sources because of their repetitive entries This research explores the wife sister narratives in Genesis Gen 12 10 13 1 20 1 18 and 26 1 11 and it aims to provide an understanding of the three stories as a whole by uncovering its context by textlinguistic and literary type scene analysis Textlinguistic analysis helps us to see how each wife sister narrative functions in its context while type scene analysis emphasizes how the three narratives develop and contribute to the patriarchal narratives through their similarities and variations Although the traditional type scene analysis studies recurrent fixed motives in texts this study focuses much more on literary aspects such as characterization theme and plot Through this study the three wife sister stories will elaborate that the patriarchal narratives are not results of different authors but the well developed products of a single author The three wife sister stories work together to highlight God's faithfulness to his promises Gen 12 1 3
