Semper Fi Business Leadership The Marine Corps Way:

Semper Fi Dan Carrison,Rod WALSH,1998-10-20 This book goes behind the scenes to pinpoint what works for the U S Marine Corps showing you how to create a training and management culture that brings out the best in all your employees For more than 200 years the U S Marine Corps has been a paragon of world class leadership excelling in the areas of motivation training and management Semper Fi which since its publication has become a best selling business leadership classic shows you how to adapt these proven practices for your own organizations The book gives you tough practical tips for inspiring individual initiative rewarding hard work encouraging loyalty working with limited resources dealing with change leading the troops at every level of the organization This is not a pseudo philosophical book on leadership Semper Fi is a book you will actually use read and refer to again and again   *The Psychology of Leadership* David M. Messick,Roderick M. Kramer,2004-09-22 In this book some of the world s leading scholars come together to describe their thinking and research on the topic of the psychology of leadership Most of the chapters were originally presented as papers at a research conference held in 2001 at the Kellogg School of Management of Northwestern University The contributions span traditional social psychological areas as well as organizational theory examining leadership as a psychological process and as afforded by organizational constraints and opportunities The editors goal was not to focus the chapters on a single approach to the study and conceptualization of leadership but rather to display the diversity of issues that surround the topic Leadership scholars have identified a host of approaches to the study of leadership What are the personal characteristics of leaders What is the nature of the relation between leaders and followers Why do we perceive some people to be better leaders than others What are the circumstances that evoke leadership qualities in people Can leadership be taught And so on The contributions to this book examine these important questions and fall into three categories conceptions of leadership factors that influence the effectiveness of leadership and the consequences and effects of leadership on the leader All in all the chapters of this volume display part of a broad spectrum of novel and important approaches to the study of the psychology of leadership We hope that they are equally useful to those who are or would be leaders and to those who study the topic As recent events have served to remind us it is too important a topic to be ignored by psychologists   **Main Street Vs Wall Street** Norman Jones,2010   *Saltwater Leadership Second Edition* Robert Wray,John B Mustin,Theodore P LeClair,Andrew Ledford,2021-05-15 Saltwater Leadership Second Edition is about leadership in the maritime environment The unforgiving dynamic and unconquerable nature of the sea requires direct leadership often with very little margin of error The unique and common nature of professional life on the sea applies not only to junior naval leaders but also officer and enlisted leaders from the Marines Coast Guard and Merchant Marines Based on decades of leadership experiences Saltwater Leadership covers a wide variety of topics including basic junior officer leadership taking care of people providing forceful backup leadership and culture and professional competence   **The Spartacus Factor** John Schuler,2005-05 A Sales Handbook for

Non Sales Executives How to dramatically improve revenue by giving all your people CREDIT for success Communications Rewards Education Discipline Inclusiveness and Training   **Leading Up** Michael Useem,2003-03-25 Today s best leaders know how to lead up a necessary strategy when a supervisor is micromanaging rather than macrothinking when a division president offers clear directives but can t see the future or when investors demand instant gain but need long term growth Through vivid compelling stories Michael Useem reveals how upward leadership can transform incipient disaster into hard won triumph For example U S Marine Corps General Peter Pace reconciled the conflicting priorities of six bosses by keeping them well informed and challenging their instructions when necessary Useem also explores what happens when those who should step forward fail to do so Mount Everest mountaineers might have saved themselves from disaster during a fateful ascent if only they had questioned their guides flawed decisions Leading Up is a call to action It asks us to get results by helping our superiors lead and by building on the best in everybody s nature and it offers a pragmatic blueprint for doing so

   Systems Leadership ,2017-03-02 This book is concerned with how people come together to achieve a productive purpose Human survival has always depended upon our ability to form and sustain social organisations People have a deep need to be creative and to belong By creating positive organisations we can fulfil these needs and build a worthwhile society Such organisations do not occur by chance a positive organisation is created by the hard work of leaders and members and influenced by the way the organisation is designed especially its systems All this needs to be based on an understanding of sound general principles of behaviour This book outlines that work how to build a positive organisation in terms of general principles and practical examples Understanding and applying this work requires discipline not dogma and creativity The authors show the significant positive results that can be achieved and detail a range of case studies Unlike some books which are based on goals objectives or visions this book concentrates on how this can be achieved The authors observed and engaged with what good leaders and members actually do and have endeavoured to distil the essence of productive relationships based on core human values This work has been applied in businesses social service agencies hospitals city governments national governments armies churches public utilities indigenous communities schools and other unique organisations It is intended to help leaders create more humane and productive organisations that can both meet their objectives and improve the human condition It does so by presenting a coherent theory exemplified by numerous cases and practical experience As more than one leader has commented this stuff actually works The CD supplied with the book contains 11 case studies which look at the application of systems leadership techniques in a range of organisational contexts
   Supporting the Military-Affiliated Learner Victoria McDermott,Leandra Hinojosa Hernández,Amy R. May,2020-12-10 Supporting the Military Affiliated Learner Communication Approaches to Military Pedagogy and Education challenges the academic community to 1 reevaluate how they support military affiliated learners MALs and address how the military civilian academic divide causes disparities and barriers to MAL academic achievement and retention and 2 implement programs and

develop strategies to facilitate equitable academic integration from application to graduation With contributions from veterans military spouses and communication educators this book explicate barriers that MALs face when trying to transition to navigate and succeed in higher education This edited volume explores the impact of the diversity and nuances of MAL identities on their experiences in higher education promotes military competence by providing opportunities for educators and support staff to learn about potential barriers and promote best practices for connecting with MALs and validating their lived experiences examines how technology computer mediated communication may be used to facilitate community building and promote connectedness for MALs within face to face and digital spheres **Saltwater Leadership** Robert Wray,2013-03-15 Designed for busy junior officers in the U S Navy Coast Guard and Merchant Marine this primer teaches the basics of leadership in five sequential steps It begins with a useful overview of major leadership studies followed by an informative summary of the wisdom of 380 senior sea going officers regarding those leadership attributes required of the junior officer One chapter includes sea stories from officers of varied backgrounds each offering a leadership lesson that was learned the hard way Along with this sage advice from experienced sea service officers the book offers a final chapter that helps readers build personalized plans to improve their own leadership skills Such a practical guide is certain to turn young officers into successful leaders **The Art of Business Warfare** David W. Leppanen,2000-12 Business and warfare have more in common that most people think The Art of Business Warfare applies military techniques to the business world It outlines how businesses can use the military principles preemption dislocation and disruption to outmaneuver their competition In addition before conducting an operation the military has four primary areas it must address personnel intelligence operations and logistics Companies must also manage these four areas While The Art of Business Warfare won t show you how to call in artillery fire on your competition it will show you how to coordinate you business departments and improve your business operations **Operational Policy Making for Professional Security** Allen Sondej,2015-09-09 Operational Policy Making for Professional Security Practical Policy Skills for the Public and Private Sector is a clear concise and practical resource for drafting effective legally defensible security policies Presented in a clear step by step style that can be tailored to fit the smallest organization to the largest the book offers the strategies needed for reducing risk through solid policy construction It is the first book available that provides a step by step guide to basic security policy construction along with helpful hints on how to draft a document that conveys exactly what is intended The book explores common policy creation pitfalls and how to avoid them outlining proven methods for implementing and disseminating effective policies throughout any organization Discussing the core security and safety policies that no organization should operate without the book covers common types of policies along with the pros and cons of different policy making methodologies It is a one stop reference on functional security policy making for organizational leaders User friendly resource that guides readers through the entire policy making process Explores real world solutions to common security policy issues Outlines legally defensible policy suggestions
