

SENECA  
THE ELDER  
SUASORIAE

*William A. Edward*

# Seneca Suasoriae

**Sebastian I. Sobecki**

## Seneca Suasoriae:

Liber suasoriarum Lucius Annaeus Seneca, 1928      **Seneca: Suasoriae** Lucius Annaeus Seneca, 1996 This work contains a copy of Seneca's Suasoriae along with facing translation full annotation and a useful introductory essay which offers an argument against suggestions that Seneca was no more than a professional hack teacher of rhetoric and that his Latinity is inferior and unclassical      **The Sorrows of the Ancient Romans** Carlin A. Barton, 2020-10-06 This inquiry into the collective psychology of the ancient Romans speaks not about military conquest sober law and practical politics but about extremes of despair desire and envy Carlin Barton makes us uncomfortably familiar with a society struggling at or beyond the limits of human endurance To probe the tensions of the Roman world in the period from the first century b c e through the first two centuries c e Barton picks two images the gladiator and the monster      **The Suasoriae of Seneca the Elder** Lucius Annaeus Seneca, 1968      Declamation, Paternity, and Roman Identity Erik Gunderson, 2003-06-19 This book explores the much maligned and misunderstood genre of declamation Instead of a bastard rhetoric declamation should be seen as a venue within which the rhetoric of the legitimate self is constructed These fictions of the self are uncannily real and these stagey dramas are in fact rehearsals for the serious play of Roman identity Critics of declamation find themselves recapitulating the very logic of the genre they are refusing When declamation is read in the light of the contemporary theory of the subject a wholly different picture emerges this is a canny game played with and within the rhetoric of the self This book makes broad claims for what is often seen as a narrow topic An appendix includes a fresh translation and brief discussion of a sample of surviving examples of declamation      Clio and the Poets David S. Levene, Damien P. Nelis, 2002 In this book seventeen leading scholars examine the interaction between historiography and poetry in the Augustan age how poets drew on or reacted against historians presentation of the world and how conversely historians transformed poetic themes for their own ends      **The Suasoriae of Seneca the elder** Sénèque le rhéteur, 1928      **The Roman Audience** T. P. Wiseman, 2015-09-24 Who were Roman authors writing for Only a minority of the population was fully literate and books were very expensive individually hand written on imported papyrus So does it follow that great poets and prose authors like Virgil and Livy Ovid and Petronius were writing only for the cultured and the privileged It is this modern consensus that is challenged in this volume In an ambitious overview of a thousand years of history from the formation of the city state of Rome to the establishment of a fully Christian culture T P Wiseman examines the evidence for the oral delivery of literature to mass public audiences The treatment is chronological utilizing wherever possible contemporary sources and the close reading of texts Wiseman sees the history of Roman literature as an integral part of the social and political history of the Roman people and draws some very unexpected inferences from the evidence that survives In particular he emphasizes the significance of the annual series of stage games ludi scaenici and reveals the hitherto unexplored common ground of literature drama and dance Direct accessible and clearly written The Roman Audience provides a fundamental

reinterpretation of Roman literature as part of the historical experience of the Roman people making it essential reading for all Latinists and Roman historians      **Cicero** Gesine Manuwald, 2014-11-28 Marcus Tullius Cicero 106 43 BCE introduced Romans to the major schools of Greek philosophy forging a Latin conceptual vocabulary that was entirely new But for all the sophistication of his thinking it is perhaps for his political and oratorical career that Cicero is best remembered He was the nemesis of Catiline whose plot to overthrow the Republic he famously denounced to the Senate He was the selfless politician who turned down the opportunity to join Julius Caesar and Pompey in their ruling triumvirate with Crassus He was briefly Rome's leading man after Caesar's assassination in 44 BCE And he was the great political orator whose bitter conflict with Mark Antony led to his own violent death in 43 BCE In her authoritative survey Gesine Manuwald evokes the many faces of Cicero as well as his complexities and seeming contradictions She focuses on his major works allowing the great writer to speak for himself Cicero's rich legacy is seen to endure in the works of Quintilian and the Church Fathers as well as in the speeches of Harry S Truman and Barack Obama      **The Sea and Medieval English Literature** Sebastian I. Sobecki, 2008 A fresh and invigorating survey of the sea as it appears in medieval English literature from romance to chronicle hagiography to autobiography As the first cultural history of the sea in medieval English literature this book traces premodern myths of insularity from their Old English beginnings to Shakespeare's *Tempest* Beginning with a discussion of biblical classical and pre-Conquest treatments of the sea it investigates how such works as the Anglo-Norman *Voyage of St Brendan* the *Tristan* romances the chronicles of Matthew Paris *King Horn* *Patience* *The Book of Margery Kempe* and *The Libelle of Englyshe Polycye* shape insular ideologies of Englishness Whether it is Britain's privileged place in the geography of salvation or the political fiction of the idyllic island fortress medieval English writers' myths of the sea betray their anxieties about their own insular identity their texts call on maritime motifs to define England geographically and culturally against the presence of the sea New insights from a range of fields including jurisprudence theology the history of cartography and anthropology are used to provide fresh readings of a wide range of both insular and continental writings      **Milton and the Metamorphosis of Ovid** Maggie Kilgour, 2012-02-02 Contributing to our understanding of Ovid Milton and more broadly the transmission and transformation of classical traditions this book examines the ways in which Milton drew on Ovid's oeuvre and argues that Ovid's revision of the past gave Renaissance writers a model for their own transformation of classical works      Jewish Fictional Letters from Hellenistic Egypt L. Michael White, G. Anthony Keddie, 2018-11-02 The first Greek text of the *Epistle of Aristeas* published in more than a century The Greek text *Epistle of Aristeas* is a Jewish work of the late Hellenistic period that recounts the origins of the Septuagint Long recognized as a literary fiction the *Epistle of Aristeas* has been variously dated from the third century BCE to the first century CE As a result its epistolary features and especially those in which the putative author Aristeas addresses his brother and correspondent Philocrates have largely been ignored In light of more recent scholarship on epistolary literature in the Greco-Roman world however this volume presents for the first time a

complete Greek text and English Translation with introduction notes and commentary of the Epistle of Aristeeus with key testimonia from Philo Josephus and Eusebius as well as other related examples of Jewish fictional letters from the Apocrypha and Pseudepigrapha Features Relevant excerpts from Eupolemus 2 Maccabees 3 Maccabees and the Greek Additions to Esther with translations and introductions A critical introduction to ancient Greek letter writing An outline of epistolary features in the text

**Marlowe's Counterfeit Profession** Patrick Cheney, 1997-12-01 Cheney argues that Marlowe organizes his canon around an Ovidian career model or *cursus* which turns from amatory poetry to tragedy to epic The first comprehensive reading of the Marlowe canon in over a generation

**Shakespeare, National Poet-Playwright** Patrick Cheney, 2004-11-25 Shakespeare National Poet Playwright is an important book which reassesses Shakespeare as a poet and dramatist Patrick Cheney contests critical preoccupation with Shakespeare as a man of the theatre by recovering his original standing as an early modern author he is a working dramatist who composes some of the most extraordinary poems in English The book accounts for this form of authorship by reconstructing the historical preconditions for its emergence in England as in Europe including the building of the commercial theatres and the consolidation of the printing press Cheney traces the literary origin to Shakespeare's favourite author Ovid who wrote the *Amores* and *Metamorphoses* alongside the tragedy *Medea* Cheney also examines Shakespeare's literary relations with his contemporary authors Edmund Spenser and Christopher Marlowe The book concentrates on Shakespeare's freestanding poems but makes frequent reference to the plays and ranges widely through the work of other Renaissance writers

Cicero: Brutus and Orator Robert A. Kaster, 2020-01-23 Cicero's *Brutus* and *Orator* constitute his final major statements on the history of Roman oratory and the nature of the ideal orator In the *Brutus* he traces the development of political and judicial speech over the span of 150 years from the early second century to 46 BCE when both of these treatises were written In an immensely detailed account of some 200 speakers from the past he dispenses an expert's praise and criticism provides an unparalleled resource for the study of Roman rhetoric and engages delicately with the fraught political circumstances of the day when the dominance of Julius Caesar was assured and the future of Rome's political institutions was thrown into question The *Orator* written several months later describes the form of oratory that Cicero most admired even though he insists that neither he nor any other orator has been able to achieve it At the same time he defends his views against critics the so called Atticists who found Cicero's style overwrought In this volume the first English translation of both works in more than eighty years Robert Kaster provides faithful and eminently readable renderings along with a detailed introduction that places the works in their historical and cultural context and explains the key stylistic concepts and terminology that Cicero uses in his analyses Extensive notes accompany the translations helping readers at every step contend with unfamiliar names terms and concepts from Roman culture and history

Brutus Marcus Tullius Cicero, 2020 Cicero's *Brutus* and *Orator* constitute his final major statements on the history of Roman oratory and the nature of the ideal orator In the *Brutus* he traces the development of political and judicial speech

over the span of 150 years from the early second century to 46 BCE when both of these treatises were written In an immensely detailed account of some 200 speakers from the past he dispenses an expert's praise and criticism provides an unparalleled resource for the study of Roman rhetoric and engages delicately with the fraught political circumstances of the day when the dominance of Julius Caesar was assured and the future of Rome's political institutions was thrown into question The Orator written several months later describes the form of oratory that Cicero most admired even though he insists that neither he nor any other orator has been able to achieve it At the same time he defends his views against critics the so called Atticists who found Cicero's style overwrought and favored a more restrained and plainer approach *Rodolphus Agricola Phrisius, 1444-1485* Fokke Akkerman, Arie Johan Vanderjagt, 1988 Papers examining the Rodolphus Agricola father of northern European humanism

**Lucretius Poet and Philosopher** Philip R. Hardie, Valentina Proserpi, Diego Zucca, 2020-07-06 Six hundred years after Poggio's retrieval of the *De rerum natura* and with the recent surge of interest in Lucretius and his influence there has never been a better time to fully assess and recognize the shaping force of his thought and poetry over European culture from antiquity to modern times This volume offers a multidisciplinary and updated overview of Lucretius as philosopher and as poet with special attention to how these two aspects interact The volume includes 18 contributions by established as well as early career scholars working on Lucretius philosophical and poetic work and his reception both in ancient and early modern times All the chapters present new and original research Section I explores core issues of Epicurean Lucretian epistemology and ethics Section II expounds much new material on ancient response to and reception of Lucretius Section III presents new material and analysis on the immediate fraught early modern reception of the poem Section IV offers a wide collection of new and original papers on Lucretius fortunes in the period from Machiavelli up to Victorian times Section V explores little known aspects of the iconographical and biographical motifs related to the *De rerum natura*

**Texts and Violence in the Roman World** Monica R. Gale, J. H. D. Scourfield, 2018-04-05 From the bites and scratches of lovers and the threat of flogging that hangs over the comic slave to murder rape dismemberment and crucifixion violence is everywhere in Latin literature The contributors to this volume explore the manifold ways in which violence is constructed and represented in Latin poetry and prose from Plautus to Prudentius examining the interrelations between violence language power and gender and the narrative rhetorical and ideological functions of such depictions across the generic spectrum How does violence contribute to the pleasure of the text Do depictions of violence always reinforce status hierarchies or can they provoke a reassessment of normative value systems Is the reader necessarily complicit with authorial constructions of violence These are pressing questions both for ancient literature and for film and other modern media and this volume will be of interest to scholars and students of cultural studies as well as of the ancient world

Reading Roman Declamation - Calpurnius Flaccus Martin T. Dinter, Charles Guérin, Marcos Martinho, 2017-12-18 As a genre situated at the crossroad of rhetoric and fiction declamatio offers the

freedom to experiment with new forms of discourse Placing the literariness of declamatio into the spotlight this volume showcases declamation as a realm of genuine literary creation with its own theoretical underpinning literary technique and generic conventions Focusing on the oeuvre of Calpurnius Flaccus this volume demonstrates that these texts constitute a genre on their own the rhetorical and literary framework of which remains not yet fully mapped Contributions from an international group of leading scholars from the field of Roman Literature and Rhetoric will explore the question of how Roman Declamation functions as a literary genre This volume investigates the literary technique and the generic conventions of declamatio in its social pedagogical and ethical context to determine the poetics of Roman Declamation This volume is of interest to students and scholars of Rhetoric and Roman Literature If you are interested in Roman Declamation we also recommend the volume on the Declamations Ascribed to Quintilian by the same editors to you
