hinayana and mahayana As with the hinayana and the mahayana the formal acceptance into the vajrayana is marked by a vow in this case the samaya vow There is an emphasis at this stage on the student teacher relationship and on the quality of devotion Generally students must complete preliminary practices called ng ndro to prepare themselves for initiation into the vajrayana path before going further Having done so they then receive the appropriate empowerments to begin tantric practices There are empowerment ceremonies of many kinds called abhishekas The vajrayana includes both form practices such as visualizations and sadhanas ritual liturgies and formless practices based on allowing the mind to rest naturally in its inherent clarity and emptiness Although on the surface there is much greater complexity in tantric practices the principles of mindfulness and awareness and the cultivation of compassion and skillful action continue to be of central importance The tantric path requires complete engagement and fierce dedication It is said to be a more rapid path but it is also more dangerous There is a quality of directness abruptness and wholeheartedness Tantrikas or vajrayana practitioners recognize that the most challenging aspects of life the energies and play of confused emotions and frightening obstacles can be worked with as gateways to freedom and realization Other topics covered in detail in this volume include the four reminders the mandala principle mahamudra atiyoga and more
