Sensitivity And Awareness:

Sensitivity and Awareness ... Developing Human Potential Craig W. Johnson, 1971 Measuring Multiple Intelligences and Moral Sensitivities in Education Kirsi Tirri, Petri Nokelainen, 2012-01-01 In this book we introduce several sensitivity measures in educational contexts that can be used in research education and self evaluations In Chapter 1 we discuss the framework of Howard Gardner s Multiple Intelligences theory and introduce our Multiple Intelligences Profiling Questionnaire We present the psychometrical qualities of the instrument with empirical data sets of children youth and adults In Chapter 2 the Spiritual Sensitivity Scale is introduced with the theoretical framework it is connected to The existence of spiritual intelligence has been a widely debated issue and not everybody is ready to call advanced thinking in religious or spiritual domains as intelligence This has guided us to use the term sensitivity which is easier to justify than intelligence in these areas of human behavior In Chapter 3 we introduce the Environmental Sensitivity Scale which is quite close to the possible intelligence of naturalist suggested by Gardner In Chapter 4 Ethical Sensitivity Scale is introduced followed by Emotional Leadership Questionnaire in Chapter 5 All these scales have a solid theoretical framework and earlier empirical work to support the instrument building Chapter 6 introduces Intercultural and Interreligious Sensitivity Scales with their theoretical frameworks and earlier empirical work Following each chapter we have included a ready to use version of the questionnaire and SPSS syntax to compute factors A commentary by Dr Seana Moran compliments the book and challenges the readers to further reflect the meaning of education in supporting holistic development of learners in their life long journey We have authored this book to contribute to this goal and hope it will be used in the hands of researchers teachers and students in their mutual effort to grow and to learn new things in life **Family Stress** Pauline Boss, Carol Mulligan, 2003 Why do some families rebound from stress with seeming ease while others seem to struggle This anthology comprised of 23 major articles from the family stress literature addresses questions such as the increasingly diverse and complex family situations of stress and crisis This volume provides the family stress community with an accessible coherent compilation of writings by past present and emerging family stress scholars The reader includes classic and current writings from multi disciplinary streams of work in family social science social work nursing family sociology family therapy and family psychology Key Features Culture and Context With an eye toward more culturally inclusive theories the selected readings address how culture and context both aid and impede family resilience Clarity An overall introduction and section introductions by Pauline Boss provide context for each individual reading and coherence for the book as a whole Critical Thought A critical thinking focus outlined in chapter introductions encourages students researchers and practitioners to expand their own thinking about the concepts and models of family stress and coping to guide the development of future work in this field Crossover Coverage Designed to parallel coverage in Pauline Boss s best selling text Family Stress Management Second Edition this collection of readings should nonetheless serve as a valuable resource on its own and in

Steffen,Donald Moss,2024-05-08 In recent years there has been growing interest in exploring how psychophysiology can be used to enhance psychotherapeutic interventions and it is becoming more common for psychotherapists to use psychophysiological approaches such as biofeedback as a part of their therapy Integrating Psychotherapy and Psychophysiology explores how these fields can be integrated to improve therapy outcomes and to provide a guide to professionals in the field Structured in three parts the first part focuses on theories underlying psychotherapy psychophysiology integration with chapters on the neuroscience of mind evolution and compassion heart rate variability and mind body integration and affect and understanding the world The second part focuses on assessment aspects of psychotherapy psychophysiology integration with chapters on the NIH Research Domain Criteria RDoC approach to assessment of psychopathology from a psychophysiological perspective personality as a central factor in stress and cardiovascular reactivity and using the RDoC framework to understand and conceptualize personality Finally the third part focuses on approaches to integrating psychophysiology into psychotherapy emphasizing heart rate variability biofeedback The book will be valuable for all psychotherapists who are looking to improve their practice by integrating effective mind body principles into their therapeutic approach **Text Meaning** Hugo Raines,AI,2025-05-06 Text Meaning explores the

intricate process of how we understand literary works asserting that meaning isn t simply embedded within the text Instead it emerges from the dynamic interplay between a text s context language and its interpretation The book emphasizes that a text written during social upheaval carries different connotations than one from a calm period illustrating how historical context shapes potential meanings Further it examines how individual experiences and beliefs inevitably influence understanding The book progresses by first introducing foundational principles like contextual analysis and linguistic theory Subsequent chapters then delve into literary examples demonstrating these principles in action like how critical approaches can yield drastically different interpretations Ultimately Text Meaning argues that understanding this fluid negotiated construct is essential for fostering critical thinking and a nuanced appreciation of literature making it valuable for students

and educators alike **Finding Your Voice as a Beginning Marriage and Family Therapist** Jessica L. ChenFeng,Dana J. Stone,2019-07-04 Finding Your Voice as a Beginning Marriage and Family Therapist provides support to early career marriage and family therapists who seek authentic and meaningful connections with themselves their colleagues and the clients they serve The book addresses a lack of resources for early career therapists during professional formation particularly for those who have marginalized aspects of their identity Readers will move toward celebrating their varied social contextual selves to gain a sense of empowerment allowing themselves to fully engage in their educational clinical and supervisory journey The authors offer unique insights on the literature of clinical training as well as authentic stories from early career as well as more seasoned MFTs There are exercises for the reader and practical skills for active engagement in their own development Reflection questions at the end of each chapter can be used for personal reflection or to frame dialogue with classmates and colleagues Adaptable for use in the classroom support groups and in group individual supervision settings Finding Your Voice as a Beginning Marriage and Family Therapist is an essential resource for students and beginner clinicians *Policing Sex* Paul Johnson,Paul James Johnson,Derek Dalton,2012 This collection focuses attention on an important but academically neglected area of contemporary operational policing the regulation of consensual sexual practices Despite the high level public visibility of and debate about policing in relation to violent and abusive sexual crimes from child sexual abuse to adult rape very little public or scholarly attention is paid to the policing of consensual sexual practices in contemporary societies Whilst sexual life is commonly understood to be a matter of private life that is beyond formal social control this book shows that policing is implicated in the regulation of a wide range of consensual sexual practices This book brings together a well known and respected group of academics from a range of disciplines to explore the role of the police in shaping the boundaries of that aspect of our lives that we imagine to be most intimate and most our own The volume presents a snap shot of policing in respect of a number of diverse areas such as public sex pornography and sex work and considers how sexual orientation structures police responses to them The authors critically examine how policing is implicated in the social moral and political landscape of sex and contrary to the established rhetoric of politicians and criminal justice practitioners continues to intervene in the private lives of citizens It is essential supplementary reading for courses in criminology law policing sociology of deviance gender and sexuality and cultural studies **Less Incomplete** Sandie Gustus,2011-05-27 Based on an advanced new scientific approach to studying the consciousness soul spirit as proposed by renowned Brazilian consciousness researcher Dr Waldo Vieira this book provides a comprehensive understanding of the reality of the human condition beyond the physical body offering readers a profound opportunity to increase their self awareness self confidence balance and maturity and to take control of their experience of life In this book conscientiology and projectiology the two new sciences proposed by Vieira are explained in layman s terms Conscientiology is the science that studies the consciousness investigating all of its attributes properties characteristics

bodies lives and phenomena The book examines three attributes of the consciousness that it is multidimensional multiexistential i e it reincarnates and that it evolves Projectiology is the study of the projection of the consciousness or out of body experience commonly known as OBE
