**The Role of Sisters in Women's Development** Sue A. Kuba Professor of Psychology at the California School of Professional Psychology, 2011-03-04 Psychological theory has traditionally overlooked or minimized the role of siblings in development focusing instead on parent child attachment relationships The importance of sisters has been even more marginalized Sue A Kuba explores this omission in *The Role of Sisters in Women's Development* seeking to broaden and enrich current understanding of the psychology of women This unique work is distinguished by Kuba's phenomenological method of research rooted in a single prompt Tell me about your relationship with your sister Rich in detail the responses many of which are reproduced at length within the book provide a complex picture of sister relationships across the lifespan Integrating these stories with current literature about gender and family composition for sisters of difference disabled and lesbian sisters and ethnic sisters this book provides useful recommendations for therapeutic understanding of the significance of sisters in everyday life integrating diverse perspectives in order to address the ways clinicians can enhance psychological work with women clients A valuable contribution to the field of mental health *The Role of Sisters in Women's Development* is highly recommended for therapists who wish to broaden their inquiry into the sister connection as well as anyone who wants to further understand the importance of sisterhood

**Dangerous Sisters of the Hebrew Bible** Amy Kalmanofsky, 2014-01-01 Fathers sons and mothers take center stage in the Bible's grand narratives Amy Kalmanofsky observes Sisters and sisterhood receive less attention in scholarship but she argues play an important role in narratives revealing anxieties related to desire agency and solidarity among women playing out and playing against their roles in a patrilineal society Most often she shows sisters are destabilizing figures in narratives about family crisis where property patrimony and the resilience of community boundaries are at risk Kalmanofsky demonstrates that the particular role of sisters had important narrative effects revealing previously underappreciated dynamics in Israelite society

**Gate** Naomi Kritzer, 2005-04-26 From the acclaimed author of *Fires of the Faithful* comes the tale of an impetuous young woman freeborn in a world of slavery and magic Twenty year old Lauria is the favorite aide to Kyros a powerful military officer On his authority she is messenger observer and spy But now she is entrusted with a mission more dangerous than any that have come before After years of relative peace word has come to Kyros's compound that the bandit tribe known as the Alashi is planning an offensive It is up to Lauria to infiltrate the Alashi by posing as an escaped slave a charge that requires she serve in the household of a neighboring officer From there she will stage an escape and continue on in her guise as a runaway But posing as a slave a virgin concubine no less may prove the least of her troubles For even if she does escape and the Alashi do accept her how can this freeborn woman convince them she is slave not spy And worse what if her own views are gradually changing calling everything she believes about her world into question *Malta* Great Britain. Malta Royal Commission, 1931, Great Britain. Royal Commission on Malta, 1912 *Mary MacKillop 1873* Sheila McCreanor, 2017-12-31 This is the sixth collection to be published It focusses on the time not long after Mary MacKillop's excommunication when she was encouraged to go to Rome to seek approval for the Rule of the Sisters of St Joseph Mary set off alone travelling incognito with little money and no knowledge of where to stay or how she would travel Her letters and her diary during 1873 show her amazing trust in the Providence of God as well as her very human feelings of loneliness her worry about the Sisters back in Australia and her delight in visiting the holy places especially St Peter's Basilica Little did Mary MacKillop dream that in 2010 thousands would gather in St Peter's Square to see her photo hanging from the Basilica as she was proclaimed a Saint by Pope Benedict XVI **Daughter of Darkness** V.C. Andrews, 2010-10-26 When I was a little girl Daddy told me never to fear the dark We exist because of the darkness he told me All of you are daughters of darkness Beloved bestselling author V C Andrews's passion for vampires comes to spellbinding life in a long awaited novel of dark desires as all consuming and forbidden as in *Flowers in the Attic* One night with the sound of a young man's scream high school senior Lorelei discovers that her stern but loving father who adopted Lorelei and her sisters as infants is no ordinary man He has raised his beautiful girls for one purpose to lure young men into their world of shadows Like her sisters Lorelei has been trained in the art of seduction and warned never to fall in love But when she meets a handsome and charming classmate she boldly defies her family and follows her heart even if love is a poison Dangerously enticing and deliriously intoxicating V C Andrews's *Daughter of Darkness* will leave readers thirsting for more **The Promise of Despair** Andrew Root, 2010-03-01 Where is God present in the world What hope does the church offer to folks who are struggling with death and despair in their many forms from broken relationships to lost jobs to the seeming lack of meaning in our late modern context Some answer these questions by pointing to churches that have had success in growing their worship services and ministries But Andrew Root invites us to answer the questions from a different angle Rather than place primary focus on creating a successful church he asks the church to open its eyes to the suffering and hopelessness of the world to identify with and embrace it because it is

precisely in the world's suffering that God is found Using Luther's theology of the cross as a lens Root shows how the church's willingness to become weak for the world's sake results in a refocusing of Christian living and ministry which he examines through the categories of discipleship authentic hope community justice and resurrection Thus as with the other books in the Living Theology series this book brings theology to bear on life in suggestive and provocative ways encouraging readers to think theologically about their specific contexts

**Living in God's Providence: History of the Congregation of Divine Providence of San Antonio, Texas, 1943-2000** Mary Christine Morkovsky, CDP, 2009-06-29 In 1943 the bell attached to a rope on both floors of a plain box like convent in Houston Texas rang at 5 a m The nine Sisters of Divine Providence stationed at the grade school arose reciting aloud the traditional prayer that began Live Jesus in my heart My God I give you my heart Mercifully deign to receive it and grant that no creature shall possess it but Thou alone Continuing to pray aloud for five more minutes the Sisters who shared small bedrooms began to dress All had developed in their novitiate a rhythm for this process which launched each day in a uniform way Over 20 items of dress had to be donned in a certain order Before Morning Prayer at 5 25 in the small chapel on the first floor the Sisters also stripped their single beds flipped the thin mattresses and replaced the bed linens trying not to invade a companion's limited space Usually it was still dark outside when they started to recite morning prayers unique to the Congregation This was followed by chanting in Latin on one tone Matins Lauds Prime Tierce Sext and None from the Little Office of the Blessed Virgin Mary Then the superior read aloud some points for reflection and the Sisters meditated in silence for half an hour This was the first time of the day they had some relatively unstructured time and they sometimes experienced distractions Perhaps they planned how to teach something better or recalled problematic students At 6 30 one of the parish priests offered Mass which was followed by breakfast The Sisters ate in silence while one of them read passages from the Imitation of Christ By 8 a m they were leading their pupils across the playground to the children's daily Mass in the parish church In sharp contrast in 1990 Sister Mary Walter Gutowski CDP one of two Sisters living in a small apartment was the administrator of Our Lady of Guadalupe clinic for low income Latinos and African Americans in Rosenberg Texas Sister Walter who was credited with having delivered more than 3 000 babies under difficult rural circumstances once remarked When someone knocks at my door in the middle of the night I get dressed in two minutes flat because I never know what will be waiting for me outside 1 What explains this dramatic change of style and ritual in the routines of Catholic Sisters living in mission houses How did the Sisters move from cloisters to apartments How did the rigid routines of the nine Sisters of 1943 transmute into the singular and unstructured life of Sister Mary Walter What are the connections between the bell that rang at five in the morning and the one that sounded at any hour This history examines the period of 1943 to 2000 an era during which the Sisters of Divine Providence redefined their perspective and practices within the context of a changing American Catholic church It demonstrates that the Sisters were well situated to embrace the

shifting demands of religious mission because their very heritage was grounded in ongoing transformations Those transformations were played out on a highly charged stage of oppression concerning multi racial relationships one that further prepared the Sisters for the intense dynamics of modern church life When the Sisters celebrated in 1966 the centennial of their arrival in Texas they were staffing their own college high schools and numerous grammar schools in several states as well as hospitals clinics and neighborhood centers They had incorporated a group of women from Mexico and encouraged the independence of a new Providence congregation in the U S Responding to Vatican encouragement after the second Vatican Council they began experiments to update structures and customs so as minister more effectively The most visible were in the areas of community living and governance and were accompanied by greater collegiality subsidiarity variety in prayer
