9 and 11 Kim H. Veltman, 2015-02-23 This is an unlikely story of true events The Day that changed the World in the United States bombing of the Twin Towers the Day of Fate in Germany and the Day of Destiny in Israel are all connected with the 11th day of the 9th month These 9 11 dates entail much more than three events in three countries In the Hebrew tradition they include all the calamities that have befallen the Jews from the time of the Destruction of the First Temple and Second Temple the Expulsion of the Jews from England France Spain through to the Holocaust in World War II These events are in turn part of a larger history which linked the same date with cosmic events such as a day of Cosmic Battle and the Birth of Venus and gave special significance to the numbers 9 and 11 Part one explores this tradition and surveys a range of sources from a former German officer involved in the plot against Hitler to various conspiracy theories These events are also related to swastikas and hexagrams Since World War II there has been a trend to associate swastikas with an evil German Aryan tradition and hexagrams e g six pointed Star of David with a good Jewish Semitic tradition Historically a Jewish connection with the Star of David is late Mediaeval rather than Biblical Swastikas and hexagrams are found in both the Aryan and the Semitic tradition Hence the new trend distorts a complex history More disturbingly in the guise of tolerance and political correctness one version of stories is highlighted others are being suppressed and truth is endangered [The 9/11 Encyclopedia](#) Stephen E. While Europe Slept Bruce Bawer, 2007-09-11 The struggle for the soul of Europe today is every bit as dire and consequential as it was in the 1930s Then in Weimar Germany the center did not hold and the light of civilization nearly went out Today the continent has entered yet another Weimar moment Will Europeans rise to the challenge posed by radical Islam or will they cave in once again to the extremists As an American living in Europe since 1998 Bruce Bawer has seen this problem up close Across the continent in Amsterdam Oslo Copenhagen Paris Berlin Madrid and Stockholm he encountered large rapidly expanding Muslim enclaves in which women were oppressed and abused homosexuals persecuted and killed infidels threatened and vilified Jews demonized and attacked barbaric traditions such as honor killing and forced marriage widely practiced and freedom of speech and religion firmly repudiated The European political and media establishment turned a blind eye to all this selling out women Jews gays and democratic principles generally even criminalizing free speech in order to pacify the radical Islamists and preserve the illusion of multicultural harmony The few heroic figures who dared to criticize Muslim extremists and speak up for true liberal values were systematically slandered as fascist bigots Witnessing the disgraceful reaction of Europe's elites to 9 11 to the terrorist attacks on Madrid Beslan and London and to the wars in Afghanistan and Iraq Bawer concluded that Europe was heading inexorably down a path to cultural suicide Europe's Muslim communities are powder kegs brimming with an alienation born of the immigrants deep antagonism toward an infidel society that rejects them and

compounded by misguided immigration policies that enforce their segregation and empower the extremists in their midst The mounting crisis produced by these deeply perverse and irresponsible policies finally burst onto our television screens in October 2005 as Paris and other European cities erupted in flames WHILE EUROPE SLEPT is the story of one American s experience in Europe before and after 9 11 and of his many arguments with Europeans about the dangers of militant Islam and America s role in combating it This brave and invaluable book with its riveting combination of eye opening reportage and blunt incisive analysis is essential reading for anyone concerned about the fate of Europe and what it portends for the United States

Conspiracy Tom Phillips, Jonn Elledge, 2022-07-07

Uproarious Phillips and Elledge pair the abundant good humour of this book with a warning about the corrosive effects of conspiracy theories The Times From the Satanic Panic to the anti vaxx movement the moon landing to Pizzagate it s always been human nature to believe we re being lied to by the powers that be and sometimes to be fair we absolutely are But while it can be fun to indulge in a bit of Deep State banter on the group chat recent times have shown us that some of these theories have taken on a life of their own and in our dogged quest for the truth it appears we might actually be doing it some damage In Conspiracy Tom Phillips and Jonn Elledge take us on a fascinating insightful and often hilarious journey through conspiracy theories old and new to try and answer a vital question for our times how can we learn to log off the QAnon message boards and start trusting hard evidence again Praise for the Brief History series Witty entertaining and slightly distressing You should probably read it Sarah Knight author of The Life Changing Magic of Not Giving a F ck Brilliant Utterly utterly brilliant Jeremy Clarkson Very funny Mark Watson Both readable and entertaining Telegraph

Decline & Fall Bruce S. Thornton, 2007-11-13

Once a colossus dominating the globe Europe today is a doddering convalescent Sluggish economic growth high unemployment an addiction to expensive social welfare entitlements a dwindling birth rate among native Europeans and most important an increasing Islamic immigrant population chronically underemployed yet demographically prolific all point to a future in which Europe will be transformed beyond recognition a shrinking museum culture riddled with ever expanding Islamist enclaves Decline and Fall tells the story of this decline by focusing on the larger cultural dysfunctions behind the statistics The abandonment of the Christian tradition that created the West s most cherished ideals a radical secularism evident in Europe s indifference to God and church created a vacuum of belief into which many pseudo religions have poured Scientism fascism communism environmentalism multiculturalism sheer hedonism all have attempted and failed sometimes bloodily to provide Europeans with an alternative to Christianity that can show them what is worth living and dying for Meanwhile a resurgent Islam feeding off the economic and cultural marginalization of European Muslims knows all too well not just what is worth dying for but what is worth killing for Crippled by fashionable self loathing and fantasies of multicultural inclusiveness Europeans have met this threat with capitulation instead of strength appeasement and apologies instead of the demand that immigrants assimilate As Decline and Fall shows Europe s solution to these ills a larger and more powerful European Union simply exacerbates the problems for the EU cannot address the absence of a unifying belief that can spur Europe even to defend itself let alone to recover its lost grandeur As these problems worsen

Europe will face an unappetizing choice between two somber destinies a violent nationalistic or nativist reaction or more likely a long descent into cultural senescence and slow motion suicide
