The Lady's Paladin John DeLaMater, 2019-08-29 The Lady's Paladin A Policeman's Guide for the American Woman and the Western Thinker is interlaced with encouraging helpful information for women of all ages regarding a number of subjects Within its pages women will see their gender from a heightened perspective thereby sensing much greater potential within themselves In this process they will come to better understand men the fine and decent and most notably those to avoid in any relationship Married or single young or old the reader will be taken behind the scenes in police settings and read accounts of tragic incidents some of which could have been prevented DeLaMater skillfully navigates numerous police cases providing the reader with helpful insight to better help her avoid potential pitfalls for herself and loved ones including potentially harmful relationships His vast police experience will keep the reader on the edge of her seat at times and occasionally bring disgust upon learning of officials who failed society through their arrogance incompetence or impotence At the same time he clearly applauds the dedicated competent and hardworking Beyond heart wrenching accounts of tragic events many in which the author was personally involved he effortlessly traverses to romantic stories with a touch of humor Unafraid of self criticism he is likely to bring delightful thought and encouragement to the unsuspecting reader She will surely find in him a kindred spirit and a true friend as his respect for women is clearly visible Humility and deep thought emanate from this read as the author adeptly mixes things up a bit to stimulate the mind all to benefit women in relationships with others including their children Finally this work ties together one's present status with great future potential as it introduces a heartwarming destiny for any woman seeking the most of what life has to offer Yes The Lady's Paladin A Policeman's Guide for the American Woman and the Western Thinker is based on both logic and a compilation of facts and evidence It is truly an eye opening work unlike no other
