Serious and Violent Juvenile Offenders Rolf Loeber, David P. Farrington, 1998-01-27 Detailed and comprehensive this volume presents authoritative discussions by leading scholars on issues surrounding serious and violent juvenile offenders. This population is responsible for a disproportionate percentage of all crime and poses the greatest challenge to juvenile justice policymakers. This volume integrates knowledge about risk and protective prevention programs so that conclusions from each area can inform the other. *Serious & Violent Juvenile Offenders*, 1999 Using an integrative approach this detailed and comprehensive treatment of key issues related to serious and violent juvenile offenders focuses on topics such as race and ethnicity, youth gangs, and prevention and intervention programmes. **Essential Readings in Health Behavior** Mark Edberg, 2010-10-22 Health Behavior Education Promotion **Juvenile Justice** Richard Lawrence, Craig Hemmens, 2008-03-13 Juvenile Justice combines a text with carefully selected accompanying readings. The readings will have a policy orientation giving them a real world applied character. The book contains extensive coverage of the juvenile justice system focusing on law enforcement, court, and correctional responses to juvenile offending with an overview of the causes of delinquency. This unique approach of combining a text and a reader will provide students with an understanding of the juvenile justice system and an introduction to some of the best original research articles by experts in the field. **Never Too Early, Never Too Late** Rolf Loeber, David P. Farrington, 1998 *Less Hype, More Help* Richard A. Mendel, 2000 Details the wealth of new knowledge about the causes and cures for delinquency and youth violence that has been generated by researchers and practitioners over the past 2 decades, including powerful new models that are dramatically reducing recidivism by youthful offenders and the onset of delinquency by high risk youth. Examines 2 popular notions that youth crime is growing worse due to a generation of juvenile superpredators and that adult time for adult crime should be the basis for juvenile crime policy. Looks in detail at our nation's juvenile justice systems and our varied efforts to prevent delinquency and violence. Includes recommendations. Serious and Violent Juvenile Offenders United States.
