## **Sermon As Symphony Preaching The Literary Forms Of The New Testament:**

The Sermon as Symphony Mike Graves, 1997 The Sermon as Symphony examines ten literary forms in the New Testament and illustrates their use in sample sermons from some of today's best known preachers among them Eugene Lowry William Willimon and Frederick Buechner *Preaching the New Testament as Rhetoric* Tim MacBride, 2014-11-05 Since the rise of the New Homiletic a generation ago it has been recognized that sermons not only say something to listeners they also do something A truly expository sermon will seek not merely to say what the biblical text said but also to do what the biblical text did in the lives of its original audience In *Preaching the New Testament as Rhetoric* MacBride looks how at the discipline of rhetorical criticism can help preachers discern the function of a New Testament text in its original setting as a means of crafting a sermon that can function similarly in contemporary contexts Focusing on the letters of Paul he shows how understanding them in light of Greco Roman speech conventions can suggest ways by which preachers can communicate not just the content of the letters but also their function In this way the power of the text itself can be harnessed leading to sermons that inform and most importantly transform Preaching the New Testament Ian Paul, David Wenham, 2013-04-05 The New Testament writers proclaimed their message passionately and persuasively This volume explores how we can preach faithfully from those texts The chapters cover the main texts and genres of the New Testament and offer particular insights into the infancy narratives parables miracles the Sermon on the Mount ethics future hope and judgment archaeology and history hermeneutics and the New Homiletic Building on sound principles of interpretation communication and application this book supports the efforts of preachers and Bible teachers to proclaim the good news to listeners today Contributors include Charles Anderson D A Carson the late R T France Justin Hardin Mariam Kamell I Howard Marshall Jason Maston John Nolland Peter Oakes William Olhausen Klyne Snodgrass Helge Stadelmann Christoph Stenschke Stephen Travis Paul Weston and Stephen Wright The New Interpreter's® Handbook of Preaching, 2010-11-01 The New Interpreter's Handbook of Preaching is a major reference tool for preaching with articles on every facet of Christian sermon preparation and delivery This resource is both scholarly and practical It focuses on the most distinctive feature and greatest strength of homiletics as a discipline It is rooted in interdisciplinary scholarship and it develops theory geared to practice Its theory arises out of the study of both excellent preaching past and present and actual sermon preparation and composition When theory and practice critique each other it is possible to produce guidelines that assist greater excellence and economy in preaching the gospel Excellence in standards is an area in which homiletics needs to grow and this project will be both a means to encourage and develop it A guiding question throughout will be Will it preach The answers will be offered in the sense that here is something that works well rather than here is something to try Preachers will turn to this resource with the expectation that they will find scholarly treatment of topics brief bibliographies of relevant key books and articles along with practical methodological suggestions for preachers to employ The contributors are homileticians

preachers and writers in various disciplines who are committed to the pulpit through practice      **Sermons That Sing** Noel A. **Preaching Through Time** Casey C. Barton, 2017-07-28 As preachers who come to the pulpit before God and before God s people each and every week how do we

make sense of the text as we live a new moment of its ongoing story Most options available to the preacher necessitate a hermeneutical step that requires us to preach outside of time in timeless truths experiences or realities But the gospel is the drama of God appearing to and working with and loving God s people in time Preaching Through Time gives the preacher a timely homiletic for preaching together the times of God s gospel then and now while calling God s people to perform their own roles in today s moment of that gospel drama Anachronism preaching together the moments of God s drama is the language event that will get us from text to timely sermon week by week
