literature and history allowing them to experience firsthand the competing and historically layered ideas about marriage that circulated in the wake of the English Reformation. Read in their entirety these sermons by turns engaging and infuriating resist easy characterization. The edition includes an extended critical introduction to the sermons. In the introduction Robert Matz offers evidence for a view of post Reformation marriage advice that neither overstates nor minimizes historical change. He shows that if some earlier scholars exaggerated the break between Protestant and earlier ideas of marriage so the criticism of this view has sometimes exaggerated the continuities especially with regard to writing about marriage. The introduction also provides biblical theological political and discursive contexts for the sermons including the place of the sermon in English early modern print culture biographies of each of the sermon s authors and an account of the textual differences among the editions of each sermon. The texts follow the spelling and punctuation of the originals. Annotations are provided to identify references gloss words with unfamiliar or altered meanings clarify difficult syntax and mark variations between editions.

The Oxford Handbook of the Early Modern Sermon Peter McCullough, Hugh Adlington, Emma Rhatigan, 2011-08-04 The Oxford Handbook of the Early Modern Sermon is the first book to survey this rich new field for both students and specialists. It is divided into sections devoted to sermon composition delivery and reception sermons in Scotland Ireland and Wales English Sermons 1500 1660 and English Sermons 1660 1720.

Walton's Lives Jessica Martin, 2001 This book argues that Walton s practice in his *Lives* was crucial in shaping modern expectations of biography including issues such as how it should be organized how it should treat evidence how seriously it should regard narrative coherence and most particularly in the modern expectation of an intimate relationship between author reader and subject. Martin considers Walton s biographical ethics in relation to the tributary genres influencing him as they emerged from post Reformation commendatory practice after 1546 most particularly classical funeral oratory and the emergent Protestant funeral sermon the Plutarchan parallel the didactic Character martyrological narrative and finally Walton s direct model the exemplary biographical commemoration of the conformist minister.
