Rampton,2022-01-15 Trafficking with Demons explores how magic was perceived practiced and prohibited in western Europe during the first millennium CE Through the overlapping frameworks of religion ritual and gender Martha Rampton connects early Christian reckonings with pagan magic to later doctrines and dogmas Challenging established views on the role of women in ritual magic during this period Rampton provides a new narrative of the ways in which magic was embedded within the foundational assumptions of western European society informing how people understood the cosmos divinity and their own Christian faith As Rampton shows throughout the first Christian millennium magic was thought to play a natural role within the functioning of the universe and existed within a rational cosmos hierarchically arranged according to a great chain of being Trafficking with the demons of the lower air was the essence of magic Interactions with those demons occurred both in highly formalistic ritual settings and on a routine and casual basis Rampton tracks the competition between pagan magic and Christian belief from the first century CE when it was fiercest through the early Middle Ages as atavistic forms of magic mutated and found sanctuary in the daily habits of the converted peoples and new paganisms entered Europe with their own forms of magic By the year 1000 she concludes many forms of magic had been tamed and were by the reckoning of the elite essentially ineffective as were the women who practiced it and the rituals that attended it **World**

Vision Magazine ,1970 **Messages for All God's Children** Reverend Tony L Moore,2021-07-02 The book you hold in your hands a collection of spiritual object lessons is a labor of love that spans some thirty five years of ministry Sometimes dubbed children s sermons years of experience have taught me that simplified truth has both universal appeal and

application Modeled roughly after the teaching parables of Jesus this two and a half years worth of messages illustrate essential principles of the Christian faith in simplest terms Capitalizing on a childlike curiosity and imagination each lesson uses some common household item to interpret an important biblical truth in a fresh creative and memorable way Recognizing the limited attention span of our youngest worshipers each message can be presented effectively in three to five minutes but may be easily expanded if more interaction is desired Intended to aid the pastor with too many irons in the fire to consistently prepare creative and engaging talks for young minds these lessons also are so detailed that they could just as easily be presented by a layperson In fact should the children s leader be less than comfortable with public speaking the messages are so complete that they could even be read effectively with minimal advance rehearsal But don t let the promised simplicity mislead you the truths presented are profound And while sometimes presented with wit and humor worshipful respect and reverence are always maintained and the integrity of God s Word fiercely preserved But rest assured Art Linkletter was right kids do say the darnedest things So may the Lord bless this resource to the enhancement of your ministry and give you as much fun and satisfaction as it has me 63 *New York Magazine* ,1990-09-17 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea
