These tracts provide a unique perspective on the turbulent world of late Elizabethan theology In addition they lay the doctrinal foundations of the Laws of Ecclesiastical Polity itself and with the excellent commentary of Egil Grislis Professor of Theology at the University of Manitoba in Winnipeg enable us to trace the intellectual formation of sixteenth century England's most innovative and provocative theologian The volume includes a newly discovered letter three newly attributed sermon fragments and analysis by P F Forte of Hooker's distinctive preaching style Art, Literature and Religion in Early Modern Sussex Andrew Hadfield, 2016-04-15 Art Literature and Religion in Early Modern Sussex is an interdisciplinary study of a county at the forefront of religious political and artistic developments in early modern England Ranging from the schism of Reformation to the outbreak of Civil War the volume brings together scholars from the fields of art history religious and intellectual history and English literature to offer new perspectives on early modern Sussex Essays discuss a wide variety of topics the coherence of a county divided between East and West and Catholic and Protestant the art and literary collections of Chichester cathedral communities of Catholic gentry Protestant martyrdom aristocratic education writing preaching and exile local funerary monuments and the progresses of Elizabeth I Contributors include Michael Questier Nigel Llewellyn Caroline Adams Karen Coke and Andrew Foster The collection concludes with an Afterword by Duncan Salkeld University of Chichester This volume extends work done in the 1960s and 70s on early modern Sussex drawing on new work on county and religious identities and setting it into a broad national context The result is a book that not only tells us much about Sussex but which also has a great deal to offer all scholars working in the field of local and regional history and religious change in England as a whole Factionalism and Dissent in an English City Danae Tankard, 2025-02-25 This book is about the political and religious controversies that beset the small English city of Chichester between 1678 and 1685 which intersected with wider political turbulence at the heart of government and in the nation at large This period of seventeenth century English history has been overshadowed by the more dramatic events of the English Civil War and the Glorious Revolution but these years were marked by repeated political crises assassination plots religious persecution and fears of a new civil war Telling this story through the lives of the inhabitants of one city offers an intimate view of how these events played out in a particular locality As much a work of social history as it is of political history this book has the lives of individual men and women at its core The story that unfolds includes a strong cast of characters and has multiple points of high drama it is the individuals and the events they were caught up in that propel the narrative forwards Factionalism and Dissent in an English City makes a significant contribution to the historiography of late Restoration England Its plot and character driven narrative structure also makes the book accessible to a non specialist reader who wants to find out what it might have been like to live through these challenging years Bishops and Power in Early Modern England Marcus K.
