## **Serpent Within Politics Literature And American Individualism:**

**The Serpent Within** Joseph C. Bertolini, 1997 This book examines four key works of American literature to validate a critical analysis of American politics Using a Lockean Hobbesian individualist framework the chosen works offer a window into a uniquely American concept of individuality that has shaped current sociopolitical culture [Vote with a Bullet](#) Sascha Pöhlmann, 2021 Introduction Individual and Society Henry James The Princess Casamassima 1886 Jack London The Assassination Bureau Ltd 1910 63 Robert Penn Warren All the King s Men 1946 Philip K Dick Solar Lottery 1955 Richard Condon The Manchurian Candidate 1959 Loren Singer The Parallax View 1970 Don DeLillo Libra 1988 Stephen King The Dead Zone 1979 Stephen King 11 22 63 2011 Mark Costello Big If 2002 Nicholson Baker Checkpoint 2004 Noah Hawley The Good Father 2012 Conclusion *American Modern(ist) Epic* Adam Nemmers, 2021-10-12 American Modern ist Epic argues that during the 1920s and 30s a cadre of minority novelists revitalized the classic epic form in an effort to recast the United States according to modern diverse and pluralistic grounds Rather than adhere to the reification of static culture as did ancient verse epic in their prose epics Gertrude Stein and John Dos Passos utilized recursion bricolage and polyphony to represent the multifarious immediacy and movement of the modern world Meanwhile H T Tsiang and Richard Wright created absurd and insipid anti heroes for their epics contesting the hegemony of Anglo and capitalist dominance in the United States In all I posit these modern ist epic novels undermined and revised the foundational ideology of the United States contesting notions of individualism progress and racial hegemony while modernizing the epic form in an effort to refound the nation The marriage of this classical form to modernist principles produced transcendent literature and offered a strenuous challenge to the interwar status quo yet ultimately proved a failure longstanding American ideology was simply too fixed and widespread to be entirely dislodged **Reading Embodied Citizenship** Emily Russell, 2011 Reading Embodied Citizenship brings disability to the forefront illuminating its role in constituting what counts as U S citizenship Drawing from major figures in American literature including Mark Twain Flannery O Connor Carson McCullers and David Foster Wallace as well as introducing texts from the emerging canon of disability studies Emily Russell demonstrates the place of disability at the core of American ideals Russell examines literature to explore and unsettle long held assumptions about American citizenship

**The Philosophers' Magazine** , 2005 **Forthcoming Books** Rose Arny, 2003-04 [American Book Publishing Record](#) , 1997-09 *A Companion to American Literature and Culture* Paul Lauter, 2020-09-21 This expansive Companion offers a set of fresh perspectives on the wealth of texts produced in and around what is now the United States Highlights the diverse voices that constitute American literature embracing oral traditions slave narratives regional writing literature of the environment and more Demonstrates that American literature was multicultural before Europeans arrived on the continent and even more so thereafter Offers three distinct paradigms for thinking about American literature focusing on genealogies of American literary study writers and issues and contemporary theories and practices Enables students and researchers to

generate richer more varied and more comprehensive readings of American literature      **2010** Redaktion  
Osnabrück,2011-06-16      *Mexican American Literature* Elizabeth Jacobs,2006-04-18 Presenting an up to date critical perspective as well as a cultural political and historical context this book is an excellent introduction to Mexican American literature affording readers the major novels drama and poetry This volume presents fresh and original readings of major works and with its historiographic and cultural analyses impressively delivers key information to the reader      *Capitalism in America* Alan Greenspan,Adrian Wooldridge,2019-10-15 From the legendary former Fed Chairman and the acclaimed Economist writer and historian the full epic story of America s evolution from a small patchwork of threadbare colonies to the most powerful engine of wealth and innovation the world has ever seen Shortlisted for the 2018 Financial Times and McKinsey Business Book of the Year Award From even the start of his fabled career Alan Greenspan was duly famous for his deep understanding of even the most arcane corners of the American economy and his restless curiosity to know even more To the extent possible he has made a science of understanding how the US economy works almost as a living organism how it grows and changes surges and stalls He has made a particular study of the question of productivity growth at the heart of which is the riddle of innovation Where does innovation come from and how does it spread through a society And why do some eras see the fruits of innovation spread more democratically and others including our own see the opposite In *Capitalism in America* Greenspan distills a lifetime of grappling with these questions into a thrilling and profound master reckoning with the decisive drivers of the US economy over the course of its history In partnership with the celebrated Economist journalist and historian Adrian Wooldridge he unfolds a tale involving vast landscapes titanic figures triumphant breakthroughs enlightenment ideals as well as terrible moral failings Every crucial debate is here from the role of slavery in the antebellum Southern economy to the real impact of FDR s New Deal to America s violent mood swings in its openness to global trade and its impact But to read *Capitalism in America* is above all to be stirred deeply by the extraordinary productive energies unleashed by millions of ordinary Americans that have driven this country to unprecedented heights of power and prosperity At heart the authors argue America s genius has been its unique tolerance for the effects of creative destruction the ceaseless churn of the old giving way to the new driven by new people and new ideas Often messy and painful creative destruction has also lifted almost all Americans to standards of living unimaginable to even the wealthiest citizens of the world a few generations past A sense of justice and human decency demands that those who bear the brunt of the pain of change be protected but America has always accepted more pain for more gain and its vaunted rise cannot otherwise be understood or its challenges faced without recognizing this legacy For now in our time productivity growth has stalled again stirring up the populist furies There s no better moment to apply the lessons of history to the most pressing question we face that of whether the United States will preserve its preeminence or see its leadership pass to other inevitably less democratic powers      **Gertrude Stein and the Making of Literature** Shirley Neuman,1988-06-18      **American Culture in the**

**1920s** Susan Currell,2009-03-21 The 1920s saw the United States rise to its current status as the leading world superpower matched by an emerging cultural dominance that characterized the second half of the twentieth century This book provides an stimulating account of the major cultural and intellectual trends of the decade that have been pivotal to its characterization as the jazz age Currell s book places common representations of the roaring twenties and the lost generation into context through chapters on literature music and performance film and radio and visual art and design alongside the unprecedented rise of leisure and consumption in the 1920s Key Features 3 case studies per chapter featuring key texts genres writers and artists Chronology of 1920s American Culture Bibliographies for each chapter 17 black and white illustrations

**American Literary Scholarship** James Leslie Woodress,1965 **Britannica Concise Encyclopedia** Encyclopaedia Britannica, Inc.,2008-05-01 Britannica Concise Encyclopedia is the perfect resource for information on the people places and events of yesterday and today Students teachers and librarians can find fast facts combined with the quality and accuracy that have made Britannica the brand to trust A tool for both the classroom and the library no other desk reference can compare

*American Women Writers of the 19th Century* Heidi M. Hanrahan,2025-03-17 The nineteenth century was a period of prolific literary production from women writers including figures such as Louisa May Alcott Harriet Jacobs and Zitkala a who played pivotal roles in American literary history Despite facing societal forces aimed at silencing them women writers found ways to assert their voices and contribute to the intellectual and political debates of the era Their works contribute to conversations on a wide range of topics including art gender social reform slavery abolition economic and social inequality national expansion Native American dispossession and the changing identity of the nation Both retrospective and forward looking their written works found diverse audiences of men women and children This book functions as a comprehensive guide to understanding the breadth of nineteenth century women s writing exploring not only the writers and their texts but also the literary periods genres and key cultural historical and social movements that shaped their works By examining these authors impact on American literary traditions and their role in cultural discourse it highlights the lasting relevance of their work in both historical and contemporary contexts

**Maya Angelou** Linda Wagner-Martin,2015-11-19 A comprehensive biographical and critical reading of the works of American poet and memoirist Maya Angelou 1928 2014 Linda Wagner Martin covers all six of Angelou s autobiographies as well as her essay and poetry collections while also exploring Angelou s life as an African American in the United States her career as stage and film performer her thoughtful participation in the Civil Rights actions of the 1960s and her travels abroad in Egypt Africa and Europe In her discussion of Angelou s methods of writing her stunning autobiography which began with the 1970 publication of *I Know Why the Caged Bird Sings* Wagner Martin writes about the influences of the Harlem Writers Group led by James Baldwin Paule Marshall and John O Killens as well as Angelou s significant friendships with Malcolm X Martin Luther King Jr and other leaders from both international and African American United States cultures Crucial

concepts throughout include the role of oral traditions of song and dance of the spiritualism of art based on religious belief of Angelou's voiced rhythms and her polished use of dialogue to convey more abstract meaning Wagner Martin shows that viewing herself as a global citizen Angelou never lost her spirit of adventure and discovery as well as her ability to overcome

**Readers' Guide to Periodical Literature**, 1912      Encyclopedia of Latin American Literature Verity Smith, 1997-03-26

A comprehensive encyclopedic guide to the author's works and topics crucial to the literature of Central and South America and the Caribbean the Encyclopedia of Latin American Literature includes over 400 entries written by experts in the field of Latin American studies Most entries are of 1500 words but the encyclopedia also includes survey articles of up to 10 000 words on the literature of individual countries of the colonial period and of ethnic minorities including the Hispanic communities in the United States Besides presenting and illuminating the traditional canon the encyclopedia also stresses the contribution made by women authors and by contemporary writers Outstanding Reference Source Outstanding Reference Book      Individuality Incorporated Joel Pfister, 2004-02-16 Explores the drive of whites to individualize Indians showing them how they should pursue happiness find the meaning of life and how they should labor
