*Conversations on Animal Life for Young Folks (semi-scientific)* Andrew Jackson Howe, 1897      *Tibetan Book of the Dead* W. Y. Evans-Wentz, 2020-11-18 Derived from a Buddhist funerary text this famous volume s timeless wisdom includes instructions for attaining enlightenment preparing for the process of dying and moving through the various stages of rebirth

The Tibetan Book of the Dead W. Y. Evans-Wentz, 2000-09-28 The Tibetan Book of the Dead is one of the texts that according to legend Padma Sambhava was compelled to hide during his visit to Tibet in the late 8th century The guru hid his books in stones lakes and pillars because the Tibetans of that day and age were somehow unprepared for their teachings Now in the form of the ever popular Tibetan Book of the Dead these teachings are constantly being discovered and rediscovered by Western readers of many different backgrounds a phenomenon which began in 1927 with Oxford s first edition of Dr Evans Wentz s landmark volume While it is traditionally used as a mortuary text to be read or recited in the presence of a dead or dying person this book which relates the whole experience of death and rebirth in three intermediate states of being was originally understood as a guide not only for the dead but also for the living As a contribution to the science of death and dying not to mention the belief in life after death or the belief in rebirth The Tibetan Book of the Dead is unique among the sacred texts of the world for its socio cultural influence in this regard is without comparison This fourth edition features a new foreword afterword and suggested further reading list by Donald S Lopez author of *Prisoners of Shangri La* Tibetan Buddhism and the West Lopez traces the whole history of the late Evans Wentz s three earlier editions of this book fully considering the work of contributors to previous editions C G Jung among them the sections that were added by Evans Wentz along the way the questions surrounding the book s translation and finally the volume s profound importance in engendering both popular and academic interest in the religion and culture of Tibet Another key theme that Lopez addresses is the changing nature of this book s audience from the prewar theosophists to the beat poets to the hippies to contemporary exponents of the hospice movement and what these audiences have found or sought in its very old pages

*The Hunters of the Hills: A Story of the Great French and Indian War* Joseph Alexander Altsheler, 2020-09-28 A canoe containing two boys and a man was moving slowly on one of the little lakes in the great northern wilderness of what is now the State of New York The water a brilliant blue under skies of the same intense sapphire tint rippled away gently on either side of the prow or rose in heaps of glittering bubbles as the paddles were lifted for a new stroke Vast masses of dense foliage in the tender green of early spring crowned the high banks of the lake on every side The eye found no break anywhere Only the pink or delicate red of a wild flower just bursting into bloom varied the solid expanse of emerald walls and save for the canoe and a bird of prey darting in a streak of silver for a fish the surface of the water was lone and silent The three who used the paddles were individual and unlike none of them bearing any resemblance to the other two The man sat in the stern He was of middle years built very powerfully and with muscles and sinews developed to an amazing degree His face in childhood quite fair had been burned almost as brown as that of an Indian by long exposure He was clothed wholly in tanned deerskin adorned with many little colored beads A hatchet and knife were in the broad belt at his waist and a long rifle lay at his feet His face was fine and open and he would have been noticed anywhere But the eyes of the curious would surely have rested first upon the two youths with him One was back of the canoe s center on the right side and the other was forward on the left The weight of the three occupants was balanced so nicely that their delicate craft floated on a perfectly even keel The lad near the prow was an Indian of a nobler type than is often seen in these later days when he has been deprived of the native surroundings that fit him like the setting of a gem The Indian although several years short of full manhood was tall with limbs slender as was usual in his kind but his shoulders were broad and his chest wide and deep His color was a light copper the tint verging toward red and his face was illumined wonderfully by black eyes that often flashed with a lofty look of courage and pride The young warrior Tayoga a coming chief of the clan of the Bear of the nation Onondaga of the League of the Hodenosaunee known to white men as the Iroquois was in all the wild splendor of full forest attire His headdress gustoweh was the product of long and careful labor It was a splint arch curving over the head and crossed by another arch from side to side the whole inclosed by a cap of fine network fastened with a silver band From the crest like the plume of a Roman knight a cluster of pure white feathers hung and on the side of it a white feather of uncommon size projected upward and backward the end of the feather set in a little tube which revolved with the wind the whole imparting a further air of distinction to his strong and haughty countenance J.A.
