**From Art Nouveau to Surrealism** Nathalie Aubert,2017-07-05 This volume of edited essays is the first one in English to offer a critical overview of the specific features of Belgian modernity from 1880 to 1940 in a multiplicity of disciplines literature and poetry politics music photography and drama The first half of the book investigates the roots of twentieth century modernity in Belgian fin de siecle across a variety of genres novel poetry and drama not only within but also beyond the boundaries of Symbolism The contributors go on to examine the explosion of Belgian culture on the international scene with the rise of the avant gardes notably Surrealism and the contribution made in minor genres such as the popular novels of Simenon and Jean Ray and the Tintin comics of Herge     Art Nouveau Jeremy Howard,1996 This critical survey of the Art Nouveau movement reveals the diversity of this style across the breadth of the European continent With the inclusion of

Eastern Europe and the full range of artistic media the book shows how this movement changed the face of European art and design from Paris to Prague Clearly structured by country it traces the emergence of Art Nouveau highlighting the particular interpretations of the style in each country Countries covered include Belgium Spain Britain Austria Hungary and Russia Each chapter contains sections on political and cultural contexts specific visual characteristics and key artists and designers It analyzes the contribution of both well known artists and designers such as Gaudi Van de Velde Mackintosh and Mucha and brings to light many others whose contributions have been largely inaccessible With a bibliography and glossary this text should provide a useful introduction to this subject     Art Nouveau Jean Lahor,2023-12-28 Art Nouveau gives a name to the decorative and architectural style developed in the 1880s and 1890s in the West Born in reaction to the Industrial Revolution and to the creative vacuum it left behind Art Nouveau was at the heart of a renaissance in the decorative arts The primary objective of the movement was the creation of a new aesthetic of nature through a return to the study of natural subjects In order to achieve this artists such as Gustav Klimt Koloman Moser Antoni Gaud Jan Toorop and William Morris favoured innovation in technique and novelty of forms After its triumph at the Paris Universal Exposition in 1900 the trend continued and has inspired many artists ever since Art Deco the successor of Art Nouveau appeared after World War II     The Art
