Raising Up Servant Ministry Adair T. Lummis, D. Barry Menuez, John T. Docker, Episcopal Church. Permanent Diaconate Evaluation Committee, 1985*

Priesthood in a New Millennium R. David Cox, 2004 This important book examines priestly identity as it has evolved within Anglicanism over the last 15 years including the ways in which the once nearly synonymous terms English and Anglican diverged over the years In the process the author delineates an intellectual and social history of modern Anglicanism

Church Michael G. Lawler, Thomas J. Shanahan, 1995 It is taken for granted today among theologians that the principal achievement of the Second Vatican Council was its Dogmatic Constitution on the Church *Lumen Gentium* It is beginning to be equally taken for granted that the core of this central document is its vision of Church as communion Communion Pope John Paul II has said is the very mystery of the Church Church A Spirited Communion grows out of the ecclesiology of the Council as a systematic treatment of this notion of communion Church A Spirited Communion is not however a book only about the Church It is a book about the God whom Christians confess as Triune who calls the Church into existence and who seeks its commitment in every age It is a book about the Church only to the extent that the Church is in communion with this God To the extent that it is a book which is primarily theo logical and only secondarily ecclesio logical it is a book which adheres to God rather than to men and summons the Church to do the same

Feminization of the Clergy in America Paula D. Nesbitt, 1997 Recent years have seen the entry of large numbers of women into the ordained clergy of Protestant churches Nesbitt here analyzes the extent to which the large scale entry of women into the ministry has affected the occupation

"Toward Full Communion" and "Concordat of Agreement" William A. Norgren, William G. Rusch, 2001-09-10 The challenge before the Episcopal Church in the United States and the Evangelical Lutheran Church in America is one of careful study and evaluation of the work and recommendations of this dialogue The work of this series of dialogues offers possibilities to these two churches and to all churches committed to the ecumenical movement to move beyond their present separation and disunity toward full

communion but not structural merger It is in this spirit that the dialogue offers its work to the churches

Priest of the Church or Priest of a Church? Noel Cox, 2021-03-25 The development of new forms of ministry lay and ordained has included worker priests now found in the Anglican Communion in a related form variously called Self Supporting Ministry SSM or Non Stipendiary Ministry NSM This book focuses on one of the most recent developments the creation of Ordained Local Ministry After chapters that consider preliminary questions of the nature of ministry such as authority in the church and Holy Orders Noel Cox argues that the crucial distinction between these and other forms of ministry is that the Ordained Local Minister OLM is overtly ordained specifically for a given locality variously defined they are a deacon or priest for a specific church parish benefice or deanery rather than of the universal church Their introduction inevitably raises difficult ecclesiological questions which Cox examines

The Diaconate in Ecumenical Perspective Frederick C. (Fritz) Bauerschmidt, Anne Keffer, Maylanne Maybee, George E. Newman, Alison Peden, Josephine (Phina) Borgeson, Rosalind Brown, Brian A. Butcher, David Clark, Susanne Watson Epting, Gloria Marie Jones, E. Louise Williams, 2019-08-01 A discussion of the historical development of the order of deacons its theological basis in the Western and Eastern Churches and the relevance and significance of the diaconate for the Church in the twenty first century

The Episcopal Church in Crisis John Booty, 1988

Understanding the Diaconate W. Shawn McKnight, 2018-07-13 What is a deacon More than fifty years since the restoration of the permanent diaconate by the Second Vatican Council the office of deacon is still in need of greater specificity about its purpose and place within the mission and organizational structure of the Church While the Church is more than a social reality the Church nonetheless has a social reality Our understanding of the diaconate therefore benefits from a theological discussion of the divine element of the Church and a sociological examination of the human element

Understanding the Diaconate adds the resources of sociology and anthropology to the theological sources of scripture liturgy patristic era texts theologians and magisterial teachings to conclude that the deacon can be understood as social intermediary and symbol of *communitas* who serves the participation of the laity in the life and mission of the Church This research proposes the deacon as a servant of the bond of communion within the Church facilitating the relationship between the bishop priest and his people and between the People of God and the individual in need Thus authentic diaconal ministry includes a vast array of many concrete contexts of pastoral importance where one does more than simply serve at Mass

Reflections on the Theology of Richard Hooker John E. Booty, 1998

The Diaconate James Monroe Barnett, 1995-01-01 This book is a highly readable comprehensive study that has established itself as the definitive work on the diaconate Drawing upon original sources the book provides valuable insights into the development of the office of the deacon in the early church and situates it within the context of the church's total ministry Dr Barnett contends that a radical change in the nature and understanding of the church's ministry took place in the fourth century A ministry that had included the whole people of God in a horizontal organic structure gave way to one that was clerical and hierarchical This change among other

factors eventually transformed the diaconate into an inconsequential transitional office on the way to the priesthood Responding to the present day revival of the diaconate in the Roman Catholic Episcopal Lutheran and other churches Barnett calls for a restoration of the office to its original place as full and equal order thus re creating the great symbol of the servant ministry that Christ gave to all the church James Monroe Barnett now living in retirement in Omaha is the former rector of Trinity Episcopal Church Norfolk NE

Unexpected Consequences Susanne Watson Epting, 2015-05-01 A critical look at the diaconate in the Episcopal Church Times change and the Order of Deacons in the Episcopal Church has not remained static While the book seeks to update contemporary knowledge about deacons it also shows how the diaconate may be well positioned to lead the church into change that cuts across governance formation and ministry While the institutional church struggles with its structure and purpose working to change its reality and perception the book suggests that there are diaconal leaders who have been working all along for this kind of change The book chronicles ways in which one church order has grown matured adapted adjusted and is as effective as it is because of its dynamic nature It is hoped that other orders might learn from the importance of being adaptable contextual and baptismal while highlighting the primary lens deacons look through as they seek to fulfill what the church has called them to do

Church and Religious 'Other' Gerard Mannion, 2008-09-25 This volume brings together the prestigious speakers at the inaugural Church in Our Times Lecture Series at Liverpool Hope throughout the first 4 months of 2006 and invited contributors from and addressing wider international contexts Africa Sri Lanka India and the United States The volume explores themes such as questions of ecclesial and religious identity in these post modern times the advent of neo exclusivism divisions within the contemporary Roman Catholic and Anglicans churches inter faith relations and dialogue questions of sexuality and Christian ministry contemporary understandings of ecclesial authority teaching and tradition the inter relation between the church and the kingdom of God today an Asian appraisal of Pope Benedict s first sermon inculturation and the rhetoric and reality of the notion of Church as Christianity s most distinctive and defining feature and constructive proposals for ecumenical ways forward in the future The commonality and coherence of the papers along with the manner in which a number of them together contribute towards making a cumulative case upon similar issues of concern for the church in our times constitute a major strength of this collection This volume will interest faculty and students engaged in the study of the contemporary church ecumenism global Christianity secularity and inter religious dialogue as well as appealing to ministers and pastors as well as the general reader excited by the most pressing debates pertaining to the church in these times

Inferior Office Francis Young, 2015-04-30 In spite of the centrality of the threefold orders of bishop priest and deacon to Anglicanism deacons have been virtually invisible in the contemporary Church of England Inferior Office is the first complete history of this neglected portion of the clergy tracing the church s changing theology of the diaconate from the Ordinal of 1550 to the present day Francis Young skilfully overturns the widely held belief that before the twentieth century the diaconate was

merely a brief and nominal period of probation for priests revealing how it became an integral part of the Elizabethan defence of conformity and exploring the diverse range of ministries assumed by lifelong deacons in the seventeenth and eighteenth centuries Lifelong deacons often belonged to a marginalised lower class of the clergy that has since been forgotten an oversight of considerable importance to the wider social history of the clergy that is corrected in this volume Inferior Office tells the story of persistent calls for the revival of a distinctive diaconate within the Victorian Church of England and situates the institution of deaconesses and later revival of the distinctive diaconate for women as well as subsequent developments within their wider historical context Set against this backdrop Young presents a balanced case both for and against the further development of a distinctive diaconate today offering much to further discussion and debate amongst clergy of the Church of England and all those with an interest in the rich tapestry of its history
