works of many authors including Noel Coward Arthur Miller Eugene Ionesco and Samuel Beckett He compares the original reception of these dramatists with the treatment they were given in Spain However his study is also a reassessment of the Spanish drama of the period Dr London argues that only by tracing the reception of non Spanish drama can we understand the praise lavished on playwrights such as Antonio Buero Vallejo and Alfonso Sastre alongside the simultaneous rejection of Spanish avant garde styles A concluding reinterpretation of the early plays of Fernando Arrabal indicates the richness of an alternative route largely ignored in histories of Spanish theatre
